Pictorial Review Patterns For Making of Spring Garments

When making your spring garments, use Pictorial Review Patterns, for which we are sole agents in Lancaster. They are the last word in style; are economical with materials and easily understood.

A wonderfully interesting and instructive demonstration of how the renowned Whittall rugs are made has been arranged by the Hager Store, for the people of Lancaster and vicinity. A special loom 8 feet high, 5 feet wide, with 3000 separate parts, will be installed on our Fourth Floor and operated by a skilled demonstrator while a lecturer will explain the work ings of this wonderful machine which was built especially for this purpose. It is the only Exhibition Rug Weaving 「「「「「「」」」「「「」」「「」」「「」」「「」」」 Loom in the world. Come and see the entire process of making a rug from the raw material to the finished prooduct.
