THEY SAVE WHEAT, THEY'RE CHEAP AND THE GREAT CROP WILL BE LOST IF NOT EATEN NOW.

This remarkable article about potatoes, what they contain as nourishment and how to use them, was contributed by William Moses, one of the foremost students of food value in the United States. Howard Helms, Chairman of the Food Supply Department of the State Committee of Public Safety, indorses the opinion of Miss Moses and recommends her recipes to the housewives of the State.

What can the people of this country do to utilize potatoes and in so doing conserve foods which are vitally needed by our government for our armies and our war associates? A statement of the many millions of bushels of potatoes which we have on hand ready for use, would not interest many, and certainly would not rouse them to action, for men and women alike, when statistics are they would a plague.

WILL YOU JOIN THE FOOD ARMY AND SAVE YOUR BIT? By Miriam Moses.

How then are we to make an appeal that will reach the people and cause such concentrated action that it will be materially felt in this matter of the conservation of food? The first attack should be made, having as its objective, the saving of wheat. This might be done by making a practice of not serving bread—or at any rate, bread containing wheat flour—at the same meal at which potatoes are served. Since serving potatoes at dinner is a custom practiced in virtually every home in the United States, one can readily see how many hundreds of pounds of flour could be saved daily. Will you join the Food Army and save your bit of wheat?

A further utilization of potatoes will also help in the conservation of meat. One clever method is to prepare the potatoes in such a manner that they become a substitute for meat. Combined with cheese, and dishes to complete a balanced diet, such a meal will prove not only attractive and appetizing, but nourishing as well.

Contrary to popular belief, conservation of meals can be made even more appetizing and attractive than the meals whose menus lack individuality, which makes them most uninteresting.

A few recipes are given here to further the use of potatoes. Any recipe calling for the flour of still be used, substitute one cup of one-half potato flour for the wheat flour. Try this suggestion with your favorite cake recipe and be surprised and pleased at the splendid results.

Potato Bread.

- 1 1/4 cups mashed potato. 1 1/2 teaspoons salt. 2 tablespoons lukewarm water. 2 1/2 cups flour.

When the mashed potatoes are lukewarm, add the salt and the softened yeast and about one-fourth cup of flour. Mix well, cover and let rise until very light.

To the well-risen sponge, add the remaining flour and knead thoroughly. The dough should be very stiff, as it softens considerably in rising. Cover and let rise until double in bulk. Then add a loaf cover and let rise again until it has increased 2 1/2 times in bulk, then bake.

In measuring the potato, it should be packed solidly in the cup. More or less than the amount of flour given may be needed. Mashed sweet potato cooked cereal, or squash may be used instead of white potato in the above recipe. In making a substitute which has a marked flavor it is better to try the bread first with less than the amount given for potato, and more fluid. Rolls made of squash are very good.

Scalloped Potatoes With Cheese.

- Cold sliced potatoes. 3 tablespoons butter substitute. 3 tablespoons flour or 1 1/2 tablespoons cornstarch. 1 teaspoon salt. 1-8 teaspoon pepper. 1 cup milk. 1 cup water. 1 cup grated cheese. 3 cups bread crumbs.

Fill a pudding dish with the potatoes. Melt the fat; add the flour or cornstarch, salt and pepper, and stir until well blended; add the hot liquids and cook, stirring constantly until thick; then add the cheese. Pour over the potatoes, cover with the crumbs and bake in a moderate oven until the crumbs are brown.

Potato Nut Loaf.

- 2 eggs. 1 1/2 cup milk. 1/2 tablespoons cooking oil. 1 teaspoon salt. 1/2 teaspoon pepper. Paprika. 1 cup mashed potato. 1/2 cup ground peanuts.

Beat the eggs, add the other ingredients in the order given, and mix thoroughly. Place the mixture in ramekins or baking dish, set in a pan of hot water, and bake in a moderate oven.

Mount Joy High Wins

Mount Joy High School walloped the Olivet five of Manheim, at Mount Joy on Saturday night, by a score of 55 to 15. The winners completely outclassed their visiting rivals, got away to an early lead and held it throughout, making a decidedly one-sided game. DeLong, for the winners, scored almost as many field goals as the visitors did points, and he and C. Eshleman each tallied enough points to defeat the visitors without any assistance.

DeLong was the big scorer of the evening with 11 field goals and 7 out of 12 fouls, while C. Eshleman netted six and R. Eshleman five from the floor. For the Olivets, Miller was the high scorer with 7 out of 20 field goals, while F. Fry led from the floor with a pair of two-pointers. The lineup:

- Mount Joy High Manheim Olivets DeLong forward F. Fry C. Eshleman forward Hahn R. Eshleman centre R. Fry Garber guard R. Miller Dearbeck guard Rhoads

Field goals: DeLong 11, C. Eshleman 6, R. Eshleman 5, Dearbeck 2, F. Fry 2, Hahn, R. Fry. Foul goals: DeLong 7 out of 12; Miller 7 out of 20. Referee, O'Neill. Time of halves, 20 minutes.

Lost at Parkersburg

Parkersburg High School defeated the Mount Joy High School cage quintet in a close game at the former place by a score of 29 to 19. Mount Joy outscored the home team from the floor, but the foul shooting ability of the Parkersburg players carried them through to the win. The score:

- Mt. Joy Parkersburg DeLong forward Paxson Myers forward McCarty Eshleman centre Newlin Garber guard Newlin Dearbeck guard Murphy Dearbeck guard Glick

Field goals: DeLong 3, Myers 2, Dearbeck, McCarty 2, Newlin, Glick 2. Foul goals: DeLong 6 out of 11; Myers 1 out of 3; Eshleman 0 out of 1; Garber 0 out of 3; Dearbeck 0 out of 5; Paxson 4 out of 9; McCarty 1 out of 3; Newlin 4 out of 8; Murphy 1 out of 2; Glick 1 out of 3. Referee, Kalber.
