

# Use Pyrox And Get Quality

To get "quality" in fruits and vegetables, after cultivation has had its due attention, is a matter greatly dependent upon proper spraying.

Spraying with Pyrox will give you the kind of fruit and vegetables you want for your customers—the kind that will tempt them to buy and tempt them to eat.

Pyrox kills practically all leaf-eating insects, destroys fungous growths, scab, rot, etc.

It insures the crop as far as it is possible to insure it by spraying; and fifteen more perfect apples on the tree will pay for all the Pyrox needed for a large apple-tree.

What is true of apples is true also of potatoes; a better potato, such as follows the use of Pyrox, is easier to sell, as a rule brings a higher price, and by tempting the user to consume more, really makes a larger market.

Pyrox protects the potato crop from both bugs and blight; it improves the yield of the crop and the value of it. It is economical because it is effective in its double purpose and because it sticks so well to the vines as to make respraying on account of rain unnecessary.

## Pyrox For Stone Fruits

For destroying all leaf-eating insects, as well as for preventing and checking brown rot, peach leaf-curl, plum curculio, cherry leaf-blight and plum leaf-blight, Pyrox has given the greatest satisfaction to our customers.

## Pyrox For Small Fruits, Grapes, Etc.

Pyrox kills all the leaf-eating insects that affect the grape, and prevents black rot, brown rot and other fungous diseases. This one preparation serves the purposes for which double applications have been used, and has done so for fifteen years. Pyrox is no experiment; remember, it was introduced in 1898.

Come in and let us tell you more about PYROX.

# H. S. Newcomer Mount Joy, Penna.

Next Sunday morning Rev. C. D. Rishel, pastor of the Church of God of this place will preach for the Church of God in New Cumberland. Sixteen years ago pastor Rishel organized a church in New Cumberland and dedicated a new house of worship. He organized with nineteen members and now this is a large and flourishing congregation there. After the services of next Sunday the Church building will be torn down and a larger and more modern house will be erected.

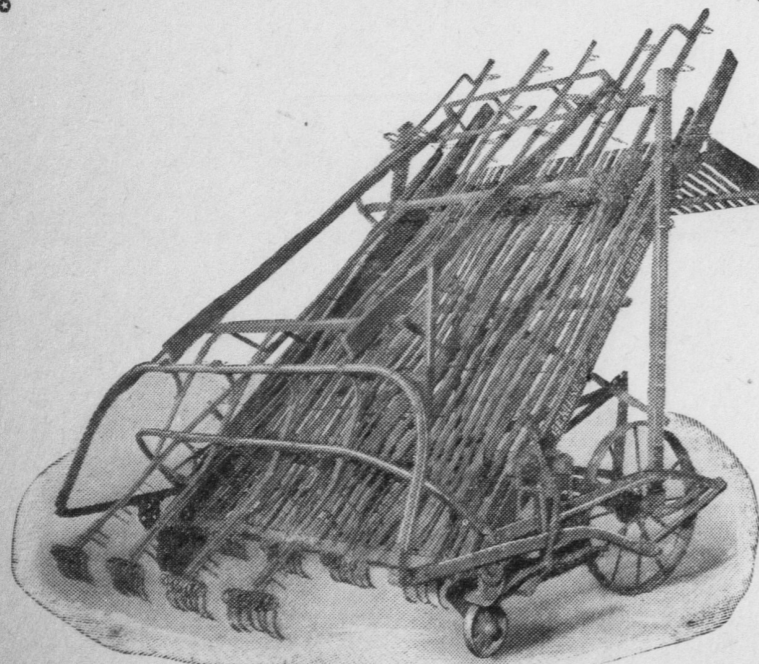

**C. S. Frank's Sale**  
On Friday, May 29, Mr. C. S. Frank will hold his next sale of cows and hogs at M. A. Spickler's Washington House stables in this place. He will offer a fine lot of cows among which are two extra high grade Holstein cows with calves. The shoats are all home raised and will range from suckers to some weighing 150 pounds.

**NEW ICE CREAM PARLOR**  
I have opened a fine ice cream parlor at my home on Fairview street where I serve only the best cream of all flavors. Also Cold Soft Drinks. Drop in and see me.

## MAYTOWN

The H. T. Albert Memorial Association met in the High school room on Monday evening and completed arrangements for the coming exercises to be held in honor of his work here. The following committees were appointed: One on program, one on music, one on the selection of a portrait, to be placed on the walls of the high school. A lively interest was manifested and the cause will go on with new force. The late Dr. Beshler will also be honored by having a portrait placed by the side of Prof. Albert. Prof. Albert taught here 17 years, and Dr. Beshler 38 years. The date of the exercises will be announced later.

The Association is particularly anxious to hear from all pupils of either Dr. Beshler or Prof. Albert. The latter taught advanced branches during the summer, to a large number of young people who were preparing for county examinations, whose names do not appear on the roll books. Should any such read this, kindly communicate with Mr. Wm. Clepper, Maytown, Pa., secretary of the association.

**A Missionary Meeting**

## WHY MOUNT JOY MERCHANTS SHOULD ADVERTISE IN THE BULLETIN

The amount you pay the publisher for advertising includes a great deal more than space.

It covers careful composition, good printing, free delivery and reaches the reader in a form which assures attention.

It reaches these people at the most opportune moment—when the cares of the day have been laid aside, when the reader sits down, leans comfortably back and spreads out the paper to learn what is going on.

Reading of what is going on is done with the mind in a receptive state—the ideal time and the ideal condition in which to create desire. The Bulletin is the ideal medium to use in effecting that result.

## WHY MOUNT JOY MERCHANTS SHOULD ADVERTISE IN THE BULLETIN

\$1,200,000.00 For a Name

The Royal Baking Powder business was sold not long ago. For the name alone the owners received \$1,200,000.00.

Building and equipment were a mere side issue. A better factory and more up-to-date equipment could be obtained in a short space of time than cover coming obligations.

Good will, briefly, is the value of the reputation he has acquired, together with the important feature of latitude. To insure "Peace" and to develop "Good Will" advertise in the Bulletin.

## WHY MOUNT JOY MERCHANTS SHOULD ADVERTISE IN THE BULLETIN

In this season of the mistletoe, when the "Peace and Good Will" is upon everyone's lips, let us consider it from the angle of business.

Peace can come to the business man only when he has developed his business to a point where he feels certain that coming profits will more than cover coming obligations.

Good will, briefly, is the value of the reputation he has acquired, together with the important feature of latitude. To insure "Peace" and to develop "Good Will" advertise in the Bulletin.
