

MOTHER TELLS HOW VINOL
 Made Her Delicate Boy Strong
 New York City. — "My little boy was in a very weak, delicate condition as a result of gastritis and the measles and there seemed no hope of saving his life. The doctor prescribed cod liver oil but he could not take it. I decided to try Vinol—and with splendid results. It seemed to agree with him so that now he is a strong healthy boy." — Mrs. THOMAS FITZGERALD, 1090 Park Ave., N. Y. City. We guarantee Vinol, our delicious cod liver and iron tonic, for run-down conditions, chronic coughs, colds and bronchitis.

On Friday evening, February 11, on the Passion Play of Ober-

amergau. Over 200 beautifully colored views will be thrown on the canvass to illustrate this dramatic representation of the life of Christ. Prof. Weber visited the village of Oberamergau in 1900 and in 1910 and witnessed several performances of the play, at the same time photographing everything of interest in the vicinity. The Cincinnati Inquirer after Prof. Weber's lecture had this to say: "Simple, beautiful and fervid, the drama and passion of Christ held the audience in Cathedral like stillness for over an hour and a half. Mr. Weber is so thoroughly conversant with the subject at hand that he cannot but please the most critical audience." The lecture is to be given under the auspices of the Young Ladies' Bible Class of the Sunday school of St. John's Lutheran church.

License Records Broken

All records for automobile licenses were broken last month when more than 110,000 tags were issued by the State Highway department. This is exclusive of the licenses for trucks, motorcycles and drivers. The revenue is well over the million dollar mark. Evidently people don't care what the price of gasoline is.

THE KEYSTONE STATE FAIR

Is Not Only Going to Be a Rousing Event For the "Grown-Ups," But

A WONDER WORLD FOR THE CHILDREN

OPENS IN HARRISBURG FALL, 1916

This great Keystone State Fair and Industrial Exposition is going to be a gala event for every child in every county in the entire state. Here they can see for themselves how the big things of the state are done. They can see what their neighbors are doing, as well as what and how things are done in distant counties. And within the boundaries of the magnificent 410-acre park there will be every amusement it's possible to conceive, where the children from every section can mingle for their future betterment, midst the most delightful and picturesque surroundings.

A Great State "Convention" Which Will Better the Lives of Millions Now and In the Future.

No event in Pennsylvania has worked for such universal good of the children as is assured by the approaching Keystone State Fair. In this unparalleled state gathering the welfare of the younger generation will receive a consideration which is sure to revolutionize the living conditions throughout every county. Whatever occupation the parent follows, the Keystone State Fair is going to show that parent how his condition in life can be improved, and how this improvement is going to uplift the future life of his children. No parent can afford to allow this great gathering to pass without having his children see the interesting and beneficial sights.

The Keystone State Fair and Industrial Exposition is going to fill a long felt want—a long felt NEED. Many of our sister states have conducted state fairs, and every one has reported astonishing good—and there has never been a state that has gone to such ends in preparation as is being made here in Pennsylvania. Buildings for all purposes are being erected at a cost of over \$750,000.00, and a two-mile auto speedway which is conceded to be among the best the world has ever seen. So it is, that when all these wonderful factors get going in full blast, this old world is going to see a State Fair that will be REAL.

We Want the Parents of Every Child in This County to Share in the Ownership of This Great Industrial and Educational Movement.

Teach your children the importance of ownership. Instill into their young minds the principles of business. You can teach them a great lesson right now by your becoming personally interested in the Keystone State Fair, by showing them that you are a part owner and a co-worker. A limited amount of capital stock at \$10.00 per share, par value, is offered to the citizens of your county. By taking advantage of this limited offer you will not only be expressing your sentiment toward the success of the Keystone State Fair, but you will be taking part in an enterprise which is certain to produce for you astonishing dividends.
