OUR DELIVERY SERVICE SEEMS QUITE PLEASING

It is remarkable how our citizens become bustling to fulfill the requirements of the postal authorities when they know that carrier service for their town was a certainty. A certain section of the town that deserves to be complimented is Poplar street. On this particular street the residents erected mail receptacles to the extent of 100 per cent. Every house but one (and that man has an office and gets his mail there) has erected a mail box. House numbers are being placed as fast as can be expected and while only about half of the houses have been assigned their numbers, the majority of those have already placed said numbers in position and we suggest that you sway from that ancient method of saying: "John Jones lives next door to so and so on the next street." Mr. Jones now lives at number 10 North Barbours street, if you please. Mr. and Mrs. Public please remember that we're the same people only we have taken a step toward progress.

WITH APRIL 1, HARD COAL TO DROP 50 CENTS

Philadelphia, March 4.—The usual Spring reduction of fifty cents a ton for anthracite coal beginning April 1 will again be put in force this year, according to a statement issued tonight by Wm. Potter, federal fuel administrator for Pennsylvania. The statement said that Mr. Potter had been informed by the National Fuel Administration that it had adopted a fifty cent discount and pro rata for five months to August 31, as has been the custom in the past.

HELP WIN THE WAR; BOY SCOUTS WILL EXPLAIN

The Boy Scouts of this place, are taking orders for Thrift and War Savings stamps. The young men will call on every resident of the town and it is earnestly hoped that every citizen will do his or her part by subscribing thru the Boy Scouts. The local mail carriers will later sell the stamps for the cards distributed by the Scouts and the work from there on will be done thru the postmaster. Be a patriot and do your bit.

INCREASED THE WEIGHTS ON PARCEL POST MAIL

There is an extension on the weight of parcel post mail to go into effect March 15. After that date the limit in weight of parcels will be 70 lbs. in the first, second and third zones and 50 lbs. in all other zones. At present the limit is 50 lbs. in the first and second zones and 20 lbs. in all other zones.

Think Well of Him

Rube Bennett, of this place, was given a great send-off in Saturday's issue of the Lancaster News-Journal, in reference to his ability as a boxer. In addition to a half column article there appeared a good illustration of the popular athlete.

The Right Idea

At a recent meeting of the Citizens Fire Company of Hummelstown it was decided to make the fire hose a social centre for all residents of the town who desire to spend their evenings there. Why not do the same thing here?

JNO. B. KRADY'S FINE FARM SOLD

IT WAS PURCHASED BY MR. FRED A. FARMER OF THIS PLACE—LARGEST PRIVATE SALE EVER MADE HERE

On Monday morning, Jno. B. Schroll, local real estate broker closed the largest private real estate transaction made in this neighborhood for some time. The sale included the exceptionally fine fifty-two acre farm and former nursery of Mr. John B. Keady, along the Manheim road, 2½ miles east of this borough. Mr. Fred A. Farmer, local representative of the John Deere Plow Company, was the purchaser. The new owner takes possession April 1st 1918. He will stock the farm and is now looking for a good tenant.

Mr. John B. Keady, has lived on this particular farm the past fifty-two years. At one time he was quite extensively engaged in the nursery business and thru his honest business methods, made a reputation for "seeds and nursery stock that grows." He has at present, on said farm, any kind of fruit and nuts that can be grown in this climate.

Although better physically than many men twenty years younger, his advanced age is responsible for the sale of this beautiful farm at this time in this section.

Mr. Farmer will make marked improvements about the place and when completed he will beyond a doubt have about the finest farm in this section.

While the terms of the sale were private, many concede that this is the biggest real estate transaction ever made in this section at private sale.

TIMELY DISCOVERY PREVENTS BAD FIRE

SPONTANEOUS COMBUSTION CAUSES A \$500 BLAZE IN ISAAC S. SEIGRIST'S MILL, IN WEST HEMPFIELD TOWNSHIP

The friction of a millstone in the flour mill of Isaac S. Seigrist, located in West Hempfield, Pa., in West Hempfield township, Tuesday night, caused a spontaneous combustion and fire, resulting in a loss of over \$500.

The fire was discovered by Isaac S. Seigrist, 14 years old, son of the owner of the mill, about 8 o'clock, and quick action on the boy's part probably saved the entire mill and its contents.

One of the millers which was in operation during the day, had become hot by friction, and when the mill closed for the day, the ground flour lying on the mill floor burst into a flame. When the fire was discovered by young Seigrist, it had spread considerably, but he quickly threw several buckets of water over the flames.

Mr. Seigrist had on hand in the mill about one thousand bushels of wheat and about a carload of flour. The fire was quickly extinguished and prevented a serious and heavy loss.

A Big Shoot at Marietta

One of the biggest live bird shoots ever held around here will take place at Marietta on Thursday, March 14th. The shoot will be held by Mr. Charles E. Humer, of that borough. Present state live bird champion Samuel Trafford, of Lebanon, who recently won the cup at Harrisburg, will meet Mr. Clegg, of Philadelphia, who lost the cup to the present holder, in a special match. In addition there will be several big sweepstakes events and there is every indication that a banner crowd will witness the shoot.

That Is Better

The Columbia Telephone Company has notified all its subscribers that beginning April 1st, it will render all bills to subscribers in exchange towns, by telephone rental, monthly in advance. All bills will be subject to a discount of 25 cents if paid on or before the 15th of the month. This is a good move and should be a present method of collecting three months in advance. Bills can be paid at the First National bank here.

The Big Game of the Season

The big game of the season in basketball will be played in the High School gymnasium in this place, on Friday evening, March 8th, Mount Joy High will clash with Palmyra High. Admission 20 cents.

FRANCESKA KASPER LAWSON CONCERT

A Great Musical Treat in Store for Mount Joy

The second number of the Red Cross Star Course will be given in the Mount Joy Hall, March 16, 1918 by Franceska Kasper Lawson of Washington, D. C.

Mrs. Lawson's splendid success throughout the South and East leads her to seek recognition in other localities. She has appeared before musical organizations of great prominence and educational institutions of high rank. She has been soloist with the Philadelphia Orchestra on several occasions and has been frequently re-engaged elsewhere. Mrs. Lawson has always been most cordially received and highly complimented on her ability.

It will be seen that a great treat is in store for the people of Mount Joy, who are fortunate enough to have secured seats for this concert. It is a rare thing for a person of Mrs. Lawson's fame and ability to appear before an audience in a town the size of Mount Joy.

There are a few seats yet to be had. If you have not secured one do not fail to do so at once. The entire proceeds of the Concert, less only actual traveling expenses will go to the benefit of the local Red Cross Society.

VERY GOOD NEWS INDEED

THE FIRST PIKE TO BE WIPED OUT IN THIS SECTION WILL BE THE ONE THROUGH HERE

Everybody around here will be pleased to learn of the following exchanges:

On April 1st the "Harrisburg Pike," as the Lancaster, Elizabethtown and Middletown turnpike is usually named, will become free of tolls—so it was decided a few days ago. The stockholders will get \$68,000 for it, half to be paid by the State and half by Lancaster County.

The next turnpike to be considered is the Lancaster and Willowstown. The stockholders of that road will meet a few weeks hence to fix a price. The Highway Department is anxious to have this turnpike freed, as it is the only toll road between Philadelphia and Lancaster.

When that road is secured condemnation proceedings will be started for the Lancaster and Susquehanna turnpike, between Lancaster and Columbia.

GOVERNMENT AUTHORITIES CLAIM ITS ILLEGAL

The United States Government has declared that the two-in-one American flag and service flag are illegal, and both the sale and wearing of them subjects the offender to arrest.

In Philadelphia on Monday many arrests were made. The Government maintains that the triangular insertion in the American flag of the service flag is a violation of the law forbidding the use of the flag for advertising purposes. The star or stars indicating army service is claimed, is an advertisement in army service, and as such in violation of the law as an advertisement for business purposes.
