The second annual Lyceum Festival given under the auspices of the Pennsylvania Chautauqua Association in the Maytown Hall was a treat for those who availed themselves of the opportunity to attend its sessions. The six entertainments were again given by companies of young people who were accomplished in their parts. The music by the Soiree Singers, the Regimental Quartet and the College Club was well received by the large audiences who listened to them. Miss Mary Agnes Doyle, in her interpretation of "Peg O' My Heart," was an excellent entertainer. Prof. Reno Weibourn's "Wonders of Science," was a revelation along the line of what may be done in future years by the use of electricity. Dr. A. E. Turner's lecture was of a high order and was much appreciated by the large audience that listened attentively to his every word. Prof. Bohl, the platform superintendent, delivered three splendid lectures on Germany and the war, the causes of the present war, and Americanism. In all probability the Lyceum Festival will be repeated again next year by the same association in view of the fact that the interest seems to be growing each year in their favor.

There is a man in Louisville who jumps thirteen stories down an elevator shaft and breaks his leg, while another man merely proposes to a pretty girl and breaks his heart.

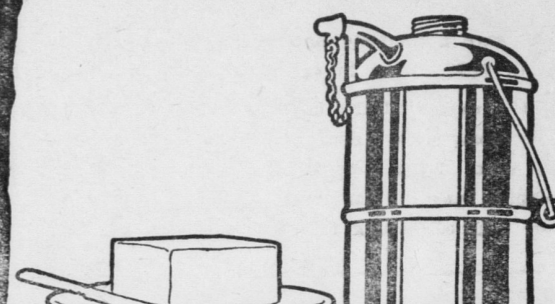

First thing we know the suffs will be insisting that it be called the Giripoli Peninsula.

Easily Carried from Room to Room

Upstairs or downstairs, from room to room, the Perfection Oil Stove is easily, safely carried without the necessity of putting the flame out. Every home should have a Perfection as a protection against the chill of spring and fall and the severe winter weather.
With the Perfection there is no smoke, ash, soot or odor. Burns kerosene, the most economical fuel you can use. Sold by dealers everywhere. Ask to see the

PERFECTION Smokeless Oil Heater

Butter and Kerosene

YOU appreciate the deliciousness of good, wholesome butter. You are willing to pay a high price for it. If the butter is the least bit "off" in taste you resent it and register a kick to your grocer.

Now, why not give the same attention to the kerosene you buy? Why buy an inferior quality when you can get a better one? At no increase in price to you, you can get the best kerosene sold today if you will ask for

ATLANTIC Rayolight OIL

Rayolight is the most economical oil you can burn. It gives out greater heat, burns brighter and lasts longer. It is scientifically refined to overcome the objections of common kerosene. Because of our process of refining Rayolight will not char the wick or cause soot and smoke. Neither does it give off an offensive odor when burning.

It's just as easy to buy Rayolight as it is the common kerosene. Ask your grocer for it—he has it and at the same price that any other kerosene is sold.

Atlantic Rayolight Oil makes washday easier. A tablespoonful added to each gallon of water when boiling clothes will make them white and sweet. Ever hear of that wrinkle? Do you know one equally useful? Hang on to it, 'cause some day it may be worth money. Watch these ads.
