Mr. C. Thompson, one of the I. H. C.'s blockmen, stationed at Lancaster, was helping to take inventory at H. H. Engle's.

Mexico may soon be in a frame of mind to welcome visitors.

More than 10% of all Cement Used in the United States is

Advertisement for LEHIGH PORTLAND CEMENT showing a map of the United States and three bags of cement. Text: 'Consider these facts about the National Cement: Starting in 1898 with one mill having a yearly capacity of 250,000 barrels of Lehigh Cement, we have grown to the extent of twelve mills located throughout the country for quick distribution to our customers, capable of producing over 12,000,000 barrels annually.'

This is the Cement age—in the United States yearly the consumption is ONE BARREL FOR EVERY PERSON—cement is used everywhere—for every conceivable purpose.

Cement has made possible the world's greatest engineering triumphs—canals—dams—irrigation projects—subways, etc. It enters into the construction of our homes—factories—public buildings—garages—streets—roads—sidewalks—bridges—railroads—piers—etc. The farmer uses it for barns—floors—silos—cisterns—water troughs—fence posts—etc.

FOR SALE BY F. H. BAKER, Mount Joy, Penna.

LEHIGH PORTLAND CEMENT

Disadvantages of Valve-In-The-Head Motor

have been pointed out to you by every automobile dealer ever since we started to sell Buick valve-in-the-head automobiles in 1905. Now that quite a few of our competitors are selling valve-in-the-head motors we presume they will still continue to tell you the same story. They must do so or admit they are members of the "Annals Club."

Although some of the cars they sell have imitations of the Buick valve-in-the-head motor in them and they will tell you they are "just as good" as a Buick yet they are not a real valve-in-the-head motor. If this is correct, why buy an imitation? They nor we at any time ever advised you to buy an imitation valve-in-the-head motor (except since they offer them for sale.) They and ourselves were correct in giving you this advice and we again advise you by all means to accept it as true because

All Automobile Dealers Told You So

We say to you as we have always said and we are backed up by the largest automobile factory in the world today in making the statement that the "Buick Overhead Valve Motor is guaranteed to develop more power and to give more mileage per gallon of gasoline than any other motor of its size, either American or foreign make."

Meet us at the Lancaster Automobile Trade Association Show, in the Hiemenz Auditorium, Prince and Orange Streets, Lancaster, on January 20th, 21st, 22nd or 23rd, or call at our Salesrooms at any time, and we will give you some facts (backed up by every gasoline engine authority in the United States) that will interest and surprise you.

Spring Advertising This newspaper invites its readers to the careful consideration of the announcements in our advertising columns of the fine lines of spring goods now being offered. This is a time of years when people are spending a good deal of money for new material. It makes a big difference to the family balance sheet at the end of the year, whether or not the purchases of the spring season are made careful and thoughtful.

If you go down town haphazard, blunder into the first store you see, and buy the first article offered, without previous consideration, you are apt to regret it.

The wise purchase is the one made after study of the announcements in the home newspaper. Examination of the advertising gives a clear idea as to what merchants are the most enterprising, and what special bargains are being offered just now. Pick out the men who bid the most actively and intelligently for your spring trade, visit their stores, and inspect their offerings, and you will find the chance for a selection that you won't regret.

Auto and Team Collide A collision between an automobile and a team occupied by a man and a woman occurred on the Ironville pike on Saturday night. The occupants of the carriage were thrown out but escaped injury. The shafts of the vehicle were broken. The auto escaped damage. The names of the people figuring in the collision could not be learned.

Tie Your Dogs All hunting dogs, in compliance with the Act of Assembly, must be tied at this time of year, and remain tied until December. The fact that a dog is tagged does not give him any special privileges. Owners of hunting dogs will be prosecuted in case they allow their dogs to run free.

Auto and Team Collide A collision between an automobile and a team occupied by a man and a woman occurred on the Ironville pike on Saturday night. The occupants of the carriage were thrown out but escaped injury. The shafts of the vehicle were broken. The auto escaped damage. The names of the people figuring in the collision could not be learned.

Licenses Transferred The hotel license held by Harry Engel, second ward, Marietta, was transferred to Charles Zettlemoyer by the court on Saturday.

Grady Estate Letters Letters on the estate of Charles A. Grady, late of Marietta, have been granted to the Lancaster Trust Co., as executor.

The mantle of charity covers a lot of amateur theatrical performances.

RACE CULTIVATION

Little Talks on Health & Hygiene by Samuel G. Dixon

To maintain the highest degree of physical health, it must be accompanied by a healthy brain. One that can work out its own problems in early intercourse with the rest of mankind, and cooperate for the preservation of its own species. This is a law of nature.

The Teutonic writers would have us believe that it is necessary to keep up the prosperity of a healthy nation, claiming that the whole scheme of nature is to live on itself. This, however, is a mistake. Cannibalism is rare and unnatural.

The self preservation of species means the united effort of individuals to that end. When one begins to live on one's self, death follows. To modify a common but true saying, dog cannot eat dog. War kills off the healthy and breeds death.

In these days of advanced health measures, children should be taught to take plenty of out-door physical exercise, but it should not be brutal in character. Their sports should tend to cultivate control, temperate thoughts and kindness.

As war brings pestilence the high education should not teach the Teutonic interpretation of the laws of nature, but that it will lead to the self destruction of the species.

Wars must cease as man overcomes the brute side of his nature, although he may be trained in the science of war without becoming brutal. In this twentieth century all questions between nations will have to be settled by international courts. The present war is counteracting the results of great health laws that have been enforced by spreading communicable disease and killing off the able bodied members of the belligerent nations.

To attain the highest degree of health, militarism must be crushed.

To Start Lodge of Masons Although the Masonic Home is located at Elizabethtown and there are a large number of members of the order in that town and vicinity, there is no lodge in the place. A movement has just been started to institute a lodge. A preliminary meeting was held several nights ago at the home of Harry Miller to take necessary steps, which are likely to prove successful.

"Jap" Goes to Wilkes Barre "Jap" Doemus, the pitcher who made quite a record with the Ephrata base ball team during the past several seasons, has received a contract from Wilkes-Barre New York State League team, and will report to that club early next month.

Can't Do It Now Columbia councilmen intended to make alterations in their big town hall, but when they found that the lowest bidder asked \$21,799.20 and that other necessary work would cost \$5,000, they threw up their hands and abandoned the project.

For that wanderlust feeling take a vacation trip to San Francisco.

KIMBROUGH SUED

Charged With False Pretense Before Alderman Doebler

R. L. Kimbrough, who was the Manheim tobacco producer, has been arrested on a charge of false pretense preferred by M. Cover, a farmer, before man Doebler. The prosecution was on March 11 Kimbrough sued a check for \$133.25 Lancaster County National Bank and he did not have the funds in bank to meet it. The check was in payment for 1,237 pounds of wrapper 713 pounds of seconds, and 52 pounds of fillers.

Mr. Kimbrough holds a tobacco license because of a trouble arose because of a drawn. He has retained B. F. Davis, Constable, to sue the warrant. Attorney his bail for a hearing afternoon next.

Will Add Another Another memorial building to be added to those already in existence. The building is to be located at the corner of Paul Lewis, a member of A. Lambertson lodge, No. 1014 Philadelphia, has contributed for the immediate erection of the new building. It will be known as the "Paul Lewis Memorial Building."

It is expected to add greatly to the appearance of the ground and the gift is highly appreciated by the officers of the Home, as well as the members of the order in general.

Can't Do It Now Columbia councilmen intended to make alterations in their big town hall, but when they found that the lowest bidder asked \$21,799.20 and that other necessary work would cost \$5,000, they threw up their hands and abandoned the project.

For that wanderlust feeling take a vacation trip to San Francisco.
