Meat Will Be Higher
It is predicted that beef will be higher by the coming fall than ever in the history of our country. As a result the consumer will pay the fiddler. The only means to counteract this imposition will be to adopt a vegetarian mode of living. Beans, and the people better eat meat. They will find some-thing in it for the meat.

Rexall Celery & Iron Tonic

A Diamond Ring Valued at \$250.
Recovered From a Well

A diamond ring valued at more than \$250 which disappeared into a deep well two weeks ago, was recovered yesterday after much difficulty by the owner, Samuel B. Weidman of Wormleysburg.

While taking an automobile trip through Lancaster county with a party of friends two weeks ago, Mr. Weidman stopped at a pump at Mt. Hope in Rapho township for a drink of water and while he was working the handle the ring slipped from his finger and disappeared through a crack in the platform over the well. There was no way of searching for it at the time and it was left in the well.

Yesterday Mr. Weidman and a party of friends went to Mt. Hope and dredged the well, which was very deep. After a long search the ring was found.
