WOMEN ASK FOR RATIONING PLAN

American Women Volunteer to Buy Fixed Amounts of Meat, Bread Flour, Sugar and Butter.

PLAN STARTED IN NEW YORK.

Idea Supplements U. S. Food Administration's New Home Card Now in 10,000,000 Homes.

The women of America, who are anxious to do their great part in the winning of the war, are now, as a whole, familiar with the most important aspects of food conservation. The Home Card, both in its original form and in the revised edition for 1918, which provides for two wheatless days, one meatless day a week, in addition to a wheatless meal every day, has been placed by the Food Administration after a vigorous campaign in 10,000,000 American homes. An intelligent and conscientious observance of the Home Card's requirements is all the Food Administration asks of the housewives of the country.

The Food Administration has had a great many requests, however, particularly from the homes of the well-to-do, that it should issue a working out plan for a voluntary system of rationing. This desire for a voluntary rationing springs from two causes—first, because it is far simpler for the housewife to save food when she has a concrete working plan by which to proceed, and, second, because the loyal women of America desire, unselfishly, to put themselves on the same basis as the women of the Allied countries. The ration proposed by the Food Administration is almost the same as that adopted in England for voluntary observance. All over the United Kingdom, in hundreds of houses there hangs in the front window a card with the stirring pledge, "HONOR BOUND WE ADOPT THE NATIONAL SCALE OF VOLUNTARY RATIONING."

The ration recommended by the Food Administration, and adopted first in New York city, whence the idea has spread through the entire country, is the following:

Table with 2 columns: Item and Weekly Allowance Per Person. Items include Meat-Beef, Butter, Cooking Fats, Wheat Flour, Sugar, and various oils. Allowances range from 1/4 lb to 1 lb.

There were 122 cases of rabies reported in the State last year and 67 persons were bitten. Inspection work to control the white pine blister rust is under way by the Pennsylvania Department of Agriculture in co-operation with the United States Department of Agriculture. Last year the work was especially successful in preventing spread of this threatening disease of the pine. Thousands of posters in colors showing various stages of the disease are being distributed.

ATTENTION, MOUNT JOYITES

Everybody Asked to Observe Pledge Week for the Purchase of War Stamps

The governor of Pennsylvania has set aside the week from May 13 to May 18 as Pledge Week for the purchase of War Stamps. In that time every home in Mount Joy will be visited by an authorized committee to secure pledges. Mount Joy's quota is \$44,000 on a population of 2,200 at \$22 per citizen. To date Mount Joy is the lowest in rank of all the boroughs of the county with a per capita purchase of \$2.37. Nevertheless, Chairman Mylin has the greatest confidence that Mount Joy will pledge her quota during pledge week. Why should you buy them? The main reason for the purchase of War Savings Stamps is because your Country is at war. Your Country needs every penny which every man, woman and child can save in order to buy the food, the clothing and the equipment of the soldiers and sailors of America and to win this righteous war in defense of American honor and the cause of democracy throughout the world. If we are to win the war, we must win it as a United people. The savings of every man, woman and child are necessary if we are to hasten the victorious ending of the war.

War Savers are Life Savers. A single strand in the cables of the great Grand Suspension Bridge is every strong, but thousands of these strands bound together uphold one of the great thoroughfares of the country. When our fathers and sons and brothers were called by our country to take up arms in her defense. You did not hear an individual soldier refuse to serve because his service alone would not win the war. Each man was ready to do his part. The great army thus formed is going forward to face the fire of battle and to risk, everything for the safety and security of our homes and our families and for the very existence of our country. Those are the men for whom you are asked to save and lend your dollars to a country worth fighting for. To save a country worth fighting for. To save a country worth fighting for. To save a country worth fighting for.

COMMENCEMENT HELD AT MAYTOWN

TWENTY-THIRD ANNUAL EXERCISES WERE VERY WELL ATTENDED IN THE BAND HALL ON WEDNESDAY EVENING

The twenty-third annual commencement exercises of the Maytown High School, Wednesday filled Band Hall, Maytown, to overflowing. Every seat in the place was taken, and considering that the class this year was smaller than for many years, it made no difference with the attendance. The stage was very beautifully decorated with potted plants and flowers, and the color scheme of the class, brown and white, with the class flower, brown-eyed daisy, was worked out to perfection. Above the stage in the colors was the class motto, Non vespera, sed mane. On the platform were seated the graduates, the teachers, board of education, clergymen and the speaker of the evening.

The program opened at 8 o'clock with a professional march, after which Rev. Alfred Sutcliffe, of the Lutheran church, offered prayer; chorus, "Song of Spring," High School; salutatory oration, "Washington or Frederick the Great," Paul Stover. After welcoming the audience, the salutatory went into detail of these great men, and told of their failures and successes in life. The oration was a very interesting one. Recitation, "Geneva," Ethel Engler; piano solo, Edith M. Childs; taledictory oration, "The Menace of Pacifism," George Housaer; presentation of diplomas, Principal, John A. Campbell; piano solo, Miss Mary Heisey; address, Rev. George W. Richards, of Lancaster. Rev. Richards stated that he was very much pleased to be in Maytown, to have the honor of addressing these fine young men and women, and spoke on the topics of the day. His address, while lengthy, was very interesting and gave much advice to the graduates. Following his remarks, the High School rendered "Come Where the Fields are Beaming," and Rev. William J. Stover, of the Reformed church, pronounced the benediction. Those in the graduating class were Paul Stover, president; Esther Houseal, secretary; George Houseal, Ethel Engler, D. Kerr Endslow, Edith M. Childs, Monroe Garber. The board of directors were M. R. Hoffman, president; Abram Groves, Amos F. Eby, C. C. Keiser, John S. Simons. The faculty consists of Prof. John A. Campbell, principal; Miss Anna M. Keady and Verna F. Peck, assistants. The twenty-third commencement exercises were pronounced the most successful ever held, and was an honor on the faculty of the school for their hard work. Who Wants a Home?
