Let Us Show You What We Can Do

Advertising a Sale!

YOU don't leave your rig in the middle of the road and go to a fence post to read a sale bill do you? Then don't expect the other fellow to do it.

Put an ad in this paper, then, regardless of the weather, the fellow you want to reach reads your announcements while seated at his fireside.

If he is a prospective buyer you'll have him at your sale. One extra buyer often pays the entire expense of the ad, and it's a poor ad that won't pull that buyer.

An ad in this paper reaches the people you are after. Bills may be a necessity, but that is the thing that does the business.

Don't think of having a special sale without using advertising space in this paper.

One Extra Buyer at a sale often pays the entire expense of the ad.

Save Pennies—Waste Dollars

Some users of printing save pennies by getting inferior work and lose dollars through lack of advertising value in the work they get. Printers as a rule charge very reasonable prices, for none of them get rich although nearly all of them work hard.

Moral: Give your printing to a good printer and save money.
