EDITORIALS

The baker, of course, is out for the dough.

How do you like our new Autumn so far this year?

If we lived in New York, we too would rather strike than work.

However, those Russians always could make gains in the Carpathians.

Philadelphia must have a hard time trying to love both of her Ball teams the same.

The names of the Greek Ministers of State have a sound like interlocking directorates.

No chance of converting the yellow journals as long as the scarcity of white paper lasts.

Colleges grow hoary with age as session after session begins, but the freshman changeth not.

Mackenson's victory over the Romanians will take rank with the famous German naval victory in the North Sea.

If the Germans are not holding their own, at least they are holding in France and Belgium a good deal that isn't their own.

Charles Wabash Fairbanks is a living refutation of the theory that a thunderbolt never strikes the same lightning rod twice.

Up the time the price of bread goes, says administration, goes more of the wheat the New York Sun votes rowers?

We shall be mentioning special college to any the largest class on record.

The company officers the faint of captured German aren't civilized, the new British tanks body with appeal to any sense of humor.

Football is again trying to elbow itself out of the way, but it can't make much headway in this part of the country until the world's series closes.

As Woodrow Wilson is the proximate cause of the reconciliation of Taft and Roosevelt, even the republic will scarcely deny in future that he kept us out of war.

Experts who are worrying because we are exporting such large quantities of wheat and corn seem to forget that we have a large amount of grain left over from last year's crop.

Conference in New London with profit, turn their attention to the time to conditions in New York City where the need of pacification is rather more urgent than in any other part of the country.

All Bull markets of the past like 1907 have cracked on the rock of tight money, but the reason why the present stock market is moving along so confidently is because the Federal Reserve banking system makes money rates easy.

When a section of permanent road is completed it is an unwarranted error to let it rest without frequent attention. It begins at once to deteriorate through wear and weather and if unheeded it will in a comparatively brief time require an expensive rebuilding. It is economy to employ a "road builder" whose duty it is to give the roads a weekly mending.

SALUNGA

The people's paper—The Bulletin. Now comes the second trouble with the farmer, the strenuous caring for and housing of the tobacco crop, past in nick of time to beat the frost is now followed by a most troublesome and vexatious corn mix up heard of in years.
