WHY MOUNT JOY MERCHANTS SHOULD ADVERTISE IN THE BULLETIN

Let's See, What Was His Name? In 1908 we experienced a very lively contest for the Presidency and Vice Presidency.

No great discovery or catastrophe received more space in the public print than did the utterances, the goings and the comings of the four candidates representing the two great parties.

It would seem impossible for any one to forget the names of these men.

Can you name the candidate for the Vice Presidency on the ticket with Mr. Bryan?

Oblivion is the price of silence. Mr. Bryan's name has been kept before the public. His running mate is forgotten.

Don't let the public forget you. Use the Bulletin.

A Bellsnickle Dance

PROSECUTOR KNOCKED OUT

White Attorneys and Officers Argue, Belligerents Get Together

Manheim, Dec. 22.—Samuel Ackerman, a shoe merchant of this place, was committed to jail by Squire Stroth last evening, to await trial at court on charges of assault and battery and surety of the peace. The prosecutors are Morris Cohen, of this borough, and his brother, Abram Cohen, of Ephrata. They entered suit in behalf of their sister, Mrs. Ackerman, who is the wife of the accused.

At the hearing while Ben Davis, Esq., attorney for the prosecutors, and Constable Kieffer were conversing, Ackerman suddenly arose from his chair and felled Morris Cohen with a blow on the head. Cohen was rendered unconscious, and a physician was summoned. He recovered later.

The suit arose from allegations which reached the Cohen brothers ears regarding Ackerman with abusing his wife and threatening to leave her. On Sunday the brothers moved to Ackerman's home and it was his own fault that he was

CARRIER SERVICE

Great Effort is Now Being Made in That Direction at Present

Congressman W. W. Griest for the past five years advocated an appropriation for the establishment of free delivery service in the larger boroughs of the county. The appropriation made for the next fiscal year is \$200,000. With that sum the establishment of the delivery system will not be extensive. The delivery of mail in such boroughs was started as an experiment a few years ago. The amount appropriated for the coming year is the same as last year.

It was with difficulty that Congressman Griest convinced the postal authorities of the real necessity for better postal facilities in the towns. Last year after Mr. Griest discovered the hostile views which the Postmaster General entertained regarding improvements in the mail service, special effort was made to ascertain the views of patrons and congressmen, with the result that Congressman Griest in a speech in the House of Representatives cited scores of places where the new mail delivery system had been experimentally tested and found to be highly beneficial.

Since then Congressmen of all political parties and even the postal officials have become greatly interested and are now supporting Mr. Griest's endeavors. After another year's development it is generally anticipated that the methods for operating the town and village mail delivery system will become as firmly established as the city delivery services, and the new system is expected to thereafter grow rapidly.

The tendency of Congress at the present session is to keep down expenses and Mr. Griest has announced that he will not ask that the appropriation for town mail delivery be enlarged at this time but that next year he will urge the allowance of funds in such amount as will provide for a substantial extension of the mail delivery facilities to people in towns eligible to

as in Lancaster eventually would get 'vice a Christian' bett
