INCREASE IN PRICES

Meat Animals Show Advance of 52.7 Per Cent in Year.

Sheep, Lambs and Hogs Have Far Exceeded Beef Cattle, Veal Calves and Chickens in Upward Price Movement.

(Prepared by the United States Department of Agriculture.)

Prices received by farmers for meat animals showed an increase of 52.7 per cent in a year, according to the latest report to the U. S. department of agriculture. The report for cattle, sheep, and hogs is for the year ending September 15, and for chickens, October 1.

The advance for beef cattle per 100 pounds, live weight, was from \$6.55 to \$8.40 or 28 per cent; for veal calves per 100 pounds, from \$8.77 to \$11.08, or 26 per cent; sheep per 100 pounds, from \$6.25 to \$10.05, or 61 per cent; lambs per 100 pounds, from \$8.22 to \$13.06, or 59 per cent; hogs per 100 pounds, from \$9.22 to \$15.69, or 70 per cent, and chickens, from 14.3 to 18.1 cents per pound, or 27 per cent. Sheep, lambs, and hogs have far exceeded beef cattle, veal calves, and chickens in the upward price movement at the point of production.

The highest price at the farm per 100 pounds, live weight, reached during the year under review, was \$8.70 for beef cattle in May, \$11.08 for veal calves in last September, \$10.15 for sheep in May, \$13.06 for lambs in last September, \$15.69 for hogs in last September, and 18.1 cents per pound for chickens October 1 of this year. The latest farm price reported is the highest one of the year for veal calves, lambs, hogs, and chickens; the May price was the highest for beef cattle and sheep.

IMPORTANT EFFECT OF WAR

Demand for Horses Has Not Been So Far-Reaching as Great Many Believed, Says Expert.

That the effect of the war on the demand for horses has been important but not so far-reaching as many persons have been led to believe, is the opinion of Dr. C. W. McCampbell, associate professor of animal husbandry in the Kansas State Agricultural college.

"Since the beginning of the war approximately 1,000,000 horses have been exported from the United States," said Doctor McCampbell. "This is a large number when considered in the aggregate, but when compared with the total
