### CONDUCTORS ON EXCESS CREWS

#### Experienced Men Assert That Over-Manning of Trains is Bad Practice.

Rockaway, N. J., March 1.

Not a few railroad trainmen are taking open position for repeal of the extra crew, or "excess man crew" laws. With forty-two years' experience as a passenger train conductor on the New Jersey Central Railroad, Samuel A. Crook, widely known among railroad men in the northern part of this state, says the "excess" man is a hindrance rather than a help in efficient train operation.

"I am very much opposed to the law," says this veteran conductor. "Two brakemen I always considered sufficient, as I could set more effective work from two than I could from a larger crew. There is not enough work to keep a larger number busy. 'We never had an accident at a depot and the passengers always were accorded first class service, despite the fact that my trains sometimes contained as many as seven coaches. I will use my influence with my representatives to give Mr. 'Full Crew' a black eye whenever I can."

Concerning the "excess man crew" in freight service, a Pennsylvania Railroad conductor says:

"My many years' service with the company as conductor on freight trains convinced me, as it would any reasonable thinking man, of the uselessness of such a law and of the excess men for which it provides. Being personally acquainted with our Representative, I shall do all I can to make plain to him the absurdity of the law."

**ERISMAN'S CHURCH**

Mr. and Mrs. I. B. Erb from Lititz, spent last Thursday with A. H. Erb and family.

Earl and Stella Witmer visited in the home of Daniel Miller's on Sunday near Rheems.

Mr. Levi Eby accompanied the East Donegal directors and Dr. Fleisher visiting the schools.

The A. B. and A. H. Erb families attended grandpa Erb's public sale at Petersburg on Saturday.

Miss Anna Brubaker had her school at Lancaster on Friday to see the Indian village at Hager's store.

A number of our farmers delivered the remains of their tobacco crop this week. There remain but a few crops unsold in this community.

There had been more different firms in this vicinity buying than any other season for years. This community has sold to at least 15 different firms possibly.

The Lincoln school was visited the past week by Mr. and Mrs. Daniel Metzler, Rev. I. Brubaker and Lizzie Brubaker and Mr. and Mrs. Amos Herr and Scott Witmer.

Mrs. Joseph Charles, Misses Anna Rohrer and Mary Charles from Mt. Joy, spent Sunday with Harry Rohrer and family. Mr. and Mrs. Amos Herr from Landisville, spent Thursday at the same home.

**BOYCOTT THREAT IN CREW FIGHT**

Intimidation to Stop Activity For Repeal of "Excess Man" Law.

Philadelphia, March 1.

Boycott to compel a stop of active efforts for repeal of the Full Crew Laws—"excess man crew" laws—has been threatened against some business concerns in Camden, Pittsburgh and several other places. In connection with such attempts at intimidation, the agents state that a very large part of trainmen are in favor of repeal of these uneconomic laws.

Therefore should a boycott be seriously undertaken against any man's business because he exercises his citizen's right to urge his views upon a question of public concern, it would not include even the great body of trainmen. Employed in Pennsylvania and New Jersey there are now about 2500 "excess" men in railroad train crews.

The "excess" brakeman, to whom railroads in Pennsylvania and New Jersey last year paid \$1,725,000, and to whom since the "excess man crew" laws became effective, thirteen of the companies have paid \$4,466,000, number only about one man out of every 550 voters in the two states.

### HOME HEALTH CLUB

By Dr. David W. Reeder, Chicago, Ill.

Mistakes: All people make them, some make more than others. Sometimes others suffer more through our mistakes than we do ourselves. If a mistake is made by an operator on the railroad many lives may be lost. If a mistake is made by the doctor many lives may be lost, but it is more likely to be only one. The grave may hide even that mistake. Errors of the fatal kind are rare I am glad to say and they are liable to occur in any walk of life.

Recently in a public lecture a "Prof" in New York gave a public demonstration of sawdust eating. He sprinkled one-fourth of an ounce of sawdust over a vegetable salad and ate it after having talked for some time about the benefits to be derived. He stated that only a few trees could furnish the right kind of sawdust. That which he ate was from the Elm and Linden. The object was to furnish something which through irritation to the mucous lining of the intestines would cure constipation.

For this same purpose many physicians recommend bran, common wheat bran, which is no less a sawdust than that which the "Prof" ate. Of the two varieties I believe I would prefer to risk a finely ground supply of Linden sawdust to the bran. The sharp edges of the hard, woody fiber of bran would, I believe, do more damage than the soft Linden wood and the nourishing qualities are equal. Both are wood and indigestible and equally unnecessary.

**A Live Bird Shoot**

There was a little live bird shoot in town on Monday afternoon when a match was pulled off between Mr. John Miller and Mr. Harry Hornadus. "Peggy" said it was for a championship of Mount Joy and Drytown and if that was the case, rats off to

For a time they will, the latter. Everything about the match was good but the shooting was only half bad. The five bird race between "Fozzy" and "Hag" was won by the latter by a score of 1 to 1 score, although one of Miller's birds fell dead out of bounds—down at Snyder's dam. Messrs. Getz and the scribe also shot. The score:

Miller ..... 0-0-0-2-0 -1  
Hornadus ..... 1-1-0-2-1 -4  
Getz ..... 1-0-1-0-0-1-0-3  
Bumblecock ..... 1-1-0-1-0-1-0-4  
Chief scorer, Blundy Millard; Trap man, Washington Carpenter; Bird man, "Washey" Carpenter; Bird Killer; Killer of strays, Mushy Good; Retriever of dead birds, The Worm; Attendance, Pyle, Couch and others.

**Obnoxious Couple Sent to Jail**

Warren D. Miller, aged fifty years, and Serena A. White, aged seventy years, occupy cells in the Lancaster county jail, having been arrested by constables Showers and Spring of Manneford, and committed for a hearing before Justice of the Peace Stroh, of that place. It is claimed that Miller is habitually drunk and disorderly and furnishes liquor to intoxicated persons. The wife is charged with being drunk and disorderly and conducting a disorderly house. The couple have made themselves obnoxious to the residents of the town and an effort will be made to rid the community of them. Both have done time in jail before.

**Tells How Vinol Restores Strength and Vitality to the Weak, Worn-Out Ones in Her Charge.**

Rosary Hill Home, Hawthorne, N. Y.

"I have been at work among the sick and poor for nearly eighteen years, and whenever I have used Vinol for run-down, weak or emaciated patients, they have been visibly benefited by it. One patient, a young woman, was so weak and ill she could hardly creep to my door for aid, and was leaning on a friend's arm. I supplied Vinol to her liberally and in a month when she returned to check me I hardly recognized her. She was strong, her color charming and her cheeks rounded out. These words are uttered from my heart, in order that more people may know about Vinol, as there is nothing makes me happier in the world than to relieve the sick."

Mother M. ALPHONSA LATHROP, O. S. D., Hawthorne, N. Y.

Such disinterested and reliable testimony should convince everyone of the merits of Vinol, our delicious cod liver and iron tonic to build up health and strength for all weakened and nervous conditions, whether caused from overwork, worry or chronic coughs and colds. If Vinol fails to benefit we return your money.
