

daughters Mary and Elizabeth took in the Farmers' Institute at Mechanicsville, on Saturday evening.

Miss Miriam Janette Kendig, a student at School of Design Philadelphia, spent from Wednesday to Monday with her parents, Dr. and Mrs. B. E. Kendig.

Rev. Sayer, a former pastor of our M. E. Church delivered a sermon to a large congregation on Sunday night. Quite an ovation awaited the rev. on the conclusion of the sermon.

Mr. Harvey Miller and family entertained Dr. and Mrs. B. E. Kendig and daughter Miriam, Miss Mary Peifer, Willis G. Kendig and wife and Rev. and Mrs. Gensler and daughter Miriam.

Mr. and Mrs. George Boyer and four children and Ruben Bennett of Harrisburg, and Mr. and Mrs. Philip Singer of Elizabethtown, spent Thanksgiving at the home of Mr. and Mrs. Wm. Fackler.

Dr. and Mrs. John Kendig and son Donlap Willis of Manheim, Mr. and Mrs. G. Kendig, and Mr. and Mrs. Charles J. Hassard and daughter Edith of Philadelphia, spent last Sunday in the home of Dr. B. E. Kendig.

In a recent visit to Manheim, Prof. Helges took your correspondent through the new school building and from what we saw every dollar expended in the construction of that building is accounted for. For completeness in every department for size and beautiful finish we are convinced that few public school buildings in our state compare with it.

Foot and Mouth Disease

The prevalence of the foot and mouth disease as reported among cattle in various sections of Pennsylvania may effect the dairy herds. Should these become infected there is a danger of the transference of the disease from infected animals to human beings through the milk.

As the records in this State show this possibility Dr. Samuel G. Dixon, Commissioner of Health, has issued the following warning:

"The foot and mouth disease which is known to the medical world as aphthous fever is highly infectious in cattle and manifests itself by a rising temperature and the appearance of blisters on the mucus membrane of the mouth, tongue and nose. The blisters are followed by ulcers; digestive disturbances are also common. Death seldom occurs in human beings.

"As a matter of protection against the possibility of infection the use of raw milk may be discontinued. A safety factor is to pasteurize the milk. Following is a simple method which may be used.

"Place a saucer in a pail seven or eight inches in diameter and about the same height. Set the milk bottle. Watch the water and as soon as it has boiled twenty minutes, remove the bottle of milk and allow it to cool slowly. Never place the milk immediately upon the ice or the bottle may break. Seal the bottle with a new cap, a supply of which you can obtain from the milk man, and place the milk bottle where it will remain at a temperature of 40 to 50 degrees temperature. It must be kept cool and clean if it is to remain safe for use.

"If the milk supply is not received bottled secure a bottle of the same size and cork after sterilization."

Geo. H. Strohm Narrowly Escapes Death by a Fall

George H. Strohm, mason and contractor in Marietta, made a narrow escape from being killed Tuesday afternoon, while at work on the new Acrl theatre in Marietta.

Just before the hour for quitting, Strohm, who was standing on an iron grider, about twelve feet high, made a misstep, and plunged head-first to the ground. In falling he reached out in an attempt to catch something to save himself, when his arm struck. The member was lacerated and fractured. He was rendered unconscious by the fall, but quickly recovered and was removed to his home. He is also badly contused about the body and may be hurt internally. He will be confined to his home for some time.

The Love of History

History is a great favorite among many children in our public schools and as they grow older, the love of history increases and researches are being made until the mind becomes a real treasure house of knowledge concerning the things of the past. Cicero, the famous Roman orator, has said so many years ago, "Not to know what has been transacted in former times is to continue always a child. If of the past ages the world must always remain in the infancy of knowledge." This is true of general as well as local history. Take our American Revolution for instance. How many of this day and age, would know a single fact about it were it not recorded in history; and yet, does not our freedom and liberty, depend wholly on this great war, though fought nearly a century and a half ago?

Let us now more particularly turn to local history. What would we know of the founding of our own towns, Mount Joy and Florin, had it not been put down on record and handed down to us of the present generation. Years passed by before anyone undertook the task of publishing a separate edition of the history of these two towns. This task was however, undertaken and completed in 1912, when W. D. Chandler of Mt. Joy and L. F. Sheets of Florin, published the Centennial Souvenir, Historical and Pictorial Mount Joy and Florin. This is a most invaluable publication, and should absolutely be in the hands of everyone acquainted with these towns.

It contains 160 pages with over a hundred half tone cuts of local views. The original price was \$1.00 for cloth binding and 50 cents for paper binding, but in order to close out the remaining copies the price has been reduced to half and can now be secured at 50 cents for cloth and 25 cents for paper binding. Be sure and go to Chandler's Drug Store today, and secure a copy or more. Sold in Florin by J. K. Frey, L. F. S.
