MASTERTSONVILLE

The Mastertsonville school has an enrollment of 36 pupils. The Mount Hope Sunday School will hold a Children's meeting on the 12th of November.

TORIALS

platform on which both presidential candidates might stand: "We've us from our friends!" With Col. Roosevelt spoiling for a fight, one feels tempted to offer him the position of premier of Greece.

One gathers from the estimates of the national campaign managers that there are now but forty-eight doubtful states.

It'll take more than a German submarine to prevent Sara Bernhardt from making her regular annual farewell tour.

A lot of American history will be made Nov. 7, but if you do not register, you will have no share in the proceedings.

Rev. Mr. Palmquist says that Billy Sunday is like Elijah, but we don't believe the prophet ever had a six-cylinder chariot.

The Democratic campaign appears to have reached the usual and inevitable "We'll win boys if they don't" stage.

Why not solve the New York milk problem by eliminating from the diet of the Harlem milk goat all tin save condensed milk cans?

The captain of the U-53 must have sent word to Ambassador Von Bernstorff not to buy any steamship tickets for a while.

Col. Roosevelt frequently makes a center shot in argument because he knows the history of the country. It is a good thing to know.

We demand government ownership and operation of campaign lie factories. Private competition is getting something fierce.

"How do you do," said Mr. Taft to Mr. Roosevelt. "How do you do," said Mr. Roosevelt to Mr. Taft. Not that they especially cared.

Perhaps Candidate Hughes speaks from a fellow feeling when he insinuates that President Wilson ought to have recognized Huerta.

One gathers from the reports of the Women's Hughes Campaign that Dr. Katherine B. Davis's voice is in all most as good trim as her hat.

If human beings 3,000 years ago had possessed the mechanical knowledge that man has to-day, would there be anybody left on the planet?

Mr. Hughes will find it hard to convince the people that he stands for the eight hour day and at the same time denounces legislation making it compulsory.

One of the indoor amusements that the average man used to engage in every fall was putting up the stove pipe. In some respects life is becoming less complex.

Patrons of the more or less legitimate drama express the belief that better plays will be given in future. It is difficult to see how improvement could be avoided.

Attempts to "baby" the members of the national guard have never met with the approval of the guardsmen. They are grown men and dialike to be made ridiculous.

Pittsburg appears to have given Mr. Hughes the most vociferous greeting extended to a distinguished citizen since Harry Thaw returned to his ancestral home.

Now that Mr. Taft and Roosevelt are on speaking terms once more, it will be safe to receive the proposal that ex-presidents be given seats in the United States Senate.

Senator LaFollette has spent two weeks campaigning in Wisconsin with a saying one good word for Hughes never put himself out much for Taft or Roosevelt either.

We do not hesitate to deny the report that Messrs. Roosevelt, Lodge, Wickersham will if their choice is voted at the polls start a personal-conducted war on Mexico.

Sale of Property and house-furnishing of J. S. Weiss this Friday, Oct. 27. Any one wanting a nice home should take this into consideration.

Beware boys the squire will get you yet. A few words of caution may prove of value surely when you consider the terrible risk of life and limb.

John Kendig is home after spending some months with the Westing house people at Pittsburgh. He expects to resume his work in Philadelphia in the near future.

The unwelcome news came to us that our companions, who blowed into the Quaker City last Friday, got their first drubbing for the season in foot ball on the University Grounds. "Too Bad."

The P. R. R. is busy supplying such a strain on the track that great and they surely do need looking after. The excessive travel brings such a strain on the track that great caution is necessary.

Mr. and Mrs. Ira Herr, Mr. and Mrs. Joe Bender, Mr. and Mrs. Henry Bender, Mr. and Mrs. Oscar Ruhl, Mr. and Mrs. R. D. Raffenberg, Mr. Amos Hiestand, Mr. and Mrs. Jacob Herr attended the Children's Meeting of the Church of the Brethren at Petersburg on Sunday afternoon.

In this enlightened age, just think of it desecrating the Lord's holy day! Just when we as a nation have been blessed with peace and plenty, free from the privations and horrors of war, blessed beyond expectation and yet our young men from good parents, after attending church services on a Sabbath evening, will start on our streets with whip and horse regardless of other persons on the streets. The shouting and cursing, one hears on the crowded street makes it seem like a high carnival in Mexico.

ROWENNA

Mr. Samuel Cozeman with his housekeeper, Mrs. Amanda Reik, and three children, moved to Steelton, where he has secured work with the Steelton Store Company.

The members of the Brethren in Christ Church, of near Mount Joy, held their Sewing Circle meeting at the home of Miss Alice Shank last Wednesday. Twenty-one were present and did a lot of work.

Shoulder Dislocated While loading fodder John B. Harnish of Oyster Point, fell off the wagon and dislocated his shoulder. He was taken to the General Hospital.

Even if candidate Hughes hadn't just completed a thorough tour of the Westinghouse reception accorded Mr. Wilson would have been hardly less

GAS STOVES

Little Talks on Health and Hygiene by Samuel G. Dixon, M. D.

This is the season of the year when some heat at night and in the early mornings is particularly desirable.

Many people instead of starting their furnaces use gas stoves to take off the chill. Not infrequently because they are only expedients, they use rubber pipe connections and in the majority of cases the stoves are not connected with a flue.

Such an arrangement is dangerous in the extreme. Every year many deaths are reported as a result of just such conditions. Coal gas or water gas contains a large percentage of carbon monoxide and this having little or no perceptible odor may be present without being noticed.

One per cent of this gas will kill a horse in two minutes. There is no warning unfortunately, unless material having an odor is added to the gas, the victim becomes unconscious and unless aid arrives a fatal result is almost certain to follow.

Do not use a gas stove without flue connections and proper ventilation. Temporary connections too should be avoided, they are subject to breaks and often accidentally disconnected.

Gas water heaters are often installed in bath rooms without outside connections and then these are made use of to heat the room. Such arrangements are extremely hazardous.

If the President is going before the jury, it is to be hoped he won't have to charge eleven of them with being stubborn.
