VOLUME XVII NO. 37

Mount Joy, Penna., Wednesday, February 13th, 1918

Our Big Sale Register is Sufficient Evidence That We Are Headquarters for

WE STAND FIRST IN THE STATE

LANCASTER COUNTY FIRST IN HORSES AND IS SECOND IN COWS AND MULES—THIRD IN ITS OTHER CATTLE

Lancaster county has 24,833 head of horses, 7,924 head of mules, 41,538 head of milch cows and 25,823 head of other cattle. These are the figures announced by the Bureau of Statistics of the Pennsylvania Department of Agriculture, according to a census taken before January 1, this year.

The census also shows that Lancaster county leads the State in the number of horses, is second in the number of mules, second in the number of milch cows and third in the number of other cattle.

The entire census of the State shows that there are in Pennsylvania the following: Horses, 577,887; mules, 42,216; milch cows, 2,113,630; other cattle, 621,307; sheep, 820,765; swine, 1,068,333.

The figures show that there has been a decrease in horses during the past year of about two per cent. while the number of mules is about the same as a year ago. Many horses and mules have been shipped from the State for use in the war and the auto truck and tractor are replacing others, but not enough to stop the breeding at about its standard maximum.

Dairy cows have decreased about four per cent. and the number of other cattle about three per cent. The high prices of feed and the high prices offered for milk have brought about this decrease.

During the past two years much interest has been taken in the sheep industry and the movement started by Secretary of Agriculture Charles E. Patton, who the farmers taking up sheep raising, has brought an increase of about two per cent. or 17,300 sheep during the past year. For ten years there was an annual decrease of about three per cent. until 1916, when the interest created in the sheep industry brought about a slight increase over 1915. The increase of the past year promises to create a new interest in sheep raising and with the benefits from the new dog law the million mark is again being sought for.

The estimated value of the live stock is placed at \$190,863,653, as compared with \$178,580,100 a year ago.

WHO SAID GROUND HOGS WERE FROZEN?

Whoever has an idea that Mr. Ground Hog doesn't come out in the dead of Winter, surely has another guess. Here's our best evidence and the incident didn't occur so far away from here that it can't be verified: Nelson Boyd, of Quarryville, captured a ground hog on Saturday, of last week, not far from the home of both man and varmit. The appearance of the ground hog above ground was regarded as a trifle out of order, and the animal can now be seen at George W. Hensel's store at Quarryville.

THIS TEACHER SURE WANTED IMPROVEMENT

It is a handy thing when one can turn his hands to some useful purpose as well as the intellect. This was demonstrated last week when a certain well known pedagogogue reasoned that his school would look far better and would ever be more sanitary if about a quarter of a dozen of his boys would be bereft of about one third of a foot of the length of the hair on their heads. So he utilized his school room for a barber shop for a brief interval. The boys appeared quite different after Mr. Teacher had pleased himself and his pupils.—Manheim Sentinel.

IF YOU WANT EGGS TRY THIS WAY OF FEEDING

To receive 184 dozen eggs from 200 hens in the month of January is going some. This is what W. C. Shortledge, of near Laurel, received and he explains his success to the feeding of his chickens as follows: In the morning four quarts of corn, warm water and six quarts of wheat in the straw; noon, one-half peck of potatoes, boiled and mashed, with four quarts of bran mixed; 4 p. m., two quarts of ship and small potatoes, four quarts of buckwheat, two quarts of corn.

RED CROSS STAR COURSE

Tickets Are Now on Sale and Proceeds Are For Local Branch

As announced last week a Star Course for the benefit of Mount Joy Branch of the Red Cross will be given during the months of February, March and April.

The first number, a lecture by Dr. Andrew Todd Taylor, will be given on Tuesday evening, February 19.

The Song Recital by Miss Lawson accompanied by Miss Manning will be held Saturday, March 16.

The third number, a play to be rendered by home talent will be held on Friday, April 5th.

The price of the Course is One Dollar. Five cents extra for reserved seats. The tickets are now on sale and the chart for reserved seats will be open for the first number at Dr. Garber's Drug Store, at noon on Friday, February 15. Course tickets can be procured at either Chapman's or Garber's Drug Store, or from any member of the Red Cross.

Mount Joy has had a Star Course every year for a number of years but this year it has been lacking. Hence the series of entertainments given as a Red Cross Benefit will supply a much felt need.

It will be a two-fold benefit, besides helping the local branch to war strength. Promotion of their work room and amitters, presents an opportunity for the public to hear, a lecture on a subject which is dear to the heart of every loyal American, given by an able speaker, who is a wide knowledge of the facts which will be put before you. Don't fail to procure seats for Dr. Taylor's lecture early.

Due to the request for the conservation of fuel, where ever possible, the Red Cross work room will be closed on Tuesday until April 2nd.

LETTERS FROM SOLDIER BOYS

MESSRS. JOHN MCGINNIS AND "CHUBBY" GANTZ WRITE INTERESTING LETTERS FROM THEIR CAMPS

Evacuation Hospital No. 4 Camp Greenleaf, Ft. Oglethorpe, Ga.

The mud down here is something fierce. It is worse than the marshes around Iroquois Falls, Canada, where I spent a few weeks last Summer. In the night it freezes and you almost break your legs in the holes, and then in the late morning it melts and there is nothing but mud, mud, mud.

We are still in tents, but I think they are going to shift to wooden barracks before long.

The fellows are sitting here in the tent, around the fire, singing the good old northern songs and it sure sounds great. We have a fine bunch of musicians and singers which tend to fill the boys with lots of "pep."

We still expect to leave any day for France. We have been packed ready for action for the last three weeks. This is the main reason why I cannot get a furlough.

We have a splendid basket ball team, in fact I may say the best in the State.

Our Company isn't fully organized to war strength. Promotion in this department is slow. The officers are all doctors who are registered.

Best wishes to all in the old town. I remain yours,

"Chubby" Gantz, Camp Greenleaf, Oglethorpe, Ga.

Dear Friend: How are you? Well, I am fine and dandy, feeling great and still doing my little bit every day.

I may be able to see you soon as we are detailed for either Allentown or Camp Dix, N. J. I am hoping that the detail will not be changed as our company consists of almost all Pennsylvanians.

Our company has been weeded out slightly and quite a number of the boys would not stand the examination, some being flat-footed, had weak hearts and were too fat. But by chance I pulled through perfect and I am certainly glad of it.

The weather has been fierce down here the past two weeks, one day rain the next snow, then it would freeze and now it much warmer again and we are blessed with mud.

I suppose that if we reach Camp Dix we will not be there very long. Probably long enough to be in an Instruction Company for some of the boys who are in the service, i. e. to show them how to carry letters and other drills. I do not know if there are any mules-drawn Ambulance Companies there or not but if there should be, we can teach the boys how to be a mule skinner also. By mule skinner we mean, men who groom the mules. Our company only has one hundred and twelve head of mules and thirty-six horses.

There are four head of mules to one Ambulance and believe me, when hitched to the Ambulances they surely can take a fellow for some rough ride. The roads here remind you of driving through grass fields in Pennsylvania. So believe me when we get to Camp Dix and take some of those rookies in one of our Ambulances, the first thing they will realize is that they have no rubber tires.

I surely do believe that we are going to see actual service on the other side. The Ambulance companies are all flocking toward different places and waiting on transports.

Your friend, John A. McGinnis.

ALL THE UP-TO-DATE HAPPENINGS FROM THAT THRIVING AND BUSY VILLAGE

Mrs. John Dyer visited friends at Conewago, on Tuesday.

Preaching services will be held at Ely's church on Sunday.

Mr. E. S. Coleman of Harrisburg, Misses Emma Kramer, Beatrice Penypacker, Neva Wiley, Caroline Nye, Theda Walters, Helen Krall, Cathryn Breneman, Mrs. Mary Shelly, Mrs. Jacob Zeller, Mrs. William Hendrix, Mrs. William Dellinger, Mrs. William Shires, Mrs. Harry Hinkle, Mrs. Louisa Frank, Miss Alice Wolfe, Mrs. J. NO LICENSE IS ASKED FOR EIGHT OLD PLACES

A compilation of the liquor license applications by the clerk of the court indicates that there are eight less applicants this year than was the case in 1917. It is likely that a number of remonstrances will be filed by the No-License League. The last day for filing remonstrances is February 25 and license court will open March 4. The places having licenses not making application for a renewal this year are:

Mount Joy Brewery, Caroline Von Cien, liquor store, Columbia; hotels of James Hartman, Elizabeth township; Walter Eshleman, Strasburg township and hotels at West Willow, Hinkletown, Falmouth and Smithville. The total number of applications in 1917 was 291. This year it is 283.

MUST HAVE LICENSES TO USE EXPLOSIVES

H. P. Wisegarver, justice of the peace of Rapho, and residing at Martinsville, has been named one of the high explosive licensers for this county and no one may buy, sell, deal in, or use high explosives, unless they have a license.

Mr. Wisegarver issues licenses to vendors, purchasers, foremen and analysts. Manufacturers, importers and exporters must get their licenses direct from Washington. The fee for a local license is \$25 cents.

The idea of the license is to keep high explosives out of the hands of alien enemies.

U. S. PROTECTS THE HEN FROM DEATH

Five million dozen eggs will be added to the Nation's food supply because of an order which will be put into effect prohibiting the killing of egg-laying hens at any time before May 1.

The hen will thus become one of the poultry war wards, and it will be a crime punishable by law to destroy the Food Administration to wield an axe over her sacred head. Not only are farmers and others prohibited from killing her, but transporters of eggs are forbidden to carry her, dead or alive, and dealers, wholesale and retail, must not interfere with her egg-laying proclivities.

The slaughter of roosters may continue as usual, and chickens which have not reached the egg-laying stage of life are still left to the mercy of the squab consumer.

It is the first time in the country's history that legal protection has ever been thrown about the hen.

CHRISTIAN ASSOCIATION CLOSSES ITS CONVENTION

The delegates attending the annual convention of the Pennsylvania section of the National Christian Association Tuesday evening closed the session which they were holding in the Mount Joy Hall. Paul Foy, district elder of the Free Methodist church of the Pittsburgh district, president; vice president, Rev. J. B. Tweed, pastor of the Reformed Baptist church, Beaver Falls; secretary, Rev. E. Bluebaugh, pastor of the Kinstreet U. B. church, Chambersburg and treasurer, J. B. Berg, of the Church of God, Scottsdale. The collections amounted to \$56.34 and the expenses of the two days' session were \$55.10. There is a balance of \$1.76 in the treasury.
