THIS IS PENROSEISM

"I do not know much about the tariff, but I know this much, when we buy manufactured goods abroad we get the goods and the foreigner gets the money. When we buy the manufactured goods at home we get both the goods and the money" Abraham Lincoln.

They are both needed in the United States Senate. Will you help to keep them there?

## Penroseism and the Lancaster County Farmer

Senator Penrose championed the interests of the Lancaster County Farmer in

Free Tobacco from the Philippines, Free Meats and Corn from Argentine,

Free Oats from Canada, Free Eggs from New Zealand,

Free Poultly from Asiatic Countries. They are cutting a big figure in the prices of Lancaster County Farm Products, and will cut a bigger one in the future if free trade is to be a permanent policy.

#### Penroseism and the Manufacturer of Lancaster County

Senator Penrose has always fought the battles of the Lancaster County Manufacturer against cheap labor and foreign competition-a competition which you, Mr. Manufacturer, are feeling now and which you will feel to a greater extent in the future. Will you have it continued indefinitely by assisting in the election of a Free Trade Democrat to represent Pennsyl. vania in the United States Senate?

### Penroseism and the Lancaster County Mechanic and Working Man

Senator Penrose has always opposed a policy of admitting Cigars, Umbrellas, Watches, Linoleum, Silks and the many pro ducts of Lancaster County Factories free of duty-a policy which would eventually place the labor engaged in such manufacturing on a level with the low standard of fore ign countries. Are you willing to accept the wages and living standard of the fore. ign workman, Mr. Mechanic and Working
