VOLUME XVI. NO. 49

Mount Joy, Penna., Wednesday, May 9th, 1917

ONE DOLLAR A YEAR

AMERICAN RED CROSS NEED YOU

EVERY WOMAN IN MOUNT JOY CAN AND SHOULD ASSIST IN THE WORK RECENTLY STARTED HERE.

Do you know that the population of Japan is 40,000,000 and that its Red Cross membership is 1,800,000? Germany's population is 67,000,000 and its Red Cross membership is 1,000,000. The population of the United States is 100,000,000 and its Red Cross membership is only 160,000. Are we, as good true Americans going to trail other countries in this work and especially at this time?

The Red Cross Society is the one agency for relief commissioned by the government in time of war or disaster. Red Cross nurses and doctors go into the field; but most important duties rest upon members at home.

In time of war the Red Cross must equip and maintain field and base hospitals; find for anxious friends sick, wounded and missing men; transport them with tender care to their homes; collect, prepare and distribute supplies.

In time of peace it must be kept ready for immediate relief in case of disaster. The necessity for this was shown in the Galveston flood, the San Francisco fire, the Titanic wreck, Ohio floods and eighty other disasters.

In all of these the Red Cross provided immediate shelter, food, clothing, and care for the sick, dying, and thousands of people temporarily dependent—distributing more than \$15,000,000 in money and supplies.

Your Red Cross should have a million members. It is mobilizing the nation's generous impulses, preparing to meet not only the possible disaster of war, but also the inevitable disasters of peace.

The organization recently started here held a most satisfactory and encouraging meeting last Wednesday afternoon in the Council Chamber. Mrs. LeCoc and Mrs. Smith were present from the Harrisburg Red Cross Chapter, and explained details of the work and gave much valuable information. At this meeting, by a unanimous vote, the organization became an auxiliary of the Harrisburg Chapter.

The Harrisburg Chapter sends a representative to Washington each week, thereby keeping in close touch with the work at the National Headquarters. Our Auxiliary will be greatly helped by being affiliated with a Chapter so well organized and ably managed.

We wish to emphasize a statement made by our visitors from Harrisburg viz: That all ladies who do not feel able at this time to pay the membership fee of \$1.00, are not only cordially invited, but urged to meet with us each week and render all the help possible in making the hospital and other supplies so very greatly needed. Your country needs your help—needs it now.

Now that our organization is an auxiliary to a Chapter one half the membership fee of \$1.00 is retained by our Auxiliary to be used as demands are made upon us.

Please hand your name and your dollar, your ten or twenty to Mrs. H. S. Newcomer, Mount Joy.

Guess Billy is About Right

In New York, the other day, Billy Sunday made two remarkable expressions. He said that the moral degeneration of America would continue until women dress more modestly, and added: "A man can't look at a woman as she dresses today and have prayer meeting thoughts."
