**SUCCESSFUL** farmers are no longer asking, "Shall I buy an engine?" They have passed that point and now inquire, "Which engine shall I buy?"

A little careful observation will show that International Harvester engines are the most satisfactory. No doubt is left when features like the following are studied: Detachable valve guides, offset cylinder head, fuel pump, split-hub fly-wheels, extra large intake and exhaust valves, etc.

Ask the men who have used IHC engines. That is the best test. They will explain the excellence of IHC construction, simplicity, strength and durability. Study the engines yourself at the nearest dealer's where International Harvester engines are sold. They are made in all styles, and range in size from 1 to 50-H. P. They operate on low and high grade fuels.

Write for our interesting and instructive catalogues, and when we send them we will tell you where the engines may be seen. A postal will do.

**How to Vote for Judge.**  
Any voter who did not vote his party ticket at the last election need not hesitate to go to the polls to vote for his choice of the candidates for Judge. He will not be asked any questions and he need not say by affidavit or otherwise how he voted at the last election.

None of the candidates for Judge will be on the ticket of any party, because the new law makes the office non-partisan and the voter must choose only between the men named for the office without regard to any party. The two candidates at the primary election on May 19 who receive the highest number of votes will be the candidates at the general election in November and if one of them receives more than half of all the votes cast at the primary his name will be the only one on the ballot at the November election and all others will be dropped.

The primary election is made more important than ever and it is the duty as well as the privilege of every one favoring the re-election of Judge Trexler to attend the primary and cast a vote in his favor.

Pittsburg—During the last several weeks Judge Frank M. Trexler of Allentown, a candidate for the position he now occupies in the Superior Court of Pennsylvania, has been meeting many people and receiving many expressions of encouragement and support. Judge Trexler is so busy with the sessions of the Superior Court that if any campaigning is to be done for him it will have to be done by his friends.

Dead After Eating Dog's Heart.  
Chicago—A coroner's jury found that Fred Voelst died from eating the fried heart of his pet dog, which he had killed.

Chickies Park Opening  
Chickies Park will be formally opened on Memorial Day, with a public dance, afternoon and evening. Music by Krodell's orchestra. A number of improvements have been made to the park, and with the reduced fare, it will no doubt have a most successful season. A large number of picnics have already been booked.

WHY MOUNT JOY MERCHANTS SHOULD ADVERTISE IN THE BULLETIN  
Abraham Lincoln said: "I do not know much about the tariff, but I know this much; when we buy goods abroad we get the goods and the foreigner gets the money; when we buy goods made at home, we get both the goods and the money."

Those who get the "lion's share" of Mount Joy business are advertisers in the Bulletin.

## COURT FIGHT IS GETTING WARM

Men Out for Two Higher Judges Baiting Hard

TREXLER LOOKS VERY GOOD

Allentown Man in Pittsburgh Makes a Great Impression on Those Who Have Watched His Work as a Member of the State Superior Court.

Allentown, May 5.—With an experience of eleven years to his credit on the bench of his home county of Lehigh, Judge Frank M. Trexler of Allentown is admirably equipped to succeed himself for a full term on the Superior Court bench of Pennsylvania, where he is now serving as successor to the late ex-Governor James A. Beaver.

Always a student, and possessed of a naturally judicial mind, Judge Trexler made a record on his home bench seldom equaled. Now, at the age of 53, he is in the zenith of his powers and is qualified to give the best fruition of his logical intellect to the service of his State. Judge Trexler is not one of those to whom can be ascribed the impatience of the people with the law's delays. His keen mind ever seeks the essence and truth of a question, and he is not a stickler for technicalities. His forte is the kernel of the question from the standpoint of justice and equity. He will quickly cut a legal tangle with the sword of common sense.

In addition to disposing of his judicial work, Judge Trexler has always found plenty of time to aid in the moral and social uplift of his fellow men.

His interest in the public welfare in general is indicated by the fact that he helped to organize the Lehigh Valley Child Helping Conference, and he also assisted in the organization of the Pennsylvania Juvenile Court Association, of which he is the president.

From every section of Pennsylvania, especially from lawyers and ministers of the Gospel, assurance of support for a full term are coming to Judge Trexler, who was named to the Superior Court as the successor of the late ex-Governor James A. Beaver. Judge Trexler is known and respected the length and breadth of the State for the good work he did during the eleven years he was on the Common Pleas Bench of his native county of Lehigh.

Ruhl—Kissinger  
On Saturday evening at the United Brethren parsonage, Manheim, Oscar E. Ruhl, son of Mr. and Mrs. Jacob Ruhl of near Mastersonville, Rapho township, and Miss Ruth B. Kissinger, daughter of Mr. and Mrs. Levi Kissinger of East Petersburg, were united in marriage by the Rev. H. J. Behney. They were unattended.

Gilbert Smith died at his home in Columbia from the effects of a paralytic stroke, aged 69 years.

Henry H. Ober, Jr., son of Prof. and Mrs. R. K. Ober, died at 9:15 Thursday morning at the home of his parents in Elizabethtown, after a short illness, aged ten months and eleven days. Besides the parents, one brother and two sisters survive.
