The New Borough Lines Were Decided Upon--Buildings and Sites Being Offered for Industrial Purposes

The Primary Election The Democrats Had a Lively Time Yesterday

Boies Penrose was nominated as the Republican candidate for election for the United States Senate from Pennsylvania. Incomplete returns indicate that Penrose defeated J. Benj. Dimmick of Scranton, for the senatorial nomination by a vote of 3 to 1. Judge Robert S. Frazer of Allegheny, swept the city and county for the supreme court on the non-partisan ballot, with Judge Gustav A. Endlich of Berks, and Judge George Kunkel of Dauphin, running almost together for second place, Endlich having a shade the better.

Judge Frank M. Trexler of Lehigh, carried the city and county almost solid for the superior court.

On the only local contest which attracted any attention--control of the Democratic county committee--the anti-Davis factory claim victory.

Returns have been received from eighty-five of the 124 districts in the city and county. They indicate that the total poll will be about 7,000 Republican votes and 4,000 Democratic votes, with the non-partisan vote falling far short of the grand total. No one paid any attention last night to the Bull Moose vote.

Congressman A. Mitchell Palmer of Stroudsburg, Democratic Nat'l Committeeman from Pennsylvania, is the Democratic nominee against Penrose, having polled a heavy majority over Henry Budd of Philadelphia. Gifford Pinchot, former national forester and friend of the senatorial committee of the Washington Party, which is the Progressive party in Pennsylvania, was unopposed. For governor the

NEARLY BURNS TO DEATH

Elizabeth Shank, 91 Years Old, Has Narrow Escape From Burning

Mrs. Elizabeth Shank, ninety-one years old, the oldest woman in this section of Lancaster county, living at Marietta, made a narrow escape from burning to death yesterday. She assists her daughter, Mrs. George Sargent, with whom she resides, to do some work, and filled the lamps as usual in the morning. When the aged lady attempted to light her lamp in the evening, it was evidently too full of oil, and some had run on the outside. The oil ignited and in an instant the place was in a mass of flames. Her screams attracted the attention of her daughter, who responded promptly, and the fire was put out before it had gained much headway. The aged lady's hair was burned and she suffers little from the shock.

Our Water is Pure

On account of a case of typhoid fever which resulted in a death, Dr. A. F. Snyder had the borough water analyzed recently. No typhoid fever bacilli were discovered. It must be remembered that our water here has been treated for some time.

Needle Pierced Her Hand

While Clara Schroll of this place, was washing some clothes on Saturday, a needle pierced the palm of her hand to such a depth that it had to be cut out by a local physician.

Proposed Extension

Councilmen, Burgess and Surveyor Walk Over the Proposed Borough Extension Lines

Borough Council, and Surveyor Brubaker were over the proposed new borough extension lines and we will describe them as near as possible.

They started at a point near the Engle slaughter house, and near the covered bridge over the Chickies creek, southeast of town, thence directly west to Engle's lane, thence south 400 feet on said lane, on the Clayton Hoffman farm, thence directly west in a straight line, over lands owned by Mr. Hoffman and Jacob Zercher to the Columbia road.

At this point they went south on the Columbia road 870 feet, thence northwest over lands owned by G. Moyer to a large oak tree. Thence in a northwesterly direction, crossing the Marietta pike about midway between the residence of Mr. Amos Stauffer and the Eberle cemetery. This line continues across Mr. Moyer's land until it meets the line fence on the south of Mr. Ell Helman's farm tenanted by Mr. William Wintermeyer, thence along said line fence west to a point where it intersects with the adjoining farm, thence diagonally across the state road, to the residence of Mr. J. G. Reist.

LAI D THE CORNER STONE

Banner Crowd Attends Appropriate Services at Newtown Sunday

The corner stone of the new United Brethren church at Newtown was laid Sunday afternoon at 2 o'clock with impressive services. The services were in charge of Rev. Brooks the pastor, assisted by Rev. S. L. Rhoads of Lancaster, and were attended by a large congregation. A feature of the service was selections by a quartet from the U. B. Church here.

The new structure is of brick 32x50 feet in size, and will be erected under the supervision of Clayton Risher. The church recently torn down was erected in 1860. The new structure will cost about \$2,000. Only one time in the history of the village do they remember of a larger gathering in the village and that was in 1880 when they raised several flag-poles during the campaign of Garfield and Hancock.

The following are the trustees of the new churches: Samuel Myers, Emanuel Myers, Jacob Geltmacher, Curtin Geltmacher and Abram Bradley, who worked strenuously with the assistance of Mrs. Kemmerly and Mrs. Resh, who form part of the building committee. Industrial Situation

Jno. Beamesderfer Offers His Brick Warehouse and Lot

Everybody is interested in the industrial situation here at present, especially since so many concerns are so very desirous of locating here.

We have had quite a number of inquiries since last week relative to the big shoe factory and the only definite information we have at present is a letter from Mr. Wm. J. Rose of the Pennsylvania Railroad Company in reply to an inquiry from Dr. J. J. Newpher, secretary of our Board of Trade, who, after reading last week's article, immediately wrote for information. The reply he received is appended:

Harrisburg, Pa., May 15, '14.
John J. Newpher, M.D.,
Secretary Board of Trade

"Sir:—Acknowledging with appreciation your favor of 13th, we will endeavor to promptly develop the information you desire in The Greenberg Miller Co. of New York, and advise you as soon as possible."

BRETHREN IN CHRIST MEET

Delegates From United States and Canada in Conference Near Lebanon

Four hundred delegates and lay members, representing nearly every State in the Union and most of the provinces of Canada, are in attendance at the General Conference of the Brethren in Christ, in the Fairland Church, three miles west of Lebanon. The Brethren in Christ are a division of the old-time Brethren, who are now known as River Brethren, German Baptists, etc.

The convention opened with a love feast and feet washing. Bishop J. B. Zook of Des Moines, Ia., preached the opening sermon, and the attendance was so large as to require an overflow meeting on the church lawn. Nine hundred persons partook of the feast.

Bishop J. N. Engle of Abilene, Kan.; Bishop D. R. Fryster, Thomas, Okla.; Elder John Snyder, Stevensville, Canada; Elder Wm. Boyer, Dayton, O.; and Elder D. W. Heise, of Gormley, Canada, were among those who participated in the opening services.

BAD RUNAWAY THIS MORNING

Dairyman Kauffman's Horse Scared at a Hurdy-Gurdy

A bad runaway occurred at Florin this morning when Dairyman B. F. Kauffman's horse scared at a hurdy-gurdy on the streets there and ran away.

Mr. Kauffman's son Benjamin, who had a foot injured recently, was in the wagon when the horse started but jumped out. The animal ran on the pavement at the home of Mr. Harry Shoemaker, where one of the foreigners who was collecting for his hurdy-gurdy music grabbed him. The horse in its excited condition, knocked the man down, the wagon passing over his body while lying on the pavement. The horse was caught some distance away afterward.

The unfortunate man was brought to a physician here and it was found he had sustained a number of cuts and bruises about the head and body. There was very little damage to Mr. Kauffman's team.

Fresh Tango Drops at Baker's. It

Mr. John Beamesderfer, one of our local extensive tobacco packers, informed us that he will either rent or sell his three story brick tobacco warehouse and big lot of ground in the rear of Mr. H. E. Ebersole's residence. Here is a very good and desirable building with a railroad siding and ample room for additional buildings that will surely receive some consideration. Several other people also mentioned the fact that they would sell land very reasonable for industrial purposes, which goes to show that our citizens have the growth of our town and the welfare of our people at heart.

Yesterday afternoon Mr. Thatcher of York, called on the Board of Trade. He said he was desirous of giving us an industry, namely: Organize a stock company with a capital of about \$5,000, procure a suitable building, he would sell us the machinery and furnish a superintendent, the concern to manufacture various stock foods for which there is such a great demand. His proposition did not appeal to the Board of Trade and the matter was dropped then and there.

There has nothing further developed since our last issue relative to the Kent Light Company.
