GEORGE W. EARDMAN SAYS MASTER MEDICINE RELIEVES RHEUMATIC PAINS

"My business is buying and selling horses, cattle and other live stock, and I have to be driving around the country in all sorts of weather," says George W. Eardman, of Millersburg, one of the largest live stock dealers in this section.

"I contracted rheumatism a long time ago, and it just plain, old-fashioned rheumatism that when there's a change in the weather, by making you shiver. That's the kind that I took a crack at all the remedies that I heard about for so long, but not one of them scared a man of my size, and I sat tight and said I'd never whang away at me as I was worth."

"I put one over on him when I was taking Tanlac, for I had been running before he knew what was coming."

"I'm sure did chase away the rheumatism. I can stand any weather with not a twinge. I don't care if it rains or snows, I'll be as merry as a bird."

"I'm now being introduced to you by Dr. W. D. Chandler, Drug Store, Mount Joy, Pa."

How Can I Reduce My Coal Bills?

Should I add a dollar to the price of a ton of coal if it saves me \$2.00 to \$3.00 or more, by making the coal last 25 per cent or more longer?

KOALINE Does That

It produces more bright, clean, hot fires.
It yields less clinkers, cinders, ashes and soot.
It enables a man to use a lower grade of coal and get better results than before with a higher grade.

Koaline is a chemical preparation coming in good-sized tubes at \$1.00 each, including simple directions. If your coal cost \$8.00 a ton Koaline will make that ton do better service than a ton and a quarter would do and reduce the clinkers, cinders, ashes and soot fifty per cent. or more.
