People Say

That Champtail fills a long needed want in the line of non-alcoholic beverages is the opinion of peopel who know the "good of living." Champtail is non-alcoholic and for that reason it appeals to all classes, besides it is really a sparkling Champagne that bubbles and sparkles just as its more famous forebearer has done in thousands of thin stemmed glasses.

Six Men Who Connect Themselves With No Questionable Ventures

THE **KEYSTONE** STATE FAIR

Has the master minds of these men working out the magnificent architectural beauty and mechanical NOWARD PROBST equipment that will marvel the entire State of Pennsylvania.

The men whose photographs appear here are the beads of the nationally famous Graham, Burnham Co. of Chicago. Their skill in recent years has guided the construction of the Equitable which cost fifteen million dollars; the Union Station in Washington, D. C.; Flatiron Building, New York; Maiden Lane Building, New York; new Continental and Commercial Bank Building, Chicago; Marshall Field and Company Store, Chicago; new General Post-office, Washington, D. C.; Wanamaker's Stores in Philadelphia and New York; Oliver, Frick and Me-Creery Buildings, also Pennsylvania Station in Pitts-burgh, Chicago World's Fair, and the record-breaking

Speedway in Chicago. Other important buildings now about to enter the construction stage are the new Field Museum in Chicago, and the new Union Station of Chicago

EVERY MAN CONNECTED WITH THE

KEYSTONE STATE FAIR

Has his shoulder to the wheel with a determination to forge Pennsylvania, as a show state, clear ahead of every other state in the Union.

We want YOUR shoulder to the wheel, too. We want your good wishes and your good advices. We want whatever help you can possibly give. Remem-ber, this is a state-wide conquest and not a single n in the entire commonwealth can afford to shirk his duty.

We Want the Help of Every Citizen in the State.

Even though you can afford to buy only one share of stock (par value \$10.00), with all the other good people of your county joining ranks, along with sixty-six other faithful counties, the success of the Keystone State Fair will go by bounds and leaps into the biggest State Fair success America has ever known.

When Such Men As These Lend Their H nd to the Success of The Keystone State Fair, You Have Convincing Evidence of Its Success

KEYSTONE STATE F' RAND INDUSTRIAL EXPOSITION

JG., HARRISBURG, PA.

The six men whose pictures you see above have made a phenomenal success because every move they have made has been made with exact pre-cision. No better evidence could be shown of any great success than the great monuments throughout this land, designed or under the strict supervision of these six men. They are not only famous themselves as stellar lights in their profession, but co-operating with them in their masterful system is a great army of architects, designers, engineers and construction experts, all working with the same exacting care as their employes.

KUNK

It is, therefore, reasonable to believe that when men of the Graham-Burnham type agree to link their nation-wide reputation with this great Keystone State Fair, it is a movement with which every citizen of the State of Pennsylvania should become identified.
