THE HOBBO THEORY
State Constabulary on the Scene But Did Not Become Interested

Last week a report was circulated to the effect that Amos Shearer and family, residing on the road leading from Mt. Hope to Mastersonville, about midway between the places, have been greatly annoyed by a bunch of hobos who visited the Shearer home at different times both by day and by night. It appears, from the report, that at least on one of these visits they secured some money and a watch.

On Sunday morning at about 8:30 o'clock some one approached the house and threw a stone through one of the windows. Mr. Shearer and his son, with shot gun in hand went to the head of the stairway leading to the second floor and there waited for the robber to appear but he never came. The son says he saw a man crouching along the garden fence and then disappeared in the woodland.

The State Constabulary were notified and one of their men appeared on the scene and made a thorough search, but was unable to find any signs of hobos.

On Sunday officers Kelfer, Spong and Cooper, of Manheim, called at the Shearer home and after receiving the information made a thorough search of the surrounding mountains but found no traces of hobos, nor had any one living in that neighborhood seen any tramps nor suspicious characters in that vicinity for some time past. They came away without learning anything definite and they are of the opinion that some one was playing a huge joke on the Shearer family. Mr. Shearer says he still believes in witches. Here may be the trouble—Manheim Sentinel.

WHY MOUNT JOY MERCHANTS SHOULD ADVERTISE IN THE BULLETIN

\$1,200,000.00 For a Name
The Royal Baking Powder business was sold not long ago. For the name alone the owners received \$1,200,000.00.

Building and equipment were a mere side issue. A better factory and more up-to-date equipment could be obtained in a short space of time by the expenditure of a few thousand dollars, but to develop a trade name until it became as valuable as the Royal Baking Powder brand would have taken many years and the expenditure of hundreds of thousands of dollars for advertising.

By the common-sense use of space in the Bulletin you may increase your number of customers, increase your bank account.
