

Start the Day Right

It's not much fun crawling out of the comfy covers at five or six o'clock on frosty mornings. But the alarm has a pleasanter sound when you know a Perfection Oil Heater is waiting—ready to make things warm at the scratch of a match. However, to get perfect results, always use

ATLANTIC Rayolight

It gives a steady, room-filling heat or a clear, brilliant yet mellow light without smoke, soot, smell or charred wicks. That's because Rayolight Oil is more highly refined than ordinary kerosenes—yet it sells at the same price.

Ask for it by name at the store that displays the sign: "Atlantic Rayolight Oil for Sale Here." Then you'll be sure of getting the genuine.

It's a scientific fact that, of any artificial light, a kerosene lamp is the most restful and pleasing to the eyes.

OUR RED CROSS SOCIETY NOTES

BUSINESS MEETING NEXT TUESDAY EVENING—BOYS WHO LEFT SATURDAY WERE SUPPLIED WITH KITS

The Fire Company have very kindly granted the local branch of the Red Cross the additional use of their room on Tuesday afternoons and evenings. This will give those who are busy during the day, either in their homes or elsewhere, an opportunity to help to make the surgical dressings necessary to supply a much needed demand. Tuesday and Wednesday afternoons the rooms will be open for work at two o'clock and Tuesday evenings from seven o'clock till 9 o'clock.

On next Tuesday evening, Nov. 13th, a business meeting will be held. It is earnestly requested that every member of the Red Cross be present. All members of the National Red Cross are members of the local branch. The purpose of the meeting is to hear the reports and adopt a constitution. A constitution for branches in the Red Cross organization has been prepared and is ready for adoption. As the fiscal year ended October first, action on the matter is necessary at this time. After the adoption of the constitution there will be a nomination of officers for the ensuing year.

Every one of the Mount Joy boys who left for Camp Meade on Saturday were supplied with a comfort kit. These kits were given by the ladies of Mount Joy. The funds necessary to make these kits possible are voluntary contributions. Contributions from any lady in Mount Joy who desires to do something for the comfort of the boys in Camp, will be gratefully received. These contributions can be made to Mrs. Clarence Schock, The Red Cross, thru the chairman of the knitting committee Mrs. A. K. Manning supplied all the boys, not otherwise provided for, with sweaters.

The Christmas Fund will be held open until Thursday night, Nov. 8th. Already \$33 has been sent. The little children of the Presbyterian Sunday School voted their Christmas oranges and candy to the soldiers. What did you do?

The Red Cross thanks Miss Welsh for two beautifully knitted sweaters which she donated to this branch.

Prices Are Too High On account of the high prices Mr. Harry Brooks, the local fish man, has discontinued the business.

MILLION LETTERS BEARING MAGIC WORDS (Continued from page 2)

prize coveted possessions or even necessities. The work must go on, because there is no one thing that contributes so much to the spirit and efficiency of the troops. The Y. M. C. A. is working night and day to help the government win this war. And every penny that is given to aid the work is a direct assistance to the health, happiness and strength of your boy and mine.

Snapshots of Kaleidoscopic Work. In all the big cities in France where our men pass through in large numbers, the Y. M. C. A. is operating hostels, where they can get beds and meals at a minimum cost. In London the American Y. M. C. A. has erected a large building for our soldiers and a clubhouse for American officers.

There are Y. M. C. A. dugouts right behind the front line trenches, where the soldiers can get hot drinks, crackers and other comforts at all hours.

Over 2,000 men who had been rejected on account of physical disability have been able to get into the British army by reason of the physical work of the British Y. M. C. A.

A fleet of motor cars leaves the big Y. M. C. A. headquarters in London at midnight every night to pick up soldiers who are wandering about the streets without any wholesome lodging in which to spend the night. These cars are operated by Englishwomen of position and refinement, who report that they never meet any discourtesy at the hands of the soldiers. The importance of this service can be estimated by the fact that at least 50,000 soldiers are on leave in London every week. Over half of these sleep in Y. M. C. A. beds every night.

Entertainment on Vast Scale. The Y. M. C. A. has erected a big auditorium, seating 8,000, in each of the big draft camps, and huge chautauqua tents, seating 2,500 in the other encampments. The association is running a 22 week entertainment circuit among the camps and is paying 16 companies of entertainers, who are traveling to 80 camps performing before the men.

In each of the draft camps the Y. M. C. A. has ten secretaries engaged in educational work. The association is seeing to it that every man who cannot speak English is taught to do so. In many of the camps the association has a singing director, who is teaching the men to sing the popular and martial airs that do so much to keep up their spirits.

Of 54 Y. M. C. A. men at Camp Dix only three are being paid full salaries. In all the camps the majority of the Y. M. C. A. men have left lucrative positions to do this work simply because its appeal is irresistible to any red blooded man. Harry Lauder, the famous Scotch singer and comedian, now on his farewell concert tour in the United States, is giving all his spare time to the service of the association and is singing to the soldiers at all the camps he can reach.

In one of the draft camps the Y. M. C. A. is supervising athletics on 120 playing fields, providing full athletic equipment. The winners of the interregimental games will play the champions of the other camps.

One of the greatest services rendered by the association is the making

of money orders by which the men can send their pay home to their families. In some of the big camps the Y. M. C. A. is providing banking facilities for the men as well.

Do Your Bit With a Tenner. This month (November) the Y. M. C. A. must raise \$35,000,000 to carry on its work among our soldiers and their allies until next July. Of this \$35,000,000 about \$24,000,000 will be spent on the work with our own troops or about \$10 for every man in Uncle Sam's uniform. If everybody who has received letters from soldiers and sailors were to contribute \$10 the task would be easy. Are your boy's health and happiness and clean soul worth \$10 to you?

Your town mayor, your pastor, your school superintendent will know who is the treasurer of the campaign committee in your county or town. Otherwise send a check or money order to Cleveland H. Dodge, treasurer, 124 East Twenty-eighth street, New York city.

Only sacrificial giving by millions of givers will make possible the continuance of this vast work for American soldiers and for those of our allies.

Attended Reich's Church. The Male Quartette of the United Evangelical church attended church at Reich's, near Maytown, on Sunday. They rendered several beautiful selections while there.

OAKLAND SENSIBLE SIX

Announcing the New Oakland Sensible Six

THE NEW OAKLAND SENSIBLE SIX IS HERE. It is a continuation of the remarkably successful Oakland Sensible Six of the past three seasons, which has been annually refined, improved and strengthened so that now we are offering tomorrow's car to you today—the forerunner of the type of automobile that soon shall command America.

Scientific development of the engine now makes it more powerful, more speedy at the getaway, more active in traffic and more economical in use of fuel.

Improvements in the design of intake and exhaust manifolds secure the utmost power value from today's gasoline.

The overhead valve high-speed, six cylinder engine now delivers 44 horse power at 2600 r. p. m. or one full working horse power for every 48 pounds of car weight.

The new force feed oiling system gives thorough lubrication to the vital moving parts of the engine.

Higher cooling efficiency has been obtained through the use of a larger pump and new type bi-plane fan of powerful suction.

Proper design has contrived a full 106 inches of body room on the 112 inch wheelbase—affording seating capacity and leg room equal to that of many cars of much longer wheelbase.

Long, specially graded, semi-elliptic under-slug springs and extra large tires give ideal riding comfort—accentuated by the deep genuine leather upholstery.

The fine appearance of the new Oakland Sensible Six is enhanced by a sloping windshield of new design; an oil gauge of pressure feed type on the dash; a deeper radiator; a higher body wall and the tire carrier at the rear of the car.

These are just a few of the features that contribute to the complete excellence of the new Oakland Sensible Six.

See all of them in the car itself in our display room.

HIGHER PRICES FOR TOBACCO GROWERS 1916 scrap is now selling on a basis of 22c to 25c per pound. The present demand for good 1917 tobacco for 1918 binders and wrappers justify the growers not placing any price upon their 1917 crops until some of the crop is stripped so as to determine to what class each individual crop belongs. According to 1917 prices already established on all active Southern markets, this excellent Lancaster County tobacco ought to command at delivery time from 30 to 40c per pound for wrappers, 20 to 25c for frosted, 15 to 20c for scap fillers, and 10 to 15c for scrap, for well sorted crops; 20 to 22c for severely frosted crops laid loose in bales; and 15 to 20c through for bad hail cut. Many growers have already secured enough facts at my office, 749 Woolworth Building, to make them from \$20.00 to \$30.00 per acre on their individual 1917 crops. R. L. KIMBROUGH
