# ONE DOLLAR

The Balance Can Be Paid In Small Weekly or Monthly Sums To Suit The Convenience of The Purchaser.

No Extras. No Interest. It's The Same Price Whether You Buy For Cash or Take Advantage of This Gradual Payment Plan.

## The Donovan Talking Machine Shop

IS one of the most perfectly equipped and best stocked departments in all America. No other establishment in this section of the State nearly approaches it in any respect. Every wanted record in the Victrola and Grafonola collection is here. Every machine, in every kind of finish, is always in stock; and, as well, we have hundreds of machines and thousands of records in a reserve stock in another section of our building.

THIS is the only store in Lancaster selling both Victrolas and Grafonolas and therefore the only store where you have the important advantage of comparing the two to see which you prefer.

OUR Department is under the most skillful and competent management, so that each customer can be assured of the same kind of service that is generally only obtainable in one or two of the highest class of stores in the very largest cities.

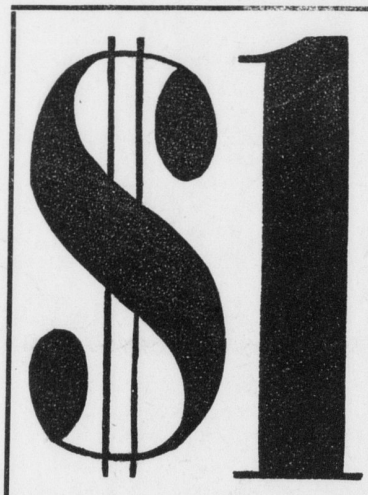

AFTER we sell you a machine, we offer you the same service in the selection of your records. The most expensive records are not always the most desirable. Many of the moderate-priced Victrola and Grafonola records are musical gems of a high order, though not so well known to the public as those by artists of more world-wide fame.

OUR record expert will be glad to play any of these for you, and give you the benefit of her vast experience.

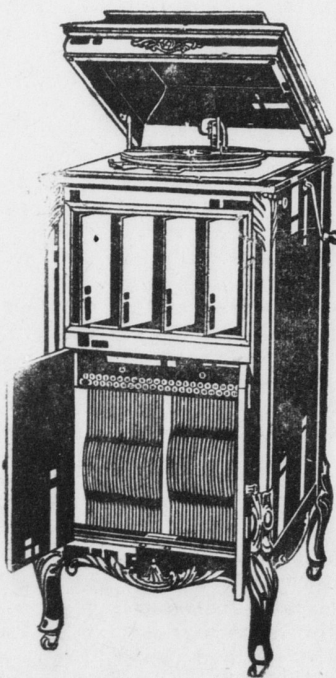

## YOUR CHOICE

Of any Grafonola, in mahogany, English brown, fumed, golden or weathered oak—at \$15, \$25, \$35, \$50, \$75, \$85, \$100, \$110, \$150 and \$200.

## \$1 First Payment

And the balance to be paid in small weekly or monthly sums to suit the convenience of the customer, places one of these world-wide famed instruments in your home.

## \$1 First Payment

And the balance to be paid in small weekly or monthly sums to suit the convenience of the customer, places one of these world-wide famed instruments in your home.

All the Music of All the World Is Yours All the Time For the Payment of a Small Sum at Donovan's

Next Wednesday P. M. October 11th 1916—1st meeting for the Fall of the Cleaners' Club at the Rectory on Frank street to make plans for immediate important work.

**"Peg O' My Heart"**  
Playgoers who have seen J. Hartley Manners' exquisite comedy of love "Peg O' My Heart" and may wish to see it again as well as those who have never seen this play may do so during the coming engagement which is announced for two nights and three matinee at the Fulton Theatre in Lancaster.  
Produced at the Cort Theatre, New York, it ran for 604 consecutive performances to capacity for the entire period of its engagement, and so great was the demand by the theatregoers throughout the country that Oliver Morosco was obliged to listen to the appeal of the theatrical managers and send a special company on tour this season.  
The presenting company was engaged by Mr. Morosco, in view of fitting the roles with the players that best represented the types. So well do they fit these parts, that we are to see the same well balanced cast that appears to such great advantage in all Morosco's attractions. In assembling this cast Mr. Morosco has taken the best of the players who were long associated with him in his many New York attractions.  
The production is complete. This play has made both the author and producer famous.

**Helps Any Town**  
The following appeared in an exchange and bears reproduction as it is quite true:  
The local band is a town advertiser. It plays the "Prosperity March" to the tune of "Home, Sweet Home." The town that boasts its band shall not only by that same band be boosted, but trooted and tooted as well.  
Bands bring people, people bring business and business brings prosperity. This is why every town should get its musicians on the band wagon. A live band is the sign of a live town and even the blind can read the sign.

**Closing at Wild Cat**  
On Sunday, October 1, the seventh annual closing party, was held at the Wild Cat Falls Club House, opposite Marietta, and many from a distance were present. A feature of the menu was roast pig. The Liberty band, of Marietta, furnished music, and those who came in automobiles ran to the Wild Cat Grove and were ferried across.

### DAY-DREAMS BY ED WHITE

### Council Met Monday Evening

(Continued from page 1)

shall be made to get the building under roof as soon as possible.

**Finance Committee**  
Mr. Sumpman reported the approval of a number of bills, all of which were afterward paid.

**Property Committee**  
Mr. Sumpman reported that door stops at post office are being repaired, but that nothing was done as yet relative to the screening over windows in the Council Chamber.

**Light Committee**  
Mr. Ricksecker reported that all lights are repaired whenever reported and recommended placing an additional light at the extreme end of Fairview street. No action.

Mr. Geo. Shatz, pumping engineer, reported machinery in good shape and that the contractor said he will have the new building under roof by the latter part of this week.

The chief of the Fire Department reported that a very satisfactory test of the fire engine had just been made and balance of equipment was in good condition.

Mr. B. S. Dillinger then spoke as a citizen instead of in his official capacity. He stated that there are many complaints relative to the conduct of young men around the post office, First National Bank and Smith's restaurant, especially on Sunday evenings and asked the constables to disperse these crowds or gatherings so that better order prevails at these points in the future. Mr. Gable heartily sanctioned the above. Mr. Dillinger further stated that this matter now rests with the High Constable.

### Treasurer's Report

The report of the Union National Bank, treasurer, showed balances in these accounts as follows: Borough, \$1,132.26; Water, \$3,526.04; Interest, \$258.

### Action Reconsidered

Council's action of the last meeting when it ordered the laying of a 2-inch water main on West Main street was reconsidered. Mr. Ricksecker moved that a 4-inch cast iron pipe be laid for a distance of 200 feet and from there on west to the Morris Groff property an 1 1/4-inch pipe be laid. Same was ordered.

### Want Curfew Ordinance

A committee of the local W. C. T. U. appeared before Council and presented a petition asking for a curfew ordinance that will keep all children under 16 years off the streets after 9 o'clock Winter evenings and 9:30 summer evenings. The petition was signed by the members of the W. C. T. U., the Ministerial Association and the faculty of the High School. The matter was referred to the Ordinance Committee for its consideration. Council then adjourned.

### A Town-Lot Chicken Farm

I started out to raise some hens; I first bought wire to make some pens.  
You need nice pens to make hens thrive;  
Mine cost me \$40.25.

I bought eleven kinds of feed, For fowls a large assortment need, I bought cut bon and grain galore; The bill was \$19.84.

Of course hens need a chicken shed, A place to sleep and to be fed, Mine was a good one through and through, And cost me \$60.42.

### I wonder if hen farming pays;

I've had twelve eggs in sixty days, The bills, of course, have been immense; The twelve eggs brought me cents.

When in Mt. Joy Stop at the
