PLEASANT VIEW

New Bridge on the Colebrook Road is Now Completed

A splendid rain last Thursday and Friday

Many people from this vicinity attended camp meeting at Hillsdale.

Isaac David and Mary Hollinger spent Sunday in their parental home.

Mr. and Mrs. Gideon Gible visited in the home of Aaron Brandt on Sunday.

I. S. Hollinger and Wm. Kulp attended the Penryn picnic Saturday evening.

Edward Eshleman, entertained Mr. Charles Paul and Miss Mary Baker on Sunday.

Several dozen of people attended Cleona Campmeeting on Wednesday and Thursday.

John P. Moyer spent Sunday in Lancaster, visiting his niece at the General Hospital.

I. P. Eshleman brought a load of Surenre dairy feed in Elizabethtown, on Monday morning.

David Greiner and lady friend of Litz, visited in the home of Norman Greiner on Sunday.

I. P. Eshleman started cutting his tobacco on Monday. His crop is the best one thru this section.

Raymond Heisey attended the Heisey family reunion at Elizabethtown College last Wednesday.

Menno Risser and son Christian and E. P. Eshleman made a Ford trip to Lancaster on Monday evening.

Oscar Hollinger and H. S. Ginder attended the Lebanon Fair on Thursday but were not delayed by storm effects.

The new bridge on the Colebrook road is now finished and traffic is in motion as usual. It is certainly a modern structure with beauty and immense durability, it being a concrete bridge with steel frame work.

Mr. and Mrs. Frank Maley and son John Irwin and Mrs. Bob Earnest, nee Laura Stern, formerly of the Pleasant View Farm and daughter Louise of Harrisburg, are spending the week on the Pleasant View farm.

During the electrical storm last Thursday night five valuable cows were killed by lightning for Rev. Nathan Eshleman. Lightning also struck a large locust tree near the barn of Phares Stern during the storm.

WHY MOUNT JOY MERCHANTS SHOULD ADVERTISE IN THE BULLETIN

Let's See, What Was His Name? In 1908 we experienced a very lively contest for the Presidency and Vice Presidency.

No great discovery or catastrophe received more space in the public print than did the utterances, the goings and the comings of the four candidates representing the two great parties.

It would seem impossible for any one to forget the names of these men.

Can you name the candidate for the Vice Presidency on the ticket with Mr. Bryan?

Oblivion is the price of silence. Mr. Bryan's name has been kept before the public. His running mate is forgotten.

Don't let the public forget you. Use the Bulletin.

Six Reasons for Thinking Tobacco Business Will Be Good

(By R. L. Kimbrough)

The tobacco situation in Lancaster County has already begun to become interesting. There are seven good reasons for this early interest in the 1914 crop.

The first main reason is the fact of so flattering prospects of Lancaster County growers producing this year the very grades of tobacco for which there will be a big demand.

This crop has all the appearance of turning out the very grade and quality of tobacco for which the trust buyers and big packers have been heretofore holding off to buy, so as to stock up again on a high grade tobacco.

It is an admitted fact that the old stocks of high grade tobacco are practically nil. Hence every buyer for the trust and every heavy packer will have their scouts in the field locating the good crops and engaging such crops as they can pick up at whatever prices the grower will take.

Already I have run across the trail of some buyers who have tried to engage some extra good crops. The crops of those growers who have a good strain of tobacco planted on good soil with plenty of manure and have carefully cultivated, topped early, suckered often and who will properly cut and cure their crops will be much sought after.

Such prospective buyers have already begun to use the war scare on these growers to try to induce them to contract for their 1914 crops at eight, nine and ten cents. Some offered contracts have been as high as twelve cents.

The second reason for this early prospecting by the buyers is the universally indicated shortage of the 1914 crop. The last governments reports indicate only 66 per cent of a 1914 crop.

The third reason is the high prevailing prices in Ohio, Wisconsin and New York and this crop will readily go into that trade.

The fourth reason is that the European war will not curtail the use of tobacco in all forms but on the contrary, it will increase its use as the armies will be supplied on a full ration of tobacco for the soldiers.

The production of tobacco in Belgium and Germany will be arrested. The manufacturers will use up their old stocks on hand to meet this supply and as soon as the war is over the stocks will be replenished.

Hence those packers who have a supply on hand will reap a rich reward in profits on their holdings.

The fifth reason is that the Seed Leaf Tobacco Growers' Company is in the field to stay and the packers realize that the sooner they can get the 1914 crop the better for them.

The lawyers and business men have realized that the Growers' company is developing along safe financial lines and the expression has been made that if the company continues along the same lines which it has thus far pursued, then it will be the biggest financial institution the farmers have ever launched in Lancaster County.

The sixth reason is the growers themselves, who realize that the 1914 crop is their opportunity to become so strongly entrenched with a good marketing, packing and selling machine that they can make all future crops in Lancaster County bring a fair price.

SHOULD ADVERTISE IN THE BULLETIN

In this season of the mistletoe, when the "Peace and Good Will" is upon everyone's lips, let us consider it from the angle of business.

Peace can come to the business man only when he has developed his business to a point where he feels certain that coming profits will more than cover coming obligations.

Good will, briefly, is the reputation he has acquired with the important latitude.
