> d by which you are a high grade inreliable house.

High Grade Instruments Cost No More Than Cheap Ones

ANY pianos and player-pianos on the market today are not worth half what is asked for them, yet they are priced as high as a standard instrument. It even pays you to invest a trifle more on a good instrument, for the extra service it will give you and the better quality you receive, more than repays you for the extra investment.

Instruments Found Only At The Hager Store

PIANOLA PIANOS—the only player-pianos equipped with devices for perfect playing. The Stroud, a very popular instrument, sells for \$550. The Pianola is built also into the Stuyvesant, Wheelock, Steck, Weber and Steinway-the world's best instruments.

FRANCESCA-HEPPE PLAYER PIANO- a high grade player piano made in the same factory that makes the Pianolas. The price

HEPPE THREE-SOUNDING BOARD PI-ANOS-the only pianos in the world having three sounding boards (instead of one) which gives them a tone volume almost equal to that of a grand piano. Prices are \$290 up.

OTHER WELL KNOWN INSTRUMENTS including grand pianos

Also a complete line of VICTROLAS AND GRAFONOLAS, Victor and Columbia records, and player-piano music.

The Hager Store Extends A Cordial Invitation To All Visitors To Lancaster County Fair

HEN you come to the fair you will enjoy a visit to the oldest lepartment store in the country. While old in years, we try to keep young in spirit, and believe you'll like the keen, wide-awake, progressive atmosphere thruout the store.

In spite of foreign war conditions, we're showing unusually complete, well-selected stocks of seasonable merchandise, and with very few exceptions, the old prices prevail. However, on several lines, future prices must advance, when present stocks have been exhausted. Let the Hager Store be your head-quarters, Fair Week. Again we bid you

Farmers Column

S. Bucher, of the Lancaster Co. Farm Bureau, Gives Valuable Information in the Selection of Seed Corn for Next Year's Planting

undesirable characters will result in this system which makes better the following crop. The only practical men and better roads will eventually way of retaining the desirable and come here and we should speed the increasing profit on labor expended day of its arrival.

Secretary Forney reported on the investigation into the bottler of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for roads in Lancaster county and Marshaulter of the State appropriation for r

ed should be free from disease such ness system, as rust or smut. Different stalks have widely varying abilities to ward off diseases. Plot experiments show that they are able to transmit this ability to a large extent. An News From Our Man, Lucal House ear that dicers slightly as the husk begins to turn yellow and open is preferable to one that is erect and allows the water to run down and stand at the butt. This, of course, is undesirable from a seed stand point. In a variety in which ears are in- ing 10:30 A. M. and 7:30 P. M. order to prevent the entrance of surplus moisture. Some of these points should be given more consideration than others. Often not all can be noted from clined to be erect it is well that the all can be noted from a practical point of view. Nevertheless, it will be found to pay and pay well for the day spent in making the selection.
The first year's pay will be bigger
than the second because we are approaching the practical limit of improvement. The seed corn will transmit desirable characters to a marked degree but because it is cross polinated we are unable to direct operations as readily and as easily as in a self fertilizered crop, time spent in the corn field.

POULTRY SHOW

Will Be Held at Elizabethtown January 6, 7, 8 and 9, 1915
