A negro family of six enroute from Hantsdale to Lebanon by way of Lancaster, passed through here Monday evening, "roosting" in the barn on the C. S. farm over night. They earned their breakfast, however, by helping to unload four loads of hay.

While Miss Bertha Miller was hunting raspberries in the hills on Monday she got lost in some manner and to make matters worse, came in contact with a hornet's nest. A bit of screaming was then heard by Mr. Kolp who came to her rescue.

A certain young lady is certainly afraid of having her hands spoiled for while picking tobacco plants at the P. V. farm she had a pair of stockings on for gloves to keep them from getting soiled. Well, fine feathers do not always make fine birds.

Mr. and Mrs. Menno Risser and family and Phares Stern and family took in the sights at the big July 5th parade at Elizabethtown. Mr. Stern's donkey which has caused quite a stir among our smaller boys, was a prominent figure in the parade.

A large copper snake was loaded on a hay wagon along with the hay without being noticed by the loaders on the C. S. farm on Tuesday, but it certainly made the fellows "dumb" when it made its appearance a little later to the ones who were unloading in the barn. This is the second big copperhead that was killed in haymaking here.

Lightning last week struck the house of John Martin living at the Conewago Hills and done considerable damage. His housekeeper was knocked senseless and remained in that condition for over a day. She is improving, however, at this writing. His two fine hunting dogs were also struck and instantly killed. The loss is estimated at several hundred dollars.

H. Meckley a sportive equestrian down at Horst's mill, is still of the opinion there is naught more conducive to health than horseback-riding and "convince a man against his will, he is of the same opinion still, "but Henry it is far more exhilarating to ride on a good motor cycle.

A turtle at least 57 years old, was found in a field on John Bishop's farm, now owned by S. C. Moyer, adjacent to Risser's church, the other day. On the turtle's shell was carved the inscription "R. G. B. 1858." It is believed a son of John Bishop. Rufus G. carved his initials and the date on the turtle, which has outlived him by several years.

Melon Raisers Have Their Troubles

Growers of melons, cantaloupes and pumpkin in certain sections complain that they have been having a hard time to get them started. In the first place, they were very slow in coming up. In fact, a great many did not get started and what did appear do not seem to grow. A number of farmers gave them up and planted other crops in their stead.

Examination for Postmaster A civil service examination for postmaster at Silver Springs, will be held on Saturday, August 14, by clerks from the Columbia post office under United States Government rules. The salary for the last fiscal year was \$181.
