The deplorable condition of our highways for the past three weeks have greatly improved, thus affording transportation more agreeable. Mrs. Albert H. Gingrich, we are pleased to note has recovered from her recent indisposition, due to a fall. She was under the care of Dr. A. J. Thome. Other features of the program are declamation, dialogue recitations and music. After four years of almost unmountable obstructions our local supervisor is making preparation to macadamize the street from the Centre to the school buildings. When it is completed, we'll hail him "well done thou faithful servant." The farmers were busy the past week hauling manure and other fertilizers preparatory to spring sration. The grass and wheat fields are verdant and the indications point favorable for a prolific season. Last Friday we met our old friend Samuel S. Risser, of Florin, up along the Conewago creek on a fishing expedition. He lured the fishy tribe and doubtless caught some gigantic eels, salmon and mackerel. An epidemic of influenza, a grippe, sore throat, cough, or whatever else one chooses to term it is prevalent in this section. It is undoubtedly very infectious and should be given the proper attention, lest there is danger of developing pneumonia. Usually the rural schools close about this time of the year, but this year they will continue in session the first part of April. This is due to the belated opening of the term on account of the quarantine caused by the prevalence of infantile paralysis. Cottage prayer meeting was held Sunday evening at Jacob W. Moyer's residence adjacent to Sunny Side. The attendance was large and spiritual and was specifically enlivened by a pathetic exhortation from Miss Lizzie Gebhart, a noted Evangelist of Lancaster. After 47 years of uninterrupted mercantile activity Eli S. Grosh proprietor of the Milton Grove store has been succeeded by his two sons Blaine and Claude, this week, who will endeavor to conduct the business in the same unquestionable standard, it has borne in the past. The title of the firm is Grosh Brothers. Principal Charles G. Becker represented Mount Joy Township (on the negative side) in a professional debate at Elizabethtown on Friday night. The question Resolved: That Permanent Peace Among all Nations will be Attained. The negative side swept the affirmative before them like chaff before the wind and easily won the decision of the judges. Examination for entrance to the Milton Grove high school will be held on the 14th of April, beginning at 9 o'clock in the morning. The branches included in examination: Geography, reading, writing, arithmetic, spelling, grammar, physiology and history. A new regulation with reference to the organization of the organization of the school year.

the beginning of school. The Junior class will consist of those who enter school for the first year in the fall and the Freshmen class will consist of all those who are unable to start at the beginning of school. They must enter the first week of November. This is an advantage for rural boys and girls who must remain on the farm for fall work. A typewriter will be installed next year and a full course of commercial arithmetic and bookkeeping will be available.
