

These are the Prizes

The First Prize

1st Prize New Perfection Fireless Cooking Oil Stove No. 7 will be awarded the writer of that letter, listing the largest number and the most practical uses for kerosene, other than lighting and heating. The value of this stove is \$33.00

Five Second Prizes

2d Prize New Perfection Oil Cook Stove No. 3 There are five of these handsome substantial three-burner stoves offered as second prizes. They will be given to the writers of the five second longest and best lists of kerosene uses. These stoves sell for \$10.75 each, are strongly made, simple to use, economical of kerosene and help you cook better and lessen your work.

Ten Third Prizes

3d Prize Perfection Smokeless Oil Heater No. 230 Think of it, ten heaters as third prizes—and they'll make the homes of the ten successful housewives brighter, cosier and warmer during the cold winter months. And all you have to do to get one, is to be one of the writers of the ten best lists of practical kerosene uses. These heaters, beautifully finished in blue, cost \$4.85 each at the stores.

Ten Fourth Prizes

4th Prize Perfection Smokeless Oil Heater No. 430 Ten fourth prizes, each costing \$4.85, enameled in a tasty blue and each as good a heater, from the standpoint of service as money can buy. It's not going to take a whole lot of thought to send in sufficient kerosene uses to win one of these prizes, and they do make the home happier, because they stop the complaints of cold and keep the family smiling.

Thirty-four Ninth Prizes

9th Prize Rayo Lamps Thirty-four beautiful RAYO LAMPS constitute the ninth group of prizes. They will be awarded just as are the other prizes. These lamps sell for \$1.50 each, and no more handsome lamp can be imagined nor can one be bought at any price, that gives a clearer, softer light or one that is as clean to use.

100 Free Prizes for You Women Who Tell Us the Most Uses for KEROSENE

It's past belief how many women, good housewives too, think that kerosene is good only for lighting and heating. But you, of course, there are other hundreds of you who know its uses are almost boundless.

Some tell us they've tried kerosene as a floor polish—and find it splendid—that it will preserve the finish and beauty of a fumed oak set better than the most costly dressing, and, mixed with whitening, with almost no rubbing, will make nickel trimmings glisten. Then, for cleaning the porcelain bath tub, nothing equals kerosene. It leaves it shining snowy white.

What Do You Do With Kerosene?

What are your pet methods for making kerosene work for you? You are probably acquainted with many helpful, practical uses, if you'll only just take a little time and dig them up, out of the store of your household experience.

Write down all you can think of. Send your list to the Contest Department of the Atlantic Refining Company, and you're just as likely as not to be one of the fortunate winners of any one of the 100 valuable prizes pictured in this advertisement.

It's ordinary common sense and not fancy composition that'll win these useful, handsome awards. All we want you to do is just tell us in your own way how you have found kerosene useful around the house.

The letter that lists the greatest number and the most practical uses for kerosene will win the first prize—a \$33 New Perfection Oil Cook Stove—a prize well worth getting, for it surely does lighten the drudgery of cooking.

The next best five letters will be judged on the same basis, and for the writers of these there are five New Perfection Oil Cook Stoves (each valued at \$10.75) to make work easier in the homes of five enterprising housewives.

In the same way the remainder of the 100 desirable prizes will be awarded. Read the list at the left.

Was there ever a chance to get so much for so little effort—no work, only a little thinking necessary—just write what your housework has taught you, but please use only one side of the paper and be certain your letter reaches us before December 1st, 1915, for on that date this contest positively closes.

Remember, the greater the number of uses you submit and the more practical each is, the more certain is the chance of your securing any one of these hundred splendid prizes.

Don't wait till the last day, but begin making up a list immediately—the longer the list the better your chance.

The Atlantic Refining Company Philadelphia

Besides the illustrated prizes, there are ten fifth and an equal number of sixth, seventh and eighth prizes, all splendid, serviceable Perfection Oil Heaters which your dealer sells for \$3.80, \$3.70, \$3.60 and \$3.30, respectively.

Table with 3 columns: Name, Position, and Club. Lists players like Myers, Geibe, Morton, Zink, Groff, and others.

share of applause and rooting. Previous to the game there were many predictions and the result, in our estimation, was as big a surprise as were the defeats of Penn, Michigan and Yale that same afternoon.

When the game started the Mt. Joy team had all its regulars while the Richland Club was minus Zink, a former local player; Toppin, the much heralded speed demon; O'Neill, a former gridiron star and Schock, of whom nothing need be said of his foot ball ability as his work on the local as well as Franklin & Marshall teams is still well remembered.

At the opening of the contest, Mount Joy was the favorite. The Richland Club kicked off and Mt. Joy returned the ball to mid-field. They then rushed the Club team down the field to the 15 yard line before the game was five minutes old.

Right here the club team took a brace and held for downs, getting the ball. The Club then gave a fair example (without practice) of how the game is played. During the balance of the game the ball swayed back and forth.

In the last quarter the Mt. Joy team started down the field with a rush and by good hard foot ball carried the ball to the Club's ten yard line. Here the boys took a brace and also held for downs.

A feature of the game was the all around work of Breneman, especially his tackling; also Bowman and R. Kramer. "Einnegan" Kramer, one of the bright stars on the Mount Joy team, could accomplish very little as it seemed every man on the other team was "laying for him."

The lineup follows: Mt. Joy Position Richland Club. Myers left end G. Brown. Geibe left tackle Barr.

Morton left guard Easton. Zink center R. Brown. Groff right guard Klugh. Furrer right tackle Zeller. Bremer right end Newpher.

Thursday, Dec. 1—On the premises the Amos Ziegler farm near Schock's Mills, 2 1/2 miles west of Marietta and 2 miles southwest of Maytown, 3 head horses, 2 cows, a large lot of farming implements and some household goods by Mr. George Epply.
