The Fullworth Clothing Co., Philadelphia

Have Closed Out To Us The Entire Balance of Their High Class

THE Fullworth Clothing Co., is one of the best known and most progressive Clothing manufacturers in the city of Philadelphia. They do an enormous and fast increasing volume of business all over the country. They are noted particularly for their snappy, up-to-the-minute styles, and all their clothing is manufactured under their own personal supervision, in their own big factory.

THE Fullworth Clothing Co., confines their business entirely to the big retailers throughout America. No one can purchase goods from them except in very large quantities, which debars the average clothing store from handling their line. They have never sold goods in Lancaster prior to this firm's advent in this city; no concern's business being large enough to interest them. They have just closed the most successful season, having left only
