THE FOURTH OF JULY

How the Day Was Observed in the Adjacent Towns

Memorial Day being our big day, there was nothing doing here on the Fourth except two games of baseball. Many of our citizens witnessed the display of fireworks in other towns, the majority going to Lancaster, Lititz and Marietta.

At Marietta The Fourth at Marietta was a great success, and large numbers of people from all sections were in town, and at Accomac and Wild Cat Falls during the day. In the afternoon a street parade was held, in which the decorating committee, the Saginaw Band, Boy Scouts, under the leadership of George H. Pinkerton, and the York Cadets, with their cannon drawn by two mules and automobiles was held. They proceeded to the base ball field and during the game rendered music. In the evening a concert was held by the band at the new Riverside Park, which was formally opened and the electric illuminations and decorations presented a very fine appearance along the river front. The display of fireworks on the Susquehanna river was elaborate, and the largest crowd in the history of the town's concert fever was present.

At Bainbridge The Fourth of July celebration here was the largest in many years, and not only Lancaster county, but York county turned out en masse. The Bainbridge Band furnished music for the day, and they headed the parade held in the morning. The Bainbridge Council, No. 231 Order Under American Mechanics turned in full, and the school children carrying flags presented a nice appearance. The town was decorated in gala style and the races held also along the river front, were well attended. There was a display of fireworks and a festival in the evening which was a pronounced success.

At Maytown The town was very brightly decorated with the stars and stripes and everything passed very quietly, aside from the noises made by the young American. The base ball team held a festival in the evening, which was well attended and a display of fireworks ended the day's sports.

PENNSY. TO BUILD 84 ENGINES

Increased Traffic Calls For New Equipment

Orders have been given by the Pennsylvania railroad to its Altoona shops to proceed with the construction of 84 locomotives, the remainder of its 1914 provision for motive power equipment. At an average cost of \$20,000 each, the locomotives will cost about \$1,680,000.

A few weeks ago there were 200 locomotives idle on the Pennsylvania railroad system, which at \$20,000 each, represented idle capital of \$6,000,000. Traffic has shown an improvement since because of the movement of grain.

CORDELIA

Miss Lucy Smith of Philadelphia, was the guest of her parents, Mr. and Mrs. John C. Smith.

John E. Kauffman of Harrisburg and Samuel Kauffman of Reading, were the guests of their parents, Mr. and Mrs. Abram Kauffman.

Miss Louisa Campbell was visiting her sister, Mrs. Charles Gingrich of Columbia.

Mr. and Mrs. C. A. Lynch of Harrisburg, were guests of Mr. and Mrs. Jacob Kauffman.

The Cordelia base ball team defeated the Hubley A. C. of Lancaster, on Saturday before large crowds. The morning game was won by Cleon Staley, who was pitching. He struck out 17 men and allowed no hits, the score being 3 to 0. The afternoon game was won by a score of 4 to 3, all of the runs being made in the last two innings. Blumenshine pitched for the locals and had eleven strikeouts.

Mrs. Philip Dattisman of Landisville, was the guest of her son Philip.

Fishing is Good

Fishing in the vicinity of Rowena is at its height, and many from all sections of York and Lancaster counties went there and spent the day on the York and Lancaster county shores. Two men from York county, one named Sterner, had a narrow escape from drowning. They were fishing and their lines must have caught on a rock or in some debris, and thinking they had a good catch, pulled too hard on the line, throwing them into the water which, at this point, is about ten feet deep. Sterner was going down for the last time when his companion succeeded in turning the boat, landing him safe. Their catch of fish, tackle and "cats" all went to the bottom.

A number of very good catches of fish are reported in and around Falmouth, especially of bass, by sportsmen from Lancaster, York and other places.

WHY MOUNT JOY MERCHANTS SHOULD ADVERTISE IN THE BULLETIN

The amount you pay the publisher for advertising includes a great deal more than space.

It covers careful composition, good printing, free delivery and reaches the reader in a form which assures attention.

It reaches these people at the most opportune moment—when the cares of the day have been laid aside, when the reader sits down, leans comfortably back and spreads out the paper to learn what is going on.

Reading of what is going on is done with the mind in a receptive state—the ideal time and the ideal condition in which to create desire.

The Bulletin is the ideal medium to use in effecting that result.

Knew What He Wanted

State Game Warden Davis of Georgia, was startled a day or so ago when he received a hunting license from a north Georgia county, on the back of which was written: "My dear ser: I don't want this sorter licents. I thot i was gettin a Marradge licents. sumbody sent me to mr— and sed he wood gimme a licents, mady was so mad when i got back with this here huntin licents she woodent have Me. she sed i didnt hev sents anuff to git a marradge licents so she ups and runs of with bill johnson and i am in a hel of a fixt. i wants my munny back, unless this hear licents will let me shoot bill johnson, yours most truly, sam Jackson."—Exchange.

Marietta's Building Boom

A building boom has struck Marietta, says our correspondent. The Marietta Hollowware Company is erecting a number of buildings to increase the capacity of the big plant. The new buildings of the Marietta Brass and Iron Foundry are nearing completion and will be occupied as a shirt factory in the near future. The erection of a new motion theatre on Market street, opposite the Presbyterian Church, is contemplated, and it is reported that several dwelling houses will soon be constructed.
