MANY GETTING "FORTUNES" Banks Are Paying Out Many Deposits of Years Ago

The new law to the effect that banks which have the custodianship of funds from old estates or deposits made years ago must now settle those upon whomsoever they legally belong, or that the State would take possession, is causing no end of surprises, as the banks are taking it upon themselves to notify persons who are entitled to such moneys. In many instances the amounts are quite small, and their very existence had long since been forgotten. Just the other day a local man was surprised to receive two checks of this sort from the Lancaster Trust Company. Both were for small amounts placed in their hands in the year 1892. One was a personal account of fifty-nine cents, and the other thirteen cents due him as administrator of an estate that year. He had long since forgot that there was anything to his credit in either case.

A certain New Yorker will not soon forget a recent experience. He received a message to that effect that there was some money awaiting him in a Chicago bank. He couldn't remember depositing anything in that institution, but, thinking that someone might have left him a fortune, he hurried West. Imagine his feelings when upon arriving at the bank he was presented with fourteen cents instead of the hoped-for "fortune."

Was Left Off Easy William Clark, the colored Billmyer quarry laborer, who was charged with killing James Goosh, also colored, by cutting his throat on Christmas day during a drunken quarrel after returning from Baltimore to Billmyer, was convicted of manslaughter Wednesday afternoon. The jury deliberated just an hour.

CLARK SENTENCED Judge Landis sentenced him to pay a fine of \$100, to pay the costs of the prosecution and to serve five years in solitary confinement at hard labor at the Lancaster county prison.

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation." — Mrs. J. A. Koenig, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

MARRIAGE LICENSES The following marriage licenses have been issued: Hervis, East Donegall, Iller, Conny.

It Works Both Ways The city of Harrisburg put one over on the jitney drivers by making each furnish a \$2,000 bond and pay a higher license tax. Now the jitney men are operating their cars as "taxis" and the new ordinance which is being enforced does not cover "taxis."
