## SAVE YOUR CALVES

Raise Them Without Milk

Why throw away money by knocking them in the head or selling them for a dollar or two at birth when they can be raised or vealed WITHOUT MILK at a fraction of the cost of feeding milk. You profit both ways selling the milk and still have the calves.

The Best Milk Substitute to Use Is

**Ryder's Cream Calf Meal**

the most successful milk substitute on the market—the standard of perfection. Thousands of farmers are using it and cannot say enough for it. It is NOT a stock food—it's a complete food that long experience has proved to be right for rearing calves. It contains all the nutrition of milk prepared in the most digestible form and is sold on a money back guarantee to give results.

BOOKLET "MILKLESS CALVES" FREE  
100 lbs. equal to 100 gallons milk—Try it on your calves.

## Big International Exposition's Amusements Novel and Wonderful

President Wilson Will Visit Panama-Pacific Display of Nations via Panama Canal—Vanderbilt Cup Race and Grand Prix Will Be Held In San Francisco.

By HAMILTON WRIGHT.  
WONDERFUL and novel amusements, parades and pageants of the oriental countries, auto and yacht races and athletic contests will be observed upon a scale of unexampled magnitude and grandeur at the Panama-Pacific International Exposition. The extensive participation of China, Japan, Siam and Indo and Cochinchina, when taken in connection with the plans already made and with the interesting oriental population of San Francisco, assure such spectacles as have never before been seen in the occident. Parades of miles in length set off by wonderful floats and marvelous pyrotechnics will wind through the streets of San Francisco. There will be held throughout the

this event. The famous Salt Lake Mormon choir, the deep toned plaintive singers of Hawaii and even a chorus of fifty Maorian singers will take part in the choral events. At an expenditure of \$1,250,000 the Exposition has constructed a great Auditorium in the city center of San Francisco, which will be used by the great conventions and song festivals. Mr. and Mrs. Douglas Crane will present their latest treacherous novelty, the "Exposition Tango;" Mr. Harry Lauder will sing the Exposition ballad. The amusement section of the Exposition, the "Zone," corresponding to the famous "Midway" at the World's Columbian Exposition at Chicago, will carry out the purpose of the Exposition to give every feature a high educational value.

dental railways. The Grand Canyon concession is built upon so prodigious a scale that visitors will view the canyons from a standard gauge railway coach running on a standard gauge track. A huge working model of the Panama canal is so extensive that visitors seated in comfortable theater chairs will be carried along the route of the canal upon a movable platform, and a dictaphone at the arm of each chair will describe each scene as it comes into view. A novel amusement feature will be provided by working submarine boats of sixty-five tons displacement, which will operate in an artificial lagoon. The Aeroscope, a huge inverted pendulum, operating like a giant seesaw, with a great balancing weight on the short end and a car for passengers at the extremity of its long

WONDERFUL GLASS DOME OF THE PALACE OF HORTICULTURE, PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

Palace of Horticulture, looking through the Court of Palms. This beautiful structure has a glass dome 185 feet high and 152 feet in diameter. Crowning the dome is a huge basket. The general style of the architecture is the French renaissance, with Saracenic modification. The extreme length of the palace is 672 feet and breadth 320 feet.

entire period of the Exposition, which opens Feb. 20, 1915, a series of great events, including sports and athletic contests of many kinds conducted upon a scale of great magnitude. The Vanderbilt Automobile Cup Race and the Grand Prix, the two supreme events of the automobile year, will be held upon a four mile course, embracing a circuit of the Exposition palaces, a spectacular background far exceeding in beauty and grandeur any which ancient Rome beheld during its historic chariot races. The Vanderbilt Cup Race will take place on Feb. 22 and the Grand Prix on Feb. 27, 1915. Great motorboats of the deep sea cruiser type will race for a \$10,000 prize from New York through the Panama canal to the Golden Gate. A series of international yacht races in the twenty-one meter class will be held in San Francisco bay. President Woodrow Wilson, Emperor William of Germany and King George of England have each offered trophies in these events. Swimming, water polo, fly casting, canoeing, football, baseball and long distance foot racing are included in a series of more than 200 different kinds of contests. President Wilson himself will attend the Exposition, and it is probable the members of congress will attend in an especially chartered steamer.

Imagine, for the purposes of illustration, ten great circuses like Barnum & Bailey's combined into a single "greatest show on earth" and presented at ten times the cost of the single production and an idea is gained of the originality of this section. A total of more than eleven millions of dollars has been expended in its establishment. The concessions, as these less serious features of the Exposition are known, include a great open air panorama reproduction of the Yellowstone National park and a similar reproduction of the Grand Canyon of Arizona, presented by two of the transcon-

er arm, will raise sightseers more than 325 feet above San Francisco bay, affording an unsurpassed view of the Exposition City and the Golden Gate. Apart from the amusements, conventions and congresses, the vast pavilions, the superb pavilions of the nations and the magnificent state buildings, the Exposition itself is a sight well worth seeing. The giant exhibit palaces, the loftiest and most imposing exhibition buildings ever constructed, are in their architecture representative of the finest work of a commission of famous American architects, who freely collaborated with distinguished members of this profession abroad.

VAST TRIUMPHAL ARCH AT THE WORLD'S GREATEST EXPOSITION, THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

Arch of the Setting Sun in the west entrance to the Court of the Universe at the Panama-Pacific International Exposition. Surmounting the arch is a group of statuary representing "The Nations of the West." In the middle of the group is an emigrant wagon drawn by oxen. Riding in this is the figure of a woman, "The Mother of Tomorrow," and by her side are two children, "The Hopes of Tomorrow." Other figures represent an American Indian, a Mexican, an Alaskan and other American types.
