CRAP SHOOTER INDULGES IN A SHOOTING BEE

A shooting affair, occurred last Saturday night at the J. E. Baker quarries, Billmeyer. The man who did the shooting is under arrest, and the two men he shot were treated in the Columbia Hospital. One of them, seriously wounded, is still in the institution. A number of colored men were engaged in a game of craps, one of the participants being John Woods, a negro from Virginia. A dispute arose over money, and Woods, who was under the influence of liquor, drew his revolver and fired into the crowd. The shooting took place in front of a boarding house where Woods lived. One bullet struck Howard Anderson in the right arm, inflicting an ugly flesh wound. While the shooting was in progress William Lindsay, also colored, was stepping out of his house near by and a bullet struck him in the stomach. He dropped to the ground, and it was at first supposed he was fatally hurt. A physician was summoned and after treating the man ordered his removal to the Columbia Hospital. At the institution here his wound was dressed, and if no unforeseen complications arise, he is expected to recover. The shooting was taken to the Columbia Hospital and had his wound dressed. Woods, after the shooting, went to his room on the second floor of the boarding house. Soon after the shooting, Constables V. Rogers and Harry H. Hickey, of Columbia, who had been summoned to Billmeyer to make another arrest, arrived at the place. Being informed of the shooting, they went to Woods' boarding house and entered. Going to the negro's room they found his standing there with revolver in hand. He was in a dangerous mood, but the officers immediately seized and secured the revolver and handcuffed him after a struggle of about five minutes. When taken to the office of the company he admitted the shooting.

MANY HEAR EXCELLENT SERMON BY REV. SPEAKMAN

Last Sunday, the one before the National Memorial Day, Lieut. Nissley Post G. A. R. accompanied by Camp No. 74 Sons of Veterans, General Cameron Council, Patriotic Americans and Troop 2 Boy Scouts of America, attended Divine service in St. Luke's Episcopal Church, when the rector, the Rev. H. D. Speakman preached a historical and memorial sermon, which was listened to with interest and attention by the large audience. He also referred to the splendid heritage of honor possessed by the Sons of Veterans; the making of a glorious citizen by the Patriotic Americans and the high ideals of a pure and glorious manhood as taught the Boy Scouts, who are rendering efficient patriotic service not only at home, but also in England and France. The speaker closed with the recitation of the beautiful memorial poem, "The Blue and the Grey." The church, which is of pure Gothic architecture was beautifully decorated with many flags, not only the Stars and Stripes, but also those of our allies. Standards of all these were also carried in the choir procession creating an impressive scene. This decoration was done by the Messrs. Brown Brothers. The ladies of the Guild made the Altar and the choir carried in the arrangement of magnificent flowers. The fine music was under the direction of Mr. Thomas Brown, Sr., the choir master and Miss Elsie Battye presided at the organ.

MEMBERS OF THE CHRISTNER FAMILY ARE TRUE PATRIOTS

Mrs. A. H. Christner of this place received a cablegram that Mr. Christner's father died, which was quite a shock. He had only had a letter from him a few weeks ago, which stated that he was very busy. He was a contractor in Switzerland and had a large government contract to build temporary hospitals for the wounded soldiers who pass through there. His home, which is very large he gave over to the government as a hospital. He and his two daughters acted as nurses for those who stopped over there. He served several years as mayor of the town he lived in and was very well known all over Switzerland. His family like himself is very patriotic. Word has been received that his son, Ernst, who was an officer in one of the Southern Training Camps, arrived safely in France. This son only being in this country three years ago was an architect in Lancaster for some time and in May accepted a position in Chicago where he enlisted in Switzerland. He made an excellent flier. The married sons are all in the service, not in active service but guarding the frontier of Switzerland. One daughter in New York is private secretary to the Council of Belgium and also does a great deal of personal work for the Minister of Belgium. And on a former occasion was present at a meeting translating in the presence of President Wilson and the Minister of Belgium. Mr. Albert Christner, himself is at present employed in Philadelphia helping Uncle Sam build ships.

DON'T LET THEM FLEECE YOU.

If You Must Sell Your Liberty Bonds Do It Thru a Bank. Just as there is always some one taking the joy out of life, so there is always a new breed of rascals springing up like mushrooms at every emergency ready to relieve his fellowman of his hard-earned savings. In their patriotic desire to serve their country, thousands of poor persons have within the past twelve months, and for the first time in their lives, bought Liberty Bonds. Now, many of these persons, for one reason or another, find themselves in need of funds and compelled to sell. Apparently unaware of the broad and ready market and the maximum quotations advertised by the Philadelphia and New York Stock Exchanges with their quotations published every day in the newspapers, the needy patriots, attracted by the lure of "ready cash" for bonds and subscriptions, which has lately been extensively advertised, are induced to sell their \$50 Liberty Bonds for \$45 or \$100 for \$90. The market ranges from 96 1/4 to 100, according to the issue. It is a pretty despicable type of mankind that will thus play upon the credulity and ignorance of his fellowman. The public is warned that there is a standard price for every issue of Liberty Bonds and that sales should be made only through banks or trust companies or well-known banking or brokerage houses.

FARMERS' INSTITUTE

The County Board of Farmers' Institute Managers, will meet at the County Commissioners' office on the second Tuesday of June, to arrange for the place where Institutes are to be held this season. One of our people who desire Institutes, ought to attend this meeting and present their claims. This Board is composed of the Local Members of the State Board of Agriculture, and one representative from each County Agricultural Society, the Pomona Grange, County Alliance and other kindred organizations. If you and that you cannot order goes into effect Saturday, June 1 and retroactive to Jan. 1st, 1918. It will cost the railroads more than \$200,000.

WERE GIVEN A RAISE

The general pay of all railroad employees throughout the United States was increased to nearly 2,000,000 men by Director General McAdoo. The new order goes into effect Saturday, June 1 and retroactive to Jan. 1st, 1918. It will cost the railroads more than \$200,000.

It's the Buttermilk. That's what growing chicks need to get the right start. It's what you need to raise all you hatch. The lactic acid in the buttermilk strengthens the sensitive digestive organs, the combination of wholesome grains, balanced just right for baby chicks, helps them grow steadily bigger and sturdier. Conley's Buttermilk Starting Food is different from all others. It's the original chick food with buttermilk in it. Costs 25c per chick for those critical first eight weeks. Conkey's Rump Remedy is an effective preventive measure against this deadly contagious disease. World famous for treating ropy birds. Send for a FREE QUICK HATCH CONKEY'S RUMP REMEDY. H. W. Make it a Record Breaker. The great year has begun. American farmers are at work on the most important thing in America—the 1918 crop. In spite of the scarcity of labor and power, this crop must be a record breaker. How can its success be assured? By making every acre produce all it can—more than ever before. And that can be done only by proper fertilizing. You have or can get, stable manure. You have power and help enough to spread that manure in a top dressing on every acre you plant. All you need now is a Low 20th Century Manure Spreader. This is an easy running, light draft, wide spreading machine. It saves labor. It saves time. It saves fertilizer. It increases crop yields. With a 20th Century you can make every acre produce to its limit. Use it for top dressing. It spreads so wide that it dresses three rows of corn at once. It spreads evenly because it gives the manure a double beating, breaks it up into small pieces, and spreads it out beyond the rear wheel tracks. Three sizes—small, medium and large—all light draft machines with narrow boxes. The size you buy will do just the kind of spreading your soil needs to make it produce bumper crops. Telephone your order, or come in and get a 20th Century spreader. We can make immediate deliveries. H. M. Baer & Son SALUNGA, PENNA. Only About Half the Steer is Beef. Live Weight 1200 pounds. 100%. Dressed Weight 672 pounds of Beef. 56%. When Swift & Company buys a steer weighing 1200 pounds, only about 672 pounds goes to market as beef; the other 528 pounds consists of hide, fats, other by-products, and waste. When the packer pays 15 cents a pound for a steer, he sells the meat to the retailer for about 24 cents. But the packer gets only about 6 cents a pound for the other 528 pounds. This means that the packer gets about 16 cents a pound for all the products from a steer for which he pays 15 cents. The difference of 1 cent per pound covers the cost of dressing, preparation of by-products, freight on beef to all parts of the United States, operation of distributing houses, and leaves a net profit of only about 1/4 of a cent per pound on all dressed beef sold. Large volume of business and utilization of parts that were formerly wasted, make this achievement possible. Year Book of interesting and instructive facts sent on request.
