FRUIT CROP **OUTLOOK GOOD**

Peach Yield Expected to Be 100 Per Cent. in Several Counties; Apples 97.

GRAIN PROSPECT NORMAL

Conditions of the Winter Wheat and Rye in the Ground Gives Every Indication Would Raise Almost the Usual Crops.

-Harrisburg. ground. Unusually bright prospects for the correspondents of the Pennsylvania April. Department of Agriculture. The consplendid yields, and, while the coun- 10 cent to 6 and 12 cents. try faces a shortage of grain crops, promise of a bumper fruit year.

While the United States faces a short wheat and rye crop, the condi- a petition for a curfew in Sunbury. tion of the winter wheat and rye in turally, the Keystone State would 300 workers reported it was found again come forth in an emergency and the amount collected was \$200,024. raise almost a normal crop of both There was great enthusiasm in City

The prospect of a nomal peach crop nounced at this time a year ago was about 63 per cent., but present reports indicate that the crop will be above 80 per to Thomas G. Ryan, Danville, a State cates a yield of almost 97 per cent. was committed to jail. of normal. This is a remarkable average for this time of the year, and the history of the State can be anticipated if late frosts and pests do Franklin and York counties a 100 per cent, crop is expected, while conditions in Bedford county indicate a 90 per cent. crop, and in Cumberland county a 95 per cent. crop. Many made at Harrisburg by a committee new orchards in this district will come into bearing during the present season and increase the crop.

Frosts Damaged Lowland Crops. In the northern tier and some of the central counties the heavy frosts killed many of the buds on trees in Agriculture. lowlands, and the prospects for large crops have been materially lessened. These counties are not important com. mercial peach-growing districts. Counties where the indications point to crop are: Allegheny, Armstrong, But- to supervise community gardening. ler, Cambria, Cameron, Clarion, Forest. Greene. Jefferson. Lackawanna. Lawrence, Venango, Westmoreland

Twenty-two counties report that indications are that the apple crop of 1917 will be a normal one and the general average for the State is 97 per cent. Reports indicate that the condition of the apple trees and the were 11 per cent. ahead of the condition at this time a year ago, when there was promise of about 88 per cent. of a normal yield. The southern apple belt shows every indication of a crop of 100 per cent. or better, while prospects in the northern tier counties, famous for their Baldwins, are also close to the normal yield.

Grading Adds to Importance. With the proposed new apple grading and packing laws, which are now before the Legislature, the coming season promises to be one of the most important commercially in the history of the State. Pennsylvania produces apnles that have no superior anywhere in the country and, with a standard of grading, they will doubtless command a big market throughout the country this year.

During March, the condition of both wheat and rye in the State improved materially, according to reports received by the Bureau of Statistics of the Pennsylvania Department of Agriculture. Wheat showed an improvement of 3 per cent. and represented 90 per cent., as compared with an average. In 1916 the condition of wheat in the ground on April 1 was Barbadoes Island, containing 15 acres, 95 per cent., but the reports from the 800 crop correspondents indicated splendid growth and development and led to the hope of almost an average of the score of patrolmen 121/2 per crop for harvest in the fall.

Expect Yield Slightly Short. The big wheat producing counties In the central and southeastern end of the State reported wheat in good condition and a great deal of the fear of heavy loss through the frosts in February and March was wiped away with the splendid growth that was shown in the fields. The number of grain ranged from four to 13, with the average of the State about seven.

State Grazing Plans.

>

Commissioner of Forestry Robert S. esters and rangers of the Pennsyl- they found the woman starving. vania Forest Service covering the use of the State forests for grazing during | the State's finances is provided in five the period of food shortage. Owing to bills introduced at Harrisburg. the fact that almost 25,000,000 trees have been planted on the State forests at considerable cost, permission for general grazing cannot be granted, and each application must be treated separately. However, sufficient area remains in the 1,000,000-acre preserve cash prizes to miners for the best to provide grazing.

ARMED U. S. OIL TANKER IS SUNK

Gun Lieutenant and Eleven of His Crew Lost.

ONE BOAT'S CREW IS LANDED

Captain Of the Tanker and Commander Of Naval Guard, With Most Of the Crew, Are Among the Missing.

New York .- Thirty-one American lives are believed to have been lost when the armed American oil-carrying steamship Vacuum was torpedoed and sunk by a German submarine off the north coast of Ireland last Saturday while en route from a British to an American port.

Newspaper dispatches from London and cable advices to the ship's owners, the Vacuum Oil Company, of New York, were somewhat conflicting, but the following are marked as missing: The Vacuum's skipper, Capt. S. S. Harris, of New York.

Twenty members of his crew. The commander of the United States naval guard aboard the Vacuum, Lieut. Clarence Crase Thomas, a Californian.

Eleven members of his naval crew. The Vacuum had two lifeboats, to which those aboard took while the vessel was sinking. Boat No. 1 contained those believed drowned: boat No. 2 has been landed. It contained the Vaccum's chief officer, 13 members of the ship's crew and four naval gun-

Altogether, eight American lives are known to be saved.

The loss of the American bluejack ets marks the first American "casualty list" in the war with Germany. The gun crews commander, Lieutenant Thomas, is the first American officer to be killed in the discharge of his duty as armed guardian of a peaceful American merchantman.

New York .- The Vacuum Oil Company received this message from its agents abroad:

"Vacuum torpedoed 28th, 140 miles west of Barra. No. 1 life boat with

captain and others missing." An addition to the message said that those in No. 2 boat were saved. including the chief officer, Simpson and Williams, engineers; Lindgren, carpenter; Lotes, quartermaster; Hatton, wireless operator; William Orrell, cook; Nichola, Hillson and

THE SUBMARINE TOLL.

First Lord Of Admiralty Admits Losses Are Increasing.

London.-Replying to questions in the House of Commons Sir Edward Carson, First Lord of the Admiralty, said that as the number of German submarines had been increased the danger to shipping must be expected to increase in proportion. As a matter of fact, during April, he said, the loss to shipping in the English Chanon the fifth day after the President clover mixed, \$16@16.50; No. 2 do, \$13 due to the increase of submarkers in nel had been less than in any preceddue to the increase of submarines in other areas and partly as the result of an increased number of patrol boats in First Lord said, the losses were in-

VILLISTAS IN TEXAS WARNED.

Plotters Against Mexican Neutrality Will Suffer.

San Antonio, Texas. - Prominent members of Villa, Felicista and Zapatista juntas in San Antonia were sum moned by agents of the Department of Justice and warned that hereafter they would be kept under strict surveillance. Evidence of plotting against the defacto Government or against the neutrality of that Government will, it is stated in the warning, mean prompt arrest and imprisonment.

U. S. ARMY REGISTRATION DAY

ALL ELIGIBLE PERSONS REQUIRED TO ENROLL.

Compilation to Be in Charge of Sheriff, County Clerk and County Physician.

Washington, May 5 .- There was a time in the country's history when military enumerators, backed by bayonets, went out among the people to take a compulsory service census. Today under the principle of universal liability to service the execution of the law is put into the hands of the

people. The approval of the new national army bill and the President's proclamation thereunder will be coincident. All persons within the age limits prescribed will be required to present themselves for registration at the customary voting places in the voting precincts in which they have their permanent homes, on a day which the President will announce. The probability is, that from ten to fifteen days will elapse between ap-

proval of the bill and registration day. The governor of each state will be the chief of registration therein. The machinery of registration in each county is to be in charge of the sheriff, the county clerk, and the county physician, acting ex-officio, unless a different board shall be announced by the governor. In cities containing populations of more than 30,000, the registration will be under the control of the mayor and selected boards of registration. In order that the designated county and city officials, and the people generally, can get a clear understanding of the census methods

the following brief outline is given: The sheriffs or other designated offlcials, immediately upon receiving notice from the governor, shall appoint registrars for each voting precinct.

The Apportionment of Registrars. The proportion of registrars shall registered. Each age to be registered will comprise about 1 per cent. of If, for instance, all men between

19 and 25 years of age, inclusive, are to be registered, the registrar would per case; fancy selected carefully have to enroll about 7 per cent. of the precinct population. It is desirable to accept the services

of competent volunteer registrars to serve without compensation. registrars must be sworn. The voting place in each precinct

must be prepared for registration. printed instructions covering Full on the fifth day after the President's proclamation.

In Cities of Over 30,000 Population. The mayor of a city containing more than 30,000 inhabitants, or the officials designated by the governor therein. shall, with approval of the governor, appoint for each ward or convenient minor subdivision containing about market. 30,000 people one registration board, and shall designate one officer of each board to perform duties similar to Rye-No. 3 rye, Western, \$2@2.02; those imposed on the sheriff, as here- No. 3 do, \$1.98@1.99; No. 4 do, \$1.97 tofore outlined.
