

These Reduced Price

Suits For Only a Short Time Yet

Perhaps it will only dawn on the average man NEXT season what an opportunity it was in the month of August, 1917, to have been able to get a regular \$12 Suit of Clothes for \$10—or a \$15, \$18 or \$20 Suit for \$12.

You possibly don't appreciate the fact as yet that Clothing is going to advance by leaps and bounds in the next twelve months—more so than in the past three years.

BUT YOU WILL NEXT Season if you then go to buy Clothing.

As each pattern narrows down to only one or two sizes we have been adding them to these reduced price lots—so that we still have well over a Hundred Suits marked down in price as above stated.

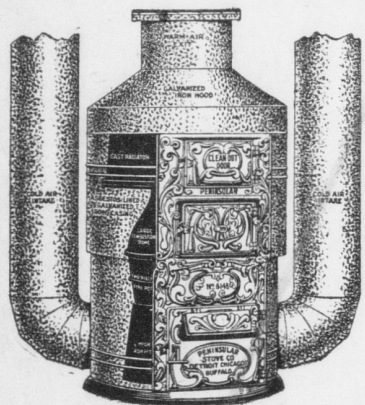

IT'S ENTIRELY UP TO YOU.

PENINSULAR TRIPLE-REGISTER Heating & Ventilating System

Tested and proven the only satisfactory operating construction of this kind yet produced. Absolute assurance of a cool cellar—perfect circulation of warm air in every room.

Pipeless

Furnace

Why the Peninsular is Best

Operates According to the Laws of Nature by drawing cold air into the furnace independent of the warm air outlet. This feature allows a constant flow of cold air to enter the base of the furnace, thereby acting as a cooling agent on the heated parts similar to a water jacket on an engine. Other makes try to force the cold air into an outside casing that is separated from the warm air by only a thin wall. Your common sense tells you this kind of construction will burn out the furnace in a very short time because the cold air, before it reaches the base, will become very hot.

Cold Air Drawn From Two Parts of the house independently of the warm air outlet not only allows every room to get its full quota of warm air, but gives perfect circulation throughout the house. This exclusive Peninsular feature keeps every room evenly heated, including the most remote corners.

No Pipes are used to conduct heat throughout the house and to the upper rooms, making installation easy—no walls to tear up.

This is the last thing in warm air heating. There is no more need for you to wait longer to enjoy furnace comforts. The price is within reach of everybody. Let us estimate for you.

Hartford Hail Policy

It don't keep away the Hail-It keeps away the loss!
Hail is an uncertainty, but if it comes there is no uncertainty about its power of destruction. Protect your tobacco crop with a

FRAME DWELLING HOUSE with Summer kitchen attached; one story Weather-Boarded Log Shop with Wood Shed attached; LARGE FRAME BANK BARN with tobacco Shed with cellar attached; hog stable with poultry house attached and other necessary outbuildings. A well of excellent water with pump therein at the house, pump in hog stable with strong spring adjacent; and there is running water supplied by a ram in a large cement trough in front of the barn. One acre orchard of choice apple, pear and peach trees that are in prime bearing. About 7 acres of the tract is good meadow land, the residue is excellent gravel farming land in a high state of cultivation.

The farm is located in a good neighborhood and the buildings and fences are in an excellent state of repair.

Persons wishing to view the property before the sale will be shown same by calling on Francis Weidman, residing thereon or on the subscriber.

Sale to commence at 2 o'clock p. m., when the conditions will be made known by delivery in Ralpho Wien A. Ensminger, clerk.
MORRIS H. STONER
aug. 8 tf.

FUMIGATE YOUR WHEAT

FARMERS:
Do you realize that the loss sustained in this and adjoining counties by the

Angemois Grain Moth Weevils, Etc.

attacking stored grains is estimated at 1 to 2% of their total value and this means thousands of dollars annual loss to the farmer.

Treating your wheat will positively keep it in good shape. I have treated as much as 500 bushels in one bin which had become real warm by the moth working in it and in a week's time it had cooled off.

You don't have to rush your wheat to the market for fear of it being destroyed and you will save in having less screenings, more than double the cost of the treating.

You can figure on from one-fourth to one-half cent per bushel as the cost of treating. It is easily and safely handled by following our directions.

Do not delay. Call at

TOBACCO GROWERS

Cigar leaf market conditions justify all tobacco growers adopting the policy of not contracting the 1917 crop till ready to begin stripping.

If you are not the offered 25c to 30c per wrappers, 10c to 15c for sized fillers, 8c to 10c for scrap, and 15c to 20c through for hall cut or frost damaged tobacco, then call at my office, 749 Woodworth Building during the week of December 10th to 15th, with a fair sample of your crop showing the quality and condition you will guarantee to deliver.

I shall be prepared to send my inspectors to verify the samples, make you an individual contract at the best prices your crop will justify, pay you cash on delivery in full, pack your crop, and when the cased goods are sold send you a check for one-half of the packing profits, which might be from 2c to 5c per pound additional income.

Do not repeat your 1916 mistake of selling too early at too low prices. Be on your guard and keep well posted as to market conditions and prices. Pass this announcement on to your neighbors.

For all market conditions and price changes, call in person at my office, or call me on the Bell Phone No. 2506J Lancaster.
E. L. KIMBROUGH.

A Proposed Ordinance

LAYING OUT AND OPENING SOUTH MARKET STREET, IN THE BOROUGH OF MOUNT JOY OF A WIDTH OF FIFTY FEET FROM WEST DONEGAL STREET TO MARIETTA STREET

Be it enacted by the Council of the Borough of Mount Joy, and it is hereby enacted by virtue of the same that a public street be laid out and opened in the Borough, to be known as South Market street, extending from West Donegal street to Marietta street, through the properties of the Borough Improvement Association and A. S. Flowers, beginning at a point on West Donegal street ninety-five (95) feet Northwestward from the junction of West Donegal street and Marietta street, thence extending South twenty degrees West sixty-eight feet to Marietta street, thence extending along said street South seventy-six degrees West sixty-one feet to a point, thence extending North twenty degrees East one hundred and three feet to West Donegal street, thence extending along said street South sixty-seven degrees East fifty feet to the place of beginning. aug. 8-3t

A Proposed Ordinance

An ordinance signifying the desire of the Council of the Borough of Mount Joy, in the County of Lancaster, Pennsylvania, to increase the indebtedness of the Borough of Mt. Joy, Lancaster County, Pennsylvania, in the sum of twenty thousand dollars (\$20,000.00) for improving the Water Supply of said Borough and building a Filtration Plant; submitting the question of said increase of indebtedness to the electors of the Borough of Mount Joy aforesaid and fixing the time for election and directing the how notice of such election shall be given.

Be it ordained by the Council of the Borough of Mount Joy, in the County of Lancaster, Pennsylvania and it is hereby ordained by authority of the same, that the Council of the said Borough of Mount Joy hereby signifies a desire to increase the indebtedness of the Borough of Mount Joy, Pennsylvania, in the sum of twenty thousand dollars (\$20,000.00) said sum to be used for improving the Water Supply of said Borough and building a Filtration Plant.

Section 2 That for the purpose of obtaining the assent of the electors of said Borough to such increase of indebtedness an election shall be held at the respective places of holding municipal elections in said Borough of Mount Joy between the hours of seven o'clock in the forenoon and seven o'clock in the afternoon at the time of holding the next regular municipal election, namely, the Tuesday following the first Monday of November in the year Nineteen Hundred and Seventeen (1917) to wit, November 6, 1917.

Section 3 That the Burgess of the Borough of Mount Joy shall give at least thirty days notice by weekly advertisements in the Mount Joy Bulletin and Mount Joy Star & News of the time and place of holding such election, and such notice shall also contain a statement of the amount of the last assessed valuation, of the amount of the existing debt, of the amount and percentage of the proposed increase, and the purposes for which the indebtedness is to be increased, and such other matters as are required by the Act of Assembly of the Commonwealth of Pennsylvania in such cases made and provided. 1917. aug. 8-3t
