

The Two Leaders

This is the steel beam Syracuse plow. We sell this plow on its merits. You can try any other plow aside of this one. If you do not like it a little better we will take it back. It has the round jointer and wheel post standard which can easily be adjusted in any position. Another saving is we sell you the shares at 35 CENTS EACH.

Here We Have The Ontario Drill

We claim this the finest drill on the market today. You can sow fertilizer from 100 lbs. to 1200 lbs. per acre. You can get this drill with hoes or discs. It is an accurate sower and light running. We will be pleased to show you all the fine points of these two implements.

The 4th of July Rush

SOMETIMES it seems as if everybody for miles around demands Chiques Rock soda water on the evening of July 3d and the morning of July 4th.

Big as our producing capacity is, we are simply swamped every year and a lot of people get disappointed.

July 4th comes on Saturday this year, a fact that will make matters worse than ever, if everybody waits till the last minute, because Saturday trade is in itself tremendous and the two events together make us shudder at the job ahead of us.

Now here's a suggestion: Send us your order Monday or Tuesday of that week for as many cases as you will need for that picnic, lawn party, porch party, and let us make immediate delivery.

Chiques Rock Bottled Soda Water improves with age, so you lose nothing there. And you do make sure that you'll get what you order in plenty of time.

SHOULD ADVERTISE IN THE WHY MOUNT JOY MERCHANTS BULLETIN

A \$2,000,000.00 Example
Without a dollar's worth of business in sight, the Ward Baking Co. erected and equipped two magnificent bakeries in New York City, at a cost of \$2,000,000.

They knew the possibilities of advertising and depended upon advertising to make their New York business a success.

The result was that in eight months they obtained distribution for 350,000 loaves of bread per day. Without advertising those two million dollar bakeries would be accumulating dust and cobwebs, and the two hundred autos used for delivery purposes would be idle. Use the Bulletin and watch your business grow.
