THE TRUTH ABOUT **OLIVE OIL**

Spout arrangement fully patented There are a number of

"Pure" Olive Oils on the market to-day. All the pure olive oils, however, are not First Quality olive oils! Simply to know that you are buying an olive oil marked "pure" is not enough. The fact that an olive oil is pure does not necessarily imply that it is fit for human consumption. There are several different grades of olive oils, regardless of their purity. There is but one grade of . olive oil that should ever be used for table use or for medi-

cinal purposes; that is the first pressing of hand picked, carefully selected olives.

When you buy a can of OLIVESE you secure the HIGHEST GRADE Olive Oil that can be had at any price.
