

The Two Leaders

This is the steel beam Syracuse plow. We sell this plow on its merits. You can try any other plow aside of this one. If you do not like it a little better we will take it back. It has the round jointer and wheel post standard which can easily be adjusted in any position. Another saving is we sell you the shares at **35 CENTS EACH.**

Here We Have The Ontario Drill

We claim this the finest drill on the market today. You can sow fertilizer from 100 lbs. to 1,200 lbs. per acre. You can get this drill with hoes or discs. It is an accurate sower and light running. We will be pleased to show you all the fine points of these two implements.

6 Cylinders Fully

Herff-Brooks \$1375

Our Competitor

We don't know what competition will say in answer to this unusual advertisement. It's the first time competition has been asked to make such a comparison with so remarkable a car as so remarkable a price. So far as we are concerned, we don't much care what they say.

We are building cars for our dealers and their people; not for competition. When so unusual a proposition comes out, competition generally warns both dealers and buyers to stay away from it.

This warning is not the result of any fine moral standard, but it is the natural fear of not knowing how to meet the other man's proposition until after they have seen what approval it will find from the dealers and owners.

When a proposition is as good as the Herff-Brooks proposition competition doesn't mean the loss of many sales to us because the dealer or owner has only to see the Herff-Brooks to realize that merit, at such a price, abuse and criticism must fall away unnoticed.

Remember that the only competition we will have is cars costing from \$1,750 to \$3,000. Competition is a compliment. Ask competition the price of his car; then make him prove that difference in price between what he has to offer you and the Herff-Brooks at \$1,375.
