

### Does Your Lamp Smell?

Don't put up with it as a sort of necessary evil. All kerosene lamps don't smell. Yours won't, either, if you use

## ATLANTIC Rayolight

Rayolight Oil is different from the ordinary kinds. It's so highly refined that it never chars the wicks or causes unpleasant odors and throat-burning smoke.

If your lamp does smell, try Rayolight Oil and you'll never be satisfied with any other. Look for the dealer who has this sign on his store: "Atlantic Rayolight Oil for Sale Here." Always ask for it by name. It costs no more than inferior kinds.

It's a scientific fact that, of any artificial light, a kerosene lamp is the most restful and pleasing to the eyes.

### HIGHER PRICES FOR TOBACCO GROWERS

1916 scrap is now selling on a basis of 22c to 25c per pound.

The present demand for good 1917 tobacco for 1918 binders and wrappers justify the growers not placing any price upon their 1917 crops until some of the crop is stripped so as to determine to what class each individual crop belongs.

According to 1917 prices already established on all active Southern markets, this excellent Lancaster County tobacco ought to command at delivery time from 30 to 40c per pound for wrappers, 20 to 25c for frosted, 15 to 20c for sized fillers, and 10 to 15c for scrap, for well sorted crops; 20 to 22c for severely frosted crops laid loose in bales; and 15 to 20c through for bad hail cut.

Many growers have already secured enough facts at my office, 749 Woolworth Building, to make them from \$20.00 to \$50.00 per acre on their individual 1917 crops.

## A Letter From Washington

The Food Administrator Writes Us:

"The use of baking powder breads made of corn and other coarse flours instead of patent wheat flour is recommended by the Conservation Division of the Food Administration. The wheat needed for export is thus conserved, and at the same time healthful food for our own people is provided. The circulation of recipes providing for these uses would be of assistance in carrying out our plans."
