ONE DOLLAR A YEAR

TWO MORE PIKES F. W. Ibach, retired, West Hemp-field. H. G. Hoffman, contractor, Mt. STATE HIGHWAY COMMISSION-R BLACK ENCOURAGES MOVEMENT TO BUY ER Joy. J. A. Houseal, farmer, East Done TWO TOLL ROADS IN THIS COUNTY Philip Singer, retired, Elizabeth

Impetus was given Saturday to the movement to free Lancaster county of several toll roads within the near future if satisfactory terms be reached with the owners of the turnpikes. This action was taken at a private conference between State Highway Commissioner Black and the county commissioners, Samuel W. Diller, J. R. Shirk and D. F. Magee, which was held in the county commissioner's office in the court house shortly after 11 o'clock.

"If the price is satisfactory to the county and the Highway Depart-ment." Mr. Black said, "the Lan-caster and Williamstown, Lancaster and Susquehanna and Lancaster and Middlatory tumpilog will be and Susquenanna and Lancaser and Middletown turnpikes will all be taken over."

Department to Examine Roads Within a short time the State Highway Department will send its own engineers over these turnpikes to examine the physical value of them. The commissioner stated that them. The commissioner stated that the prices of the turnpikes were not discussed as yet, as that matter would first be handled by the State Highway Commissioner, who would escertain the exact value. The com-missioner, however, stated that the State and county would buy the turnpikes on a fifty-fifty proposition. Another conference will be held between the county commissioners between the county commissioners and Commissioner Black after cer-tain information has been ascertained. No date has been set for this meeting.

To Examine Traction End

The State highway commissioner was asked if the rental paid by the Traction Company to the Lancaster and Susquehanna Turnpike Com-pany if the State and county should take it over. He thought that the State could not enter into such an agreement, but stated that he would like to look up the legal phase of the matter before discussing it. It is the opinion of some people that if the State should take over the turnpikes

these contracts would fall. The State highway commissioner came to Lancaster in his own car, having been accompanied by his pri-vate secretary, Howard Fry, a Lan-castrian. He arrived here about an hour late and was escorted into the U issioners' office by the North

Commissioners' office by the North Duke street entrance. The arranging of the conference between the State highway commis-sioner was brought about largely through an effort on the part of a number of enthusiasts to free the county of toll roads. What was ac-complished today was the first big step in that direction.

Stock Below Par

The Lancaster and Williamstown Turnpike Company's stock par value is \$25 and at its last sale it brought \$123. The capital stock is \$12,500. There were 500 shares of stock issued Lancaster and Susquehanna

Turnpike Company's stock par value is \$300. At the last sale it sold be-low par—\$260. The company is capitalized at \$51,000 and there have been 170 shares issued. Its stock paid a dividend of 6 1-3 per cent. State Highway Commissioner Black was entertained at the Country Club at noon by a number of Lan-castrians after the conference came to a close.
