EDITORIAL

If anyone can meet the Colonel and hold his own, its Alfonso.

We will probably get plenty of rain from now on. The picnic season is at hand.

Becker convicted by psychology, that's one gangster the gunmen never heard of.

The world do move. Nobody is excited over the appearance of a comet this year.

The full conference held by the mediators seems to imply strong Muerian leanings.

Pancho Villa is rapidly increasing the list of prominent federalists who won't succeed Huerta.

Mr. Mellen says he left the New Haven poorer than when he went in; well he hasn't anything on the stock holder.

We wonder if it is true that the moving pictures in Philadelphia, are run at only half the speed of those in other cities.

Possibly one reason why the methodists are advocating a revised creed is that its so hard to keep the old one straight.

Congress abolished free passes on the railroads years ago, but some politicians are still riding the railroads into office.

An English writer says that "Sin and cigarettes are good enough for me." But Tom Edison apparently prefers his straight.

The Governor of Colorado does not raise the question of state rights when it comes to maintaining peace in his commonwealth.

The Nicaraguan Congress is about to establish a precedent in Central American politics by having an extra session instead of an extra president.

The American Missionary who refuses to leave her Mexican school probably gloats over the fact that she got some of the pupils through A. B. C. first.

There may be much difference between Huerta and Villa but Villa has the Colonel be made ruler of Mexico and an administration scheme to kill to birds with one stone.

Two Kentucky youths were killed the other day in a duel over a widow. Respectfully referred to Mr. Kipling, who taught us "that the female of the species is more deadly than the male."

State of Ohio, city of Toledo, I, Jas. Lucas County, Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, Ohio, and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every copy of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1888.

A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

No Vacation for Trainmen The conductors and trainmen of the Pennsylvania Railroad will not receive vacations with pay this year. This edict went forth from the company's office yesterday. The reason given is that in the efforts of the company to equalize all departments of the service it would be unfair to grant vacations to only one branch of the service.

Workman Badly Hurt John Dalley, aged 27, of Falmouth, will probably lose the sight of his right eye. He was struck by a plug which flew out of a steam boiler, while at work at the Conewago Trunk and Stone Company at Falmouth. He was taken to the hospital at Harrisburg for medical treatment.

Boys in Blue Are Dying The Elizabethtown G. A. R. post has had 66 members since it was organized in 1885, but only 24 of them are now alive.

Licensed to Wed Mr. William F. Conrad and Miss Maude F. Hinkle, both of this place, were granted a marriage license Friday.

It's a sad case when a 14-year-old boy doesn't know the days in the week, thus thinking that Saturday proper is yet Friday.

The Mt. Joy Township road leading southward from I. P. Eshleman's is being picked. This will do away with Spring mud.

ELIZABETHTOWN

SALUNGA

Infant Child of Mr. and Mrs. Earl Kauffman Buried Saturday

Children's Day exercises were observed in the M. E. Church Sunday evening. One feature quite noticeable was the comingling of pupils belonging to several different denominations on the same platform, which we think is as it should be. A prompt commencement of exercises at 7:30 was another step in the right direction and the course was highly commended by fathers and mothers.

Mr. John Peifer was the first to make hay hereabouts.

Mr. Will Packler, farming the Benj. Breckenham farm, tackled a tough proposition this Spring when he broke up the 15-acre meadow. No plow had turned a furrow in the meadow for more than 50 years. After much tugging and the use of several hundred feet of tilling the whole plot was reduced to a beautiful tobacco patch resembling an old Virginia plantation.

Mr. Mitt Roland recently returned from away down South in Georgia and he says "no more south for me."

The lightning rod man is in the land once more and you will surely know him on first sight. He fills the atmosphere with vivid streaks of conversation.

Charles Penwell, employed at the Musser Lumber Company mill in West Marietta, was the victim of a very painful accident Friday morning. While using a hand saw to saw out a piece of rubber, the tool slipped and caught his left hand, badly lacerating the thumb. Dr. Y. T. Rich dressed the finger.

Anthony L. Resch, assistant cashier of the First National Bank, is nursing a very sore left hand. While cutting a block of wood to make some improvements to his new and commodious cottage on the York county shore, the hatchet slipped, and badly cut the first two fingers. It will take some time before he can have use of the fingers.
