

All Stove Troubles Fade Away Befor This Pipeless Furnace

Stoves and base-burners are trouble makers, work makers, expense makers. There's the trouble of setting them up in the Fall and taking them down in the Spring, with unsightly pipes disfiguring the home six months out of twelve. There's the work of bringing in coal and taking away ashes, with the extra work caused by the dirt and dust that fills the There's the expense of buying several stoves (because one is not sufficient to heat a home), the expense of maintaining three heating units, and the expense of replacing furnishings which are damaged by dirt and dust. You can buy a

Home Ventilator Furnace

The Original PATENTED Pipeless Model Manufactured only by the Homer Furnace Co., Homer, Mich.

for little (if any) more than you pay for a good base burner, yet it will give you furnace perfection. The heat will be distributed evenly throughout the house—and plenty of it. No small registers scattered about, no wall flues to invite fire danger, no cold air drafts, no pipes in the rooms, no space wasted, no trouble to install, no bother at any time, no heat in the cellar. A "Home Ventilator" in the cellar, one combination hot- and cold-air register right above it, and the heating system is

G. MOYER, Mount Joy, Penna.

Read the Booklet "From Pig to Pen"

Facts Concerning The Home Ventilator Furnace

An announcement made by competition would indicate that a DEC-LARATION OF WAR had been made on all types of furnaces by the one they are handling, and if this article were allowed to go unheeded, the re-sult would be that possibly many people would be mis-led into purchasing of e furnace other than the HOME VENTILATOR, being under the imthat they were getting the original.

We take pleasure in informing the people of Mount Joy and vicinit G. Moyer of your town is prepared to furnish you with the HOM at G. Moyer of your town is prepared to furnish you with the HOME ENTILATOR FURNACE, which has been on the market for the past yen years and is absolutely the ORIGINAL PATENTED PIPELESS URNACE using the combination hot and cold air register.

TAKE SPECIAL NOTICE—Mr. G. Moyer has copies of patent pass, both of ours' and competition, which will easily show that the HOME NTILATOR FURNACE was in use and PATENTED LONG BEFORE OTHER FURNACE of this type was HEARD of.

A LITTLE HISTORY-Back in 1910 when the only furnace was the ipe job, Mr. S. D. Strong, President of the Homer Furnace Company,
Michigan, conceived the idea that if a furnace could be made which
tisfactorily heat residences, stores, churches, schoolhouses, etc.,
time save the heat which was being wasted in cellars by time save the heat which was being wasted in ceilars by sale would be found. Against the advice of older ed furnace men, he perfected and manufactured a few OR FURNACES. The result was a REVOLUTION IN G WORLD. Farmers, who heretofore could not have ause their vegetable storage would be spoiled, bought IERS," installed them in the vegetable cellars, heated their houses ich cheaper than with stoves, and so much more satisfactorily, that that time THOUSANDS OF HOME VENTILATORS HAVE BEEN from Maine to California, and from Florida to Canada

en other manufacturers saw the enormous strides made HOME VENTILATOR, there eyes began to open, and from the sickly they tried to maintain they were brought up against the solid fact to SAVE THEIR BACON, they MUST manufacture something as he HOME VENTILATOR as possible without infringing on the rights D. Strong. SMALL MANUFACTURERS sprung up trying to get a sold in the pipeless world, but the HOME VENTILATOR has been too established and had too big a start to be affected, and the sales of the Furnace Company still lead by many lengths. IN THE LAST FIVE WITHS, 4000 HOME VENTILATOR FURNACES HAVE BEEN SOLD RESPONSIBLE DEALERS. ESPONSIBLE DEALERS.

DON'T BE DECEIVED into buying an imitation of the HOME VEN-ATOR FURLACE. Don't let other manufacturers experiment at your buse. When you buy, buy the ORIGINAL. Five minutes comparison convince you. Weigh the 24 inch fire pot of the HOME VENTILATOR hen, we say 24-in. we mean inside measurement) then weigh that of y other furnace of the same size. Result? About 40 percent, in favor the HOME VENTILATOR. THE HOME VENTILATOR is equipped the heavy galvanized casings throughout; no filmsy black inner casings to ust out, and which are good only as talking points, and the buyer pays for ese talking points by getting a lighter furnace.

The HOME VENTILATOR FURNACE is sold under a guaranty to do business or no sale, and every casting is guaranteed for five years, expet the grate, and our reason for not guaranteeing this is that sometimes careless user will allow ashes to accumulate underneath, and same is able to melt out. However this happens only rarely.

After manufacturing HOME VENTILATOR FURNACES for seven ars, our repair business will not amount to \$1.00 a day, which we judge a fair evidence of the durability of our castings.

Our modern plant at Homer, Michigan, is equipped to manufacture 00 furnaces per year, and enables us to turn out a furnace which is a to the installer, and castings second to none.

G. Moyer of Mount Joy is prepared to furnish you with the ORIGI-PATENTED PIPELESS FURNACE, and the one from which all of this type are copied either directly or indirectly.

SUY THE "HOMER" and be safe from infringement proceedings.

PROCLAMATION

SUNDAY, NOVEMBER 4th, 1917 IS PROCLAIMED AS GO-TO-SUNDAY - SCHOOL DAY THRUOUT THE STATE

To the People of Pennsylvania:
Whereas, It is particularly important during war times that the spiritual interests of a people should be developed and conserved in the most effective means because from the effective manner because from the spiritual life of a nation flwos its strength, its stability, its permanence;

and
Whereas, The Sunday School has a
splendid record of service in imparting spiritual guidance to the young
people of the Nation and has unmatched resources in bringing a
knowledge of the Bible to the conmatched resources in bringing a knowledge of the Bible to the con-science of the people; Therefore, I, Martin Grove Brum-

baugh, Governor of the Common-wealth of Pennslyvania, hereby designate Sunday, November fourth, 1917, as a "Go-to-Sunday-school" day, upon which day I call upon all people in this Commonwealth to as-semble themselves in their respective places of worship and elsewhere, for the purpose of emphasizing the im-portance of the Sunday School and through the Sunday School the im-portance of spiritual training to our Governor of the Common through the Sunday School the importance of spiritual training to our people. Early impressions are most enduring impressions. The training, therefore, of childhood in religious matters is of vital moment to the Nation. The power of example is vastly more important than the teaching of precepts. For that reason, the adult population should lead the way to childhood and approve by their presence the movement hereby the way to childhood and approve by their presence the movement hereby designated. Let us all keep in mind the sublime fact that a nation that forgets its God will perish, and a nation that loyally, and devoutly serves Him shall endure.

Moreover, it seems wise to me to encourage the greatest intimacy between fathers and their sons, to the end that the experience of a father's

end that the experience of a father's life may be most effectively imparted

to his sons.

"I therefore set aside Thursday, November 15th, 1917, as a 'Father and Son' Day, having for its purpose the same general function to be observed on November 4th. On Thursday, November 15th, I request all fathers to unite with their sons in a fellowship meeting to which other sons who may have suffered the loss of Father, shall be invited to participate, and that the meeting be made an occasion for the creation of such an intimacy between fathers and sons, to the end that the religious and the moral sentiments of and sons, to the end that the re-ligious and the moral sentiments of one generation may be transmitted unimpaired and enlarged to the generation that is to be."

Given under my hand and the Great Seal of the State, at the City of Harrisburg, this thirty-first day of July in the year of our Lord, one thousand, nine hundred and seventeen and of the Commonwealth the

thousand, nine hundred and seventeen, and of the Commonwealth the one hundred and forty-first.

By the Governor MARTIN G. BRUMBAUGH.

Cyrus E. Woods,

Secretary of the Commonwealth.

HOME HEALTH CLUB

TABLE MANNERS: I see a look of astonishment on some of your faces as you exclaim, "Now, how in the world is Dr. Reeder going to connect our table manners with our health," and I answer, "Easy."

My little boys are very patriotic, they are "doing their bit" this summer by keeping the table well supplied with all kinds of fresh vegetables and plenty of chickens. They have two acres of garden and it has kept them quite busy. They remembered a little boy back here in the add never been in the country in his life, although he is ten years old.

Over."

No one knew what the inscription meant, or seemed to have sufficient curiosity to investigate, until the stone was turned over by a little stone was turned over by a little stone was discovered:

"Whosoever works on the Sabbath day shall be cursed. I command you to go to church and keep holy the Lord's day, without any manner of work. You shall not idle or misspend your time in bedecking yourself in superfluities of costly apparel and vain dressing for I have ordered it a day of rest. I will have that day kept holy that your sins may be forgiven you.

"You will not break my commandments, but observe and keep them, they being written by my hand and spoken from my mouth. You shall into only go to church yourselves, but also your man servant and maid servant. Observe my words and learn my commandments.

"You shall finish your work every the stone was turned over by a little stone was turned over by a little stone was discovered:

"Whosoever works on the Sabbath day shall be cursed. I command you to go to church and keep holy that your self in superfluities of costly apparel and very being written by my hand and spoken from my mouth. You shall the stone was discovered:

life, although he is ten years old. "You shall finish your work every listed and gone to Canada for transportation to Europe where he would do all he could for democracy. One day the boys asked their mother if they couldn't send for the little fellow and give him a week at least of low and give him a week at least of real country life with apples right off the trees and good, clean food right

the trees and good, clean food right from the garden.

Of course, he was sent for and the wonder and delight expressed by the little fellow more than repaid them, but when he came to the table they were simply dumbfounded. They have been carefully taught how to eat properly, to chew their food well and to not drink when food is in the mouth that the natural secretions of the mouth should be well mixed.

and make them grow.

Of course they are active, normal, hearty boys and many times the re-straints imposed by proper table manners has seemed to them a punmanners has seemed to them a punishment and they could not fully understand the purpose of it all, but when they saw the little stranger rush frantically to the table and without waiting for Grace or for others to be seated, grab two slices of bread and spread them quickly with butter and begin to eat, they first looked with startled eyes at their mother and then at one another, then boylike they broke into uprorious, convulsive laughter. The little stranger was too deeply absorbed to notice it and for fear of hurting his feelings they at once presented and stranger was too deeply absorbed to notice it and for fear of hurting his feelings they at once presented and they are consumed with your children, goods little stranger was too deeply absorbed to notice it and for fear of hurting his feelings they at once pretended to have discovered a huge joke that was unrelated to his actions of various foods. He watched her and when she was about to put certain things on his plate would call out sharply "I don't like that," or "I don't want that, give me more of that." It was a big task for the first few meals to keep order at the table, but gradually the little fellow found it was not necessary to eat so fast in order to get his share, the food was plentiful and wholesome but it took much patience and careful admonition to induce him to chew and get a real taste of it. He was greatly surprised to find that some of the things he formerly would not eat, had a delightful taste and were good.

I have seldom seen a change take place so rapidly in a human being. His parents had, we learned, always served plenty of food but only a limited time was allowed for eating. Like many men and boys I have known there was a boast that a hearty meal could be eaten in a few moments, why waste time at the table?

The boy's face had that old, for eating the first of the family suffered repeated misfortunes, migrated to different countries until finally in a different countries until finally sufferent countries

table?

The boy's face had that old, pinched, starved look that is so often seen in children that are not well nourished but within the week the roses began to appear on his cheeks and his boyish laugh was as hearty and wholesome as that of my own boys. Children learn quickly and he was bright so it did not take him long to learn at least a few of the most important table manners and the result will be helpful all through his life.

During this period the family suffered repeated misfortunes, migrated to different countries until finally one of them came to America, bringing the letter with them. They settled in Virginia, then moved farther south, still followed by misfortune when finally the last members and the result will be helpful all through his life.
