WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo.—"I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. It advertised itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

A New Postal Card
Issuance of a new domestic postal card was announced by the postoffice department today. It is to replace the card now in use which bears the profile portrait of the late President McKinley. The new card will bear the portrait of Thomas Jefferson. The only other difference in cards is that the new card is printed in green ink and the old one is printed in red ink.

VISIT THE
Mount Joy Garage

PETER S. BRUBAKER, Proprietor

If your Ford needs attention, I will be pleased to have you call on me. I carry a complete line of repairs for these cars and can fix you up on short notice.

General Repair Work a Specialty

Also Automobile Hiring, Agent for Firestone & Pullman Tires.

SPECIAL TO WOMEN
The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At 50c per box, 50c. large box, or by mail, the Paxton Toilet Co., Boston, Mass.

NEW ICE CREAM PARLOR
I have opened a fine ice cream parlor at my home on Fairview street where I serve only the best cream of all flavors. Also Cold Soft Drinks. Drop in and see me.

Fairview St., MT. JOY, PA.

Charter Notice
Notice is hereby given that on July 7th, 1914 at 12 o'clock noon an application will be made to the Governor of Pennsylvania under the Pennsylvania Incorporation Act of April 29th, 1874, P. L. 73, and its supplements, by Albert Strickler, Landis Charles, Amos S. Weidman, Monroe B. Forney, Abner M. Hershey, S. G. Myers and H. G. Hagenberger for a Charter for an intended corporation to be called The Mt. Joy Market House Company, the character and object whereof is the buying of ground and securing or building a Market House for the sale of meat, vegetables, victuals and provisions. The building to be for said purposes and similar and correlated purposes, and for these purposes to have possession and enjoy all the rights, benefits and privileges conferred by said Act of Assembly and the Supplements thereto.

ISAAC R. HERR,
Solicitor.

June 10-31.

Masonic Home News

There will be a very beautiful pyrotechnical display at the Homes immediately after the delivery of the address on July Fourth at 7 P. M. A cordial invitation is extended to all to attend and enjoy the band concert and display.

Thomas R. Patton, for thirty-four years R. W. Grand Treasurer of the Grand Lodge F. & A. M. of Pa., and a Past Master of Union Lodge No. 121 of Philadelphia, died September 13, 1907, deeply mourned by the officers and members of the Grand Lodge, and by all who had learned to know him and experienced his magnetic power in compelling respect, admiration, honor and affection. At the death of his beloved wife, he donated \$100,000 to the Grand Lodge of Pa., to found the Thomas R. Patton Memorial Charity Fund for Widows, as a loving tribute to her memory.

At his own death, it was found he had bequeathed the residue of his estate, valued at \$1,000,000 for the founding of the Thomas Ranken Patton Masonic Institution for Boys, as a memorial to his son, Thomas Ranken Patton, who died when he was not yet nine years of age. By the terms of the will, this fund was to be managed by a board of bursars, and is to be available for the beneficiaries not earlier than twelve, or more than twenty years, after the date of his death, so that the year 1919 will find a vast sum of money available for the erection of dwelling houses and industrial schools on the Masonic Home Grounds, and the development of an institution rivaling in importance and usefulness, the renowned Girard College at Philadelphia.

An important integral part of the Masonic Homes is the Children's Home, now so successfully established by the Committee on Masonic Homes in Guest House No. 1, on an ideal elevated location at the margin of beautiful Mount Moriah Grove. The Children's Home, under direction of our Superintendent, is most efficiently conducted by Miss Jane Welch of Philadelphia, who is ably assisted in her work by her sister, Miss Katherine Welch, as teacher. It is the intention to combine, with the elementary training for the boys, thus making it a preparatory, as it were, for the opening of the Thomas Ranken Patton Institution when that great project shall have become an established fact.

The seven Masonic Lodges whose jurisdiction is Dauphin County, manifested their interest in the Homes by making their fifth annual excursion to this place on Thursday, June 25, 1914. These excursions are made under the auspices of the Dauphin County Memorial Committee, composed of Samuel D. Sansom, President; John M. J. Rannick, Secretary; Louis M. Neffer, Treasurer; George A. Gorgas, S. S. Bowman, Dr. Harry Rhoads and Titus W. Fegarty, and the object is to make the members of the Fraternity of Dauphin County acquainted with and interested in the Homes, with a view of erecting a Dauphin County Memorial Cottage. They brought a beautiful building to cost about \$25,000, which they submit as their intentions of the near future.

About one hundred and fifty persons came on the excursion, and spent a very pleasant day in going thru the buildings and over the grounds.

A very graceful and thoughtful act of kindness on the part of the Committee, was the bringing with them a present for every one of the nineteen children in the Homes, just such things as make a child's heart glad, and cause its countenance to reward the giver.

Our highly esteemed and much loved Past Grand Master, Hon. Geo. B. Orlandy, a friend who bears the unusual name of "No. 1517," whose modesty is not permitted to interfere with his generosity which he has kindly shown the Homes. On this occasion our friend and brother No. 1517 has placed us under obligation by presenting to the Homes a Tycoos Stormograph which now occupies a position against the wall of Grand Lodge Hall at the west end of porch. The stormograph is a recording barometer. Ingenious mechanism is connected by an Aneroid Barometer, so that a pen on an elongated lever is lowered and raised by the action of the barometer. The pen rests against a revolving clock drum which completes one revolution in seven days, and is surrounded with a paper chart on which is arranged the index of a barometer transversely and perpendicularly, is spaced for the days of the week and hours of the days, so that when in action, a permanent record is lined out for every hour of every day of the week.

July 4th looms up on the calendar and the patriotism of the Homes will not permit it to come and go without contributing its share to the proper celebration of the day. An eloquent speaker has been secured for the occasion, the Citizens' Band of Elizabethtown will discourse patriotic music and a display of fireworks will be given on the terrace opposite Grand Lodge Hall.

The celebration will take place at 7 o'clock in the evening and a cordial invitation is extended to all the friends of the Homes in Elizabethtown, Mount Joy and elsewhere, to be present and participate in the same.

Past Grand Master George B. Orlandy, Deputy Grand Master Louis A. Watres and other distinguished Masons will honor the occasion with their presence.

The regular Sunday religious services were conducted Sunday, June 28th, by Rev. C. Stuart Kitchen, rector of St. Luke's Episcopal Church of Mount Joy, assisted by the surpliced choir of his church, and attracted a large and appreciative audience.

Rabies-Hydrophobia
The general quarantines against dogs on account of rabies that the Pennsylvania State Livestock Sanitary Board have in force occasion many inquiries, therefore the following from Dr. C. J. Marshall, State Veterinarian, is of timely interest: "Rabies is a disease that affects all warm-blooded animals. In man it is called hydrophobia. Recently a child died showing clinical symptoms of hydrophobia, the head of the dog that bit the child had been submitted to the laboratory of the Board, a diagnosis positive of rabies established and the interested persons notified. The Pasteur treatment was recommended but it was not administered. Exposed animals were destroyed or quarantined.

"A great factor in the spread of rabies is the stray dog, and the number of these animals should be materially reduced by proper enforcement of the dog tax law of 1911, which work is in the hands of the assessors, tax collectors and constables."

In conclusion the State Veterinarian desires to make known to the public that if the head of any animal that dies or is destroyed, suspected of being affected with rabies, is severed from the carcass near the shoulders, promptly forwarded to the laboratory of the State Livestock Sanitary Board, 29th Street & Woodland Avenue, Philadelphia, plainly marked with the name and address of the sender, a careful examination will be made and a report submitted free of cost. All positive cases are investigated by the Board and exposed animals destroyed or placed under quarantine. General quarantines are established only when all other methods have failed to check the spread of infection in a given locality.

For The Radish Worm
One of the County Agriculturists in the eastern part of Pennsylvania wrote to State Zoologist H. A. Surface, Harrisburg, stating that in his county there is a plague of the Radish Maggot, and asked for information as to how to control the pest. As this pest is common over the State, it will be of value to know the reply of Professor Surface which was as follows:

"The radish maggot is the larva of a fly but slightly smaller than a house fly and similar in general appearance. There are two or three broods per year. The eggs are laid by the fly at the base of the plant, and the larvae crawl down to the roots and feed there. Spraying frequently with one ounce of arsenate of lead in each gallon of water, using a short extension rod, holding the nozzle under the leaves of the plants, so as to strike the crown with the spray liquid, will kill them after they first hatch, but it will not reach down to the roots and kill them after they become large or feed for some days.

"They can be killed by pouring around the roots of the plants a liberal application of carbolic emulsion, which is made by adding carbolic acid to kerosene emulsion, but it is best to prevent them from attacking the plants rather than be obliged to apply a remedy for them after they are started. This is done by mixing one quart of kerosene oil in a peck of dry sand and sprinkling the sand on the ground near the plants shortly after they come up. After a hard rain it may be necessary for you to repeat the application. The point is that the odor of the kerosene drives the flies away. If it is kept there by strewing it occasionally along the surface of the ground near the plants it will repel them.

"This maggot attacks cabbage, cauliflower and other cruciferous plants. The remedies here suggested will also prove satisfactory upon them. We have had remarkably good results in the use of carbolic emulsion for the root worm or root maggot of cabbage. The details of the formula for this will be sent to those who request them."

WHY MOUNT JOY MERCHANTS SHOULD ADVERTISE IN THE BULLETIN

Abraham Lincoln said: "I do not know much about the tariff, but I do know this much: when we buy goods abroad we get the goods and the money; when we buy goods made at home, we get both the goods and the money."

"Those who get the 'lion's share' of Mount Joy business are advertisers in the Bulletin."

Worm Eating Corn Roots
The corn crop in the vicinity of Witmer is suffering from the incursions of a worm which is attacking the roots of the stalks. Consequently the fields of maize are somewhat backward this season.

HOME HEALTH CLUB

By Dr. David H. Reeder, Chicago, Ill.

Vacations—Do you take an occasional vacation? If you do not I am sorry for you. I have known people whose lives appeared to be one continuous treadmill. There was not even a weekly half holiday. Day by day, weeks in and weeks out, Sundays included, the same steady grind, digging for dollars and in the end finding sickness, suffering and disappointment. In most cases of that kind the incentive to accumulation of money continues to urge them on even after a sufficiency has been provided. They get the habit of acquisitiveness and the primary object of money is lost sight of and only the desire to get more remains.

The one or two weeks' summer vacation of the average city dweller is a Godsend and a tremendous help, but if it was not for the Saturday half holidays granted by most of the employers of office help, the legal holidays and Sundays, the summer vacation would not be enough for play time. It is difficult for the country resident to realize how dead life is the daily grind of work in the big cities with its ceaseless raise of dust and dirt and strife. How eagerly the shut-ins seek the open and how they enjoy to the limit the green grass and cool shady places in the parks.

On the recent Decoration Day I spent a few hours in one of the great parks in Chicago. It was estimated that there were over 100,000 people in the park at that hour and if one counted all of those who were driving around its beautiful boulevards, together with those who had already gone home it was estimated that over a quarter of a million people enjoyed a taste of nature in that one park that day. In all that crowd I did not see a person who appeared to be in the least under the influence of liquor and yet there are people who constantly bewail the degeneracy of the times and call Chicago the wickedest city on the continent. The incantations ascribed to witches was bold and bobbie, toll and trouble.

The present day method of overcoming the evils or effects of toll and trouble is parks and playgrounds, vacations, moving pictures and the bringing of famous singers and musicians into the house of the laboring masses through the agency of wonderful talking machines. The best way to overcome any evil is to offer something better. The dram shop is an evil. The 5 cent theater is good. It gives the poor laboring man and his family an entire evening vacation, takes them to call the wonderful places of the earth and shows them the greatest and most honored people in action and all for less than the price of one round of drinks.

Take frequent vacations and keep young. Remember that if you spend all of your time now earning and saving money for a vacation which you hope to take some time in the dim and distant future, you may have a vacation. Hard and ceaseless toil may cut you off from the possibility of living to enjoy the fruits of your toil. Don't put off caring for your health until you get into a condition where it will be hard to restore you. Take a little vacation, rest up, take stock of your physical condition. Keep yourself well and keep young. The Home Health Club is always ready to help you.

BAINBRIDGE
Harrison Meckley of Philadelphia, is visiting in town.
Mrs. J. H. Meckley is visiting relatives at Harrisburg.
Prof. C. L. Werntz of Paradise, spent several days here.
Clifford Hipple of Philadelphia, is visiting friends in town.
Prof. and Mrs. I. O. Fry visited the latter's mother, Mrs. Mary Fryberger, at Marietta.
Mr. and Mrs. Galen Piper and son are visiting the former's mother, Mrs. Emma Piper.
Mr. and Mrs. H. J. Hawthorne returned from a visit at Allentown, where Mr. Hawthorne attended the state convention of Funeral directors.

The Bainbridge Cornet Band and Order of United American Mechanics are arranging for a gala time on July Fourth. Races, games and sports of all kinds will be indulged in, and a display of fireworks will be given in the evening.

NORTHWEST RAPHO
Harry Springer and family called in the home of Harry Ulrich on Sunday.

Jno. Stern and household and Frank Shenk and family called at the Stern homestead.

A certain man from this vicinity says he can see his corn grow while looking at it since it rained.

B. G. Stauffer and wife entertained quite a few of the latter's relatives, of near Litz, on Sunday, the same having attended services at Chiques in the morning.

Letter part of last week J. S. Showers and Amos Garman autoed via Annville, Lickdale, Millersburg, Myerstown and Lebanon, arriving safely at Mastersonville. They report favorable driving.

No Substitutes

RETURN to the grocer all substitutes sent you for Royal Baking Powder. There is no substitute for ROYAL. Royal is a pure, cream of tartar baking powder, and healthful. Powders offered as substitutes are made from alum.

Lawn Boy Disappears
Harry, 13-year-old son of Mr. and Mrs. Adam Hottenstein of Lawn, who was hired for the summer with Mr. I. F. Heisey, tenant on the S. S. Risser farm near Lawn, disappeared Monday afternoon. The lad has light hair, wore a cap, overalls and gum boots, and stammers in his speech. Any information of his whereabouts will be thankfully received by A. Hottenstein, Lawn.

Letters Granted
Henry B. Fisher of Manor township, administrator of Barbara Fisher, late of East Hempfield, Ezra H. Martin, Mt. Joy township, executor of Aaron Martin, late of Elizabethtown borough.
John Bull will find the polo cup that cheers, but he must not be permitted to capture the yachting cup now. It might inebriate.

For Your Kidneys

The kidneys are for removing waste matters from the system. These waste matters are poisonous. When they are not promptly and completely expelled from the body they clog other organs, interfering with their work. Therefore, kidney trouble leads to other troubles—eye diseases, nervous affections, chronic headaches, rheumatism, Neuralgia. Neglecting your kidneys when there is anything the matter with them is a serious thing.

Rexall Kidney Pills

are, we believe, a most effective remedy for kidney ailments and weakness of all kinds. We make this statement after long experience with other forms of kidney treatments. We are confident that we are wise in selecting as a remedy that we can recommend, this one among the many that we have for sale.

If They Fail Your Money Back

We are so positive that Rexall Kidney Pills are unexcelled by any other similar form of Kidney remedy, and that they will do all we claim, that we sell them with our own personal guarantee that they shall not cost the user a cent if they fail to give entire satisfaction. Price 50c Sold only by

Second Special Sale of ART CUT GLASS

We secured another lot of one thousand pieces of art cut glass, which go on sale at one-fourth and one-third of factory prices.

9c 29c 39c

This glassware is so exactly like cut glass, both in weight, in depth of cutting and high glass finish that it really requires close examination to discover that it is in any way different from the finest hand cut glassware.

This lot will not last more than a few days, and if you are interested in any way in cut glass don't let this unusual opportunity go by, as it is positively the greatest glass sale ever held in Lancaster. See our display in our east window.
