

\$15 Buys a Better Suit Here Than \$18 Ordinarily

IT STANDS TO reason that the larger the store and the greater the business, the lower, correspondingly, can their prices be compared with the house limited trade.

There WAS a time when GROFF & WOLF had to stand alongside the average Clothing House in its bid for patronage. We bought no stronger than the average store; we sold no stronger. But we ALWAYS gave the BEST values in our power—and the time gradually arrived when we became THE LEADER IN THE TOWN.

And so to-day, with our unequalled buying powers—which means LOWER buying as to price—we claim without reservation that at \$15 we show a line of Suits not to be bought anywhere under at least \$18.

We mention the \$15 line because it is a popular price—but at all prices, from \$8.50 to \$25, you will find the same proportion of difference in our favor, which also means YOUR favor.

WATCH FOR THE GREATER GROFF & WOLF STORE.

The Last Vacation Month For The Youngsters Make It a Very Happy One

As August comes September and—School! and there, there is a studious youngster who really for school to begin; but most "kids" would like to see a few more months long.

Can't lengthen the month for your children but you can add to their happiness by being generously liberal with Chiques and Water.

REAM'S HORSE SALE

Will Offer a Carload of Fine Ones Here on Oct. 3

The Registry Assessors Say So There are 47,116 voters in this county, and 14,404 of them live in Lancaster.

On Saturday, Oct. 3, Mr. Ed. Ream will offer another lot of fine Ohio and Indiana horses at public sale at his stables on Marietta street. He purchased all of them direct from the farmers himself and they are the kind to buy.

These horses range in age of from 2 to 6 years, will weigh from 900 to 1,400 lbs., were bought direct from the best stock farms thruout that section and are a very fine lot. Among them are a few well mated draught teams, one being a specially good team of four year olds. Also some good road horses, both pacers and trotters, the classy kind. A few well broke family horses. The colts have bone, muscle, color, size and shape, the good big kind and will make any farmer money till Spring. Don't fail to come and see them.

Win Two in a Row

The Mt. Joy A. C. foot ball team won its second game here on Saturday by putting it over the ex-High team of Columbia by a score of 7 to 0. The game was very well played thruout and there was some very good individual playing. The touchdown and goal were scored by Frank Germer, Myers, at end, was there with bells on Saturday, his work being a feature. One thing certain, the team deserves much better patronage for the games it is playing. The lineup:

Mount Joy positions Columbia

Touchdown—C. Germer, Goal—C. Germer, Referee—Ellis, Linesman—Funk, of Mt. Joy and Gelb, of Columbia. Length of quarters—Ten and twelve minutes.

ANSWER THE CALL

Mount Joy People Have Found That This is Necessary

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A splendid remedy for such attacks. A medicine that has satisfied thousands.

Is Doan's Kidney Pills. Thousands of people rely upon it. Here is one case:

L. R. Carroll, Marietta, Pa., says: "Several years ago I had a slight trouble with my kidneys and I used Doan's Kidney Pills. They strengthened my kidneys and rid me of backache. I am glad to recommend them." The above is not an isolated case. Mr. Carroll is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Carroll had. 50c at stores. Foster-Milburn Co. Props., Buffalo, N. Y. Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gillums recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

Sunday School Officers

HOME HEALTH CLUB

By Dr. David H. Reeder, Chicago, Ill.

After appendicitis:—In considering the treatment of any condition of sickness it has always been my rule to first find the cause. To my mind it's the only logical way. Many people seem to think that if they have had an operation for appendicitis they are forever immune and need have no further fear along that line but I say emphatically, and I think you will agree I am right, that after an attack of appendicitis even though you have been successfully operated upon and the appendix removed, your troubles have only begun unless you remove the cause. What was the cause of the appendicitis?

The thoughtless will say inflammation in the appendix. No, inflammation in the appendix is appendicitis, but what causes the inflammation? Constipation, yes, that is the prime cause. If you were never constipated you would never be safe. Appendicitis is only one of the results of the retention of fecal matter in the colon for too long a period.

The removal of the appendix does not cure the constipation, in fact many claim that it is made worse and that the function of the appendix has been to secrete a lubricating fluid which kept the mucous surface of the colon in a normal, moist and healthy condition. Whether this is true or not is a mooted question and not material for our purpose. The appendix has been removed and we know that constipation was the cause of the necessity for its removal. We must overcome that cause if we wish to be well because the appendix is not the only organ that is liable to become inflamed.

Nearly all cases of sore throat, tendency to take cold easily and all such conditions as enteritis or mucous colitis or catarrhal conditions are the results of constipation. The general method of treatment is to blame it all on the liver and belabor it with all kinds of irritants and thus make it work overtime. As a matter of fact the poor, faithful liver has been doing its duty in nearly every case, but the trouble has arisen in the colon, primarily the fault of the patient.

When in normal health the nerves of the rectum and its surroundings, notify us promptly when the fecal matter should be passed out of the colon, but we simply ignore the call because it is not exactly convenient to go at that moment. After several notices have been sent to headquarters, reverse peristalsis occurs and the fecal matter is returned to the colon pushing back other matter that was on the way to a natural evacuation. There is a gradual pushing back all along the colon as far as the iliocecal and as the trouble or offense is repeated time after time after a while a little fecal matter is pushed into the appendix. This may not cause appendicitis right away, but the offender may have what is diagnosed as a case of La Grippe. After a liberal amount of dosing with drugs a laxative is finally given and the acute symptoms of La Grippe are relieved. You know how it is after that, no one seems to be the same after an attack of La Grippe and why? Simply for the reason that the cause, constipation, waste matter in the colon, is retained too long.

No attention is paid to nature's demands, no attention is given to the diet with a view of overcoming the constipation. Now that the dreaded operation for appendicitis is over and the bills are paid, what are you going to do about it? You thought you would be safe but as a matter of fact you have simply acted like a man who tried to put out a fire by tearing out the fire alarm bells.

The appendix was a sentinel on guard. The first few times it notified you through pain, that you were allowing fecal matter to be pushed back when nature was trying to push it out. You paid no attention. After it had fought for your life until it was exhausted and filled with fever you turned traitor and had it removed from the post of duty with a sharp knife. What are you going to do about it? Are you going to stand guard from now on throughout all your life and see that every meal you eat has the necessary elements to prevent constipation and from now on throughout your whole life will you promptly obey the call of nature and allow the colon to dispose of the waste matter as soon as a demand is made?

You know very well you will not do these things, you never have and you are not going to start a revolution now, that you are no longer in danger of appendicitis. You do not realize, and I suppose I cannot make you realize that peritonitis is even more dangerous than appendicitis. No, it's not the doctor's fault, that is simply his name for a condition in which there is inflammation of the entire peritoneum. Yes, sometimes they operate for that also, but that is another story and the operation does not cure constipation and does not remove the cause.

To constantly take physic upsets the stomach, irritates the liver and in time the experience of all the chronic sufferers shows that the physic fails, loses its effect even though the dose is increased for

ANNOUNCEMENT

The Victor Talking Machine Company of America, have appointed us agents in Lancaster City and County for the world renowned.

VICTOR VICTROLA

The Most Perfect Talking Machine the World Has Ever Known

FORMAL OPENING

Saturday, Oct. 3rd

In our perfectly appointed department

Victor Victrolas \$15.00 to \$200
