IMPORTANCE OF SUPREME COURT

New Judge to Be Chosen Under the New Non-Partisan Law.

JUDGE GUSTAV A. ENDLICH

A Writer of Many Books of the Law, a Jurist of Long Experience and of High Authority and Standing, One of the Candidates.

JUDGE GUSTAV A. ENDLICH.

Among the state officers to be chosen at this year's election is that of judge of the supreme court to fill the vacancy caused by the expiration of the term of Chief Justice D. Newlin Fell. The office of judge of the supreme court is in some respects the most important in the state. The term is twenty-one years, more than five times that of any other state official. The supreme court has greatest power and authority than any other part of the state government. As its name indicates, it is "supreme." On constitutional grounds it can set aside the acts of the legislative and executive branches of the government and on an appeal reverse the decision of any other court in the state. It is the final arbiter of all disputes, whether it be of the governor or of any of the great questions of trade, commerce and industry which become the subject of litigation.

A New Way of Choosing.

In the early history of the state the judges of the supreme court were appointed by the governor. Later the office was made elective and they were chosen by the people from the nominees of political parties, made at state conventions.

This year, for the first time, the experiment is to be made of nominating and electing a judge of this court directly by the people and by a non-partisan vote. The nomination will be made at the primary on May 19. The names of those who have presented petitions qualifying them to be enrolled as candidates will be printed upon a separate ballot, without any partisan designation, and every qualified voter, of whatever party, regardless of his previous party record or affiliations, will be entitled to vote for one of the candidates upon the ballot, and the two receiving the highest number of votes will be the candidates to be voted for at the general election; or if one of the candidates at the primary receives more than half of all the votes cast such candidate will be the sole nominee and will be really elected at the primary.

Judge Endlich a Candidate.

Among the candidates who are being presented for the nomination at the primary is Judge Gustav A. Endlich, now president judge of the court of common pleas of Berks county, whose name will be placed upon the ballot in pursuance of petitions from many counties of the state and who has received the individual endorsement and recommendation of many thousands of lawyers, business men and citizens throughout the commonwealth, as well as the endorsement of many public bodies and representative organizations.

Judge Endlich has had a notable and distinguished career and made his mark upon the judicial and legal annals of the state. He was born in Berks county, Jan. 29, 1856, was educated at home, in Germany, where his father was employed for a time in the United States consular service, and at Princeton university, where he graduated with high honors in 1875. He studied law in Reading and began practice in 1877.

A Writer of Many Law Books.

From the time of his admission to the bar, practicing in the courts of common pleas, the state supreme court and the supreme court of the United States, he began to show his quality as a lawyer and to attract the favorable notice of the public and the profession. He early combined practice of the law with legal authorship, and before his elevation to the bench had written and published the following law books:

The funeral services were held Sunday a. m. 8 o'clock at the house and one o'clock at the church near Sporting Hill, interment in the adjoining cemetery.

The church of the Brethren held their usual morning services last Sunday owing to having four applicants to be taken into church. Appropriate services were held for baptizing, officiated by Rev. Hiram Kayler who also did the baptizing about 12:30 p. m. in the small dam at the Rev. Daniel Eshleman farm. A large crowd assembled on the banks of the Elm Dale creek to witness it.

For Representative, General Assembly of Pennsylvania Winfield L. Heisey. Mr. Heisey is the founder of Rheems, has filled various township offices. We all know he was on hand when there was anything doing. A sincere school teacher, thoroughly acquainted with the Laws of Pennsylvania, we can assure you if elected he will be like the little fellow who could not be seen but always managed to be heard there are few men throughout the county as popular as Winfield L. Heisey.

SHOULD ADVERTISE IN THE BULLETIN

In this season of the mistletoe, when the "Peace and Good Will" is upon everyone's lips, let us consider it from the angle of business.

Peace can come to the business man only when he has developed his business to a point where he feels certain that coming profits will more than cover coming obligations.

Good will, briefly, is the value of the reputation he has acquired, together with the important feature of latitude.

To insure "Peace" and to develop "Good Will" advertise in the Bulletin.

Koch Gets 4 Years

Never was a more pathetic story told on the witness stand than that of Mrs. Wm. E. Kerster of 236 East New street, who yesterday afternoon in quarter sessions court before Judge Hassler, detailed a criminal assault made upon her by Wm. Koch in broad daylight.

Koch was called for sentence. After entering a plea of guilty, Judge Hassler sent him to prison for a term of four years.

Koch is a native of this place, and is a son of the late Fred Koch, the family having formerly lived here.

OLIVESE comes direct—canned in Italy—from the old Italian orchards and is prepared by the old methods.

If you do not find OLIVESE to be of the highest possible quality—or if for any reason you do not find it entirely satisfactory—you may have your money back without question.
