WEDDING BELLS
Prof. H. K. Ober of Elizabethtown College Takes a Bride

Risser—Shank
Miss Mary Shank was united in marriage to Mr. Clarence Risser, of Bellaire, by Rev. H. K. Ober, of Elizabethtown a few days ago.

King—Fisher
On Thursday at the parsonage of the First Methodist Episcopal church in Marietta, the pastor, Rev. J. E. Deacon, united in marriage with the ring ceremony of the church, Miss Antoinette Fisher, of Lancaster, and Samuel King, of Strasburg. The couple were unattended. They will reside at Strasburg.

COMING MONDAY July 10th

Toric Lenses

A glance at this picture will speak for itself as to the advantage and merits of the Toric glass over the flat glasses which are being rapidly discarded.

The following advantages are obtained through their use:

1. The glasses can be fitted closer to the eye without having the eye lashes coming in contact with the lenses and causing the lenses to be clouded.
2. The Toric deep curve meets the need of the eye when it rotates in the various directions, giving the widest field of vision.
3. Scientific research has proven satisfactorily that the deep toric curved surface gives the wearer at least 60 per cent. more field of sight against 16 per cent. on the old flat type lenses.

THE STORE THAT GIVES NO DISCOUNTS

OVER 1,000 MEN'S SUMMER SUITS GO ON SALE HERE SATURDAY AT REAL BARGAIN PRICES

On the first day of July—
Right at the very beginning of Summer—
With at least four to five months of wear before you, ere the weather man tells of colder days.

We come to time with a bona fide Clearance Sale of Men's Summer Suits that affords a number of the very best kind of bargains—upwards of 1,000.

In fact, they are doubly big bargains, for these very plain reasons.

The alarming scarcity of wool, brought about by the constant demand for the European armies—
And the fact that prices have soared almost beyond any record, quality for quality.

If you are able next season to get a suit of the same quality as right now and not pay at least \$3 more for it, you will be extremely lucky. In plain figures, you'll have to pay \$18 or more to get as good a suit then as \$15 will buy now.

Add on the size of reduction—and see by how much you are actually the saver.

THERE ARE TWO LOTS

The first is composed mostly of what we call "odds and ends," or one or two of a pattern.

There are between 500 and 600 of these, including Pinchbacks, every one from our regular stock, of our regular high standard.

We reduce them only because of the fact that the sizes are "run down." But that doesn't lower the quality of the Suits the slightest—the quality's THERE.

\$20--\$22 Suits \$14.98 \$18 Suits \$12.98 \$15 Suits \$10.98

Another Bargain—And Just as Good

It's a lot of about 500 Suits that came in this month, but should have been shipped at least six weeks ago.

In an ordinary year we wouldn't have accepted them, coming in after such a delay.

But in stressful market conditions like the present, the maker would have been only too glad to have them taken back, because the scarcity and high price of cloth would make them worth a good deal more to him than we paid for them, according to our order placed last winter.

So we decided to keep the Suits—to sell as many as we could to the end of June in the regular way and then clear up the rest by giving substantial reductions.

These are not Suits bought for "Sale" purposes, but are right up to our regular standard, the high standard that we demand of everything we sell made expressly for us, out of patterns we ourselves selected.

If these Suits had been shipped when they should have been, there wouldn't be a one left—of that we feel quite confident. But that's ancient history—the thing you want to know is what we are going to sell them for. Well, then here are the prices.

\$25 Suits for \$20 \$18 Suits for \$15
22 Suits for 18 15 Suits for 12

Understand, in this second lot the sizes are in much better shape than in the other, and you will get a good selection, whether in long, regular or stout size; in light, medium or dark shades, or in worsted or cassimere cloth.
