### Home Health Club

WEEKLY ARTICLES WRITTEN EXPRESSLY FOR THE MT. JOY BULLETIN BY DR. DAVID H. REEDER OF CHICAGO, ILL.

Exercises: If you want to find out how many muscles you do not exercise just try some very unusual stunts. Do some work that you have not done for a long time. When you get through being sore and stiff after that job, try another kind, you will realize that when the physiologist tells you that there are in the neighborhood of 500 different muscles in the human body he knows whereof he speaks. You will agree quite readily that it is possible for all of them to ache at once.

As a rule certain experiences stand out in our memory and we learn through them how to secure with or without erasers, also many designs in pen holders, with any thing printed thereon you wish, at prices that will astonish you. They are a crackerjack advertising novelty and we will be pleased to show samples and quote prices to any one interested.

### COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich. — "I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I could dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong." — Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work.

In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in office, factory, shop, store or kitchen, woman could remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It remedies that vigor which makes work easy. — The Lydia E. Pinkham Medicine Co., Lynn, Mass.
